8th Annual Catalogue

ISSUED BY

ZIMMERMAN SEED CO.,

J. S. ZIMMERMAN, Prop'r.

623-625 Quincy St.,

TOPEKA, KANS.

Vegetable Garden Seeds.

All our Garden Seeds are grown for us, under special contracts, by the most experienced growers in the world. We handle only the BEST QUALITY. Our seed is planted yearly by the foremost Gardeners.

Flower Garden Seeds.

You will find them fresh, of strong germination, Our mixtures contain the finest varieties. For beautiful flowers, plant our seed—none better.

Field and Farm Seeds.

We are in the heart of the great farming section; have unexcelled facilities for handling field seeds; have the most modern seed-cleaning machinery and hold the trade of the most progressive and substantial farmers.

Roses, Plants and Shrubs.

Our assortment under this head will be found most complete. Strong stock and reasonable prices.

Poultry and Bee Supplies.

All the best quality and standard goods. Not the cheapest, perhaps, but THE BEST.

READ THE FOLLOWING CAREFULLY:

HOW TO ORDER Be sure to SIGN YOUR NAME, POST-OFFICE, COUNTY and STATE and, if possible, use one of our order sheets and envelopes. Cash must accompany all orders, and money should be sent by Post-office order, Bank draft, Express order or Registered letter; small amounts will be accepted in postage stamps, providing you cannot send anything else. Do not send money loose in a letter without registering, it is not safe and, if lost, we are not responsible for it. Silver coin should be sewed or pasted in cloth or pasteboard to prevent its breaking through the envelope.

FREE BY MAIL We pay the postage on all orders sent by mail, at the prices named in the catalog. This brings them to the door of our customers, without trouble or expense.

EXPRESS AND FREIGHT On articles ordered sent by Express or Freight, the transportation charges must be paid by the customer, on receipt of the goods; when ordering always say whether goods shall be sent by Express or Freight and give plain shipping directions. Seeds are carried by express companies at 20% less than merchandise. When seeds catalogued at postpaid prices are sent with an express or freight shipment, we deduct the postage, which will reduce the cost of; packets 1c; oz 1c; $\frac{1}{2}$ lb 4c; lb 8c; $\frac{1}{4}$ lbs 8c; qts 15c.

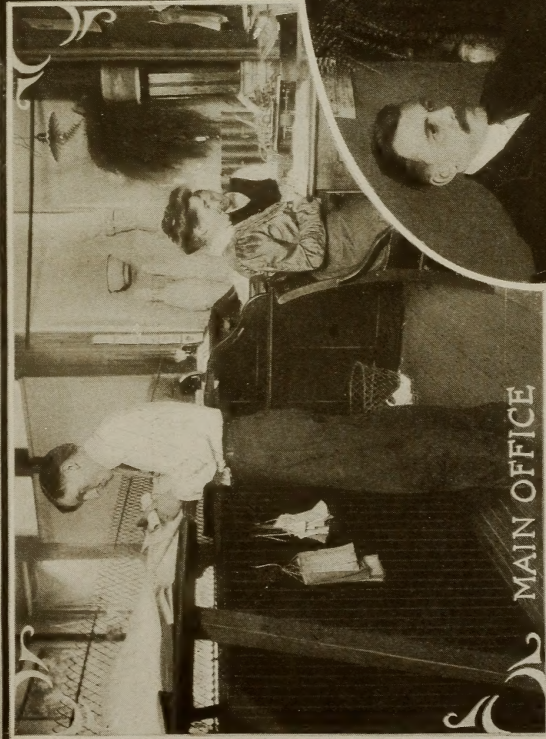

TESTED SEEDS All our seed is thoroughly tested and nothing sent out which we do not believe to be of good quality.

OUR GUARANTEE We guarantee that all seeds and other goods sent out by us will be fresh and of good quality, and if, upon arrival, they are not satisfactory, they are to be returned to us at once. We cannot guarantee crops and will not be held responsible for them or for any liability except as stated in this paragraph.

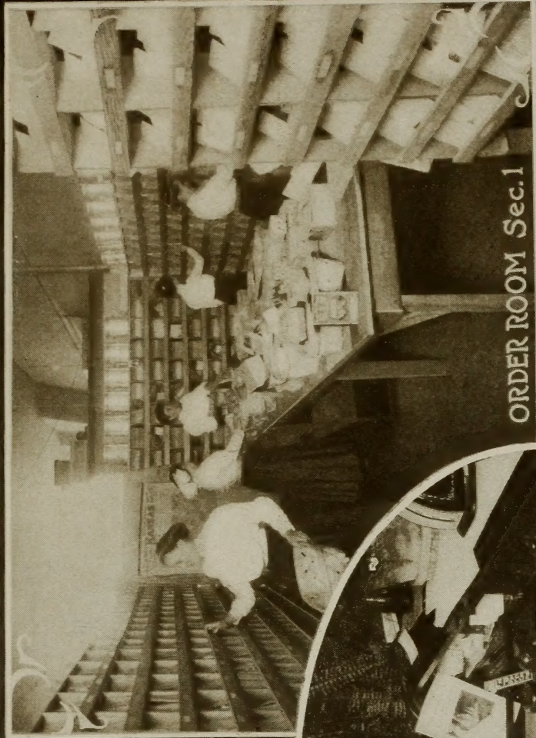

OUR CULTURAL BOOK Gives plain directions for the cultivation of garden, field and flowers and is sent FREE with an order amounting to 50c or more, provided you ask for it.

NOTICE!

My Beans, Peas and Sweet Corn are put up in
DRY MEASURE Pints and Quarts, about $\frac{1}{2}$ pint per
quart more than the common measures generally
used.

SEED CLEANERS
AND GRADERS

Topeka, Kans, Jan. 1, 1910.

My Dear Friends:

In presenting my 1910 Catalogue, I wish first of all to express my sincere thanks for the kind patronage given me. Every year since I first started this business, I have been compelled to double my facilities for filling orders until to-day I believe I have the largest mail-order seed house in the West.

This has been accomplished without the aid of any "catch-penny" schemes, cheap premiums, alleged "novelties", etc. My motto has been and always will be; "The Best Goods Possible to Secure, Accurately Described, A Dollars worth for One Dollar and A Square Deal All Around."

I wish you could pay me a visit and see the perfect system I now have for filling orders: Every detail is carefully looked after--every order checked and re-checked that no mistake may be made. Your order will receive the most careful attention, whether it amounts to 5 cts or \$500.00.

If you could actually see these things and understand that the seed offered in this catalogue was grown especially for me and my trade; if you could know the high quality of my goods as I know it, there would be no question but what you would send your order to me. But I am compelled to depend upon this catalogue to sell my goods, and I want to say right here; if there is a false statement or a mis-representation of any kind in this book, I do not know it, and I wrote every line in it from cover to cover.

As to my reliability; I simply call your attention to the statements, on the following page, from my bankers and the Topeka daily papers, people with whom I have dealings almost every day in the year. It is un-necessary for me to say more.

I trust you will look through this catalogue carefully and send me your order, which will be appreciated and filled to your entire satisfaction.

Yours sincerely,

J. Zimmerman.

October 20, 1909.

To Whom It May Concern.

We take pleasure in saying that the Zimmerman Seed Company, of this City, have been valued customers of this bank for many years. We believe them to be thoroughly reliable and that any business entrusted to them will receive prompt and careful attention.

Respectfully,

Cashier.

Loss of life and property.

A REMARKABLE ACHIEVEMENT

The Growth of the Zimmerman Seed Co. Wonderful Indeed.

A few years ago there was a man who lived on the West side in Topeka, who knew something of the seed business and thought he saw a market in the Southwest for good, reliable seed products. First of all he was honest and believed in giving full value for all he received. Furthermore he had faith in printers' ink and believed in letting people know who he was and what he had to offer them.

So as a matter of experiment, yet with confidence in his proposition, he inserted a few ads in different publications and prepared a few packets of seed for prospective purchasers. He sold a few the first year, and while results were not as glittering as they might have been, he saw great possibilities—and persevered.

That man was James S. Zimmerman, present head of the Zimmerman Seed Co. This firm now occupies two numbers, 623-625, on Quincy street, put out one of the best seed catalogues in the country, and send out hundreds of dollars' worth of orders where only a few years ago, it was cents' worth. Bee, dairy and poultry supplies have been added to their equipment. They employ a large force of people day and night during the shipping season, and do, in all probability, a larger business each season than any other concern operating a like business in the Southwest. Time and again they have been forced by the pressure of increasing business to enlarge their facilities, but even now though they have but recently doubled their capacity, they can scarcely take care of their orders.

Honest, fair dealing and faith in and judicious use of printers' ink have made this achievement possible. And today the Zimmerman Seed Co stands out as one of the foremost of Topeka's self-made, successful business institutions.

ably having difficulty with the heavy snows between here and the Kansas state line.

A GROWING BUSINESS.

A Topeka Seed House Has Become One of the Largest of Its Kind in the Country.

Seven years ago J. S. Zimmerman started in a small way a seed business over on Twelfth street in the old Betnet flats. While his start was inauspicious his ideas were large. It was his ambition to give to the southwest the best seed house in the United States. To do this it was necessary to build up both a large mail order and local business. This idea being fully conceived, Mr. Zimmerman started along these lines, laying special stress at first on the mail order business.

Seven years of hard work, combined with honest dealings and judicious handling of the business has brought results. Each year the business of Zimmerman Seed Co. has been doubled. The Zimmerman Seed Catalogue of which 25,000 were sent out this year is one of the best seed catalogues published. Today this house occupies the entire floor space at 623-625 Quincy street and a large working force is kept busy night and day during this busy planting season filling mail orders and waiting on the local trade.

Mr. Zimmerman has seen fit to add to the seed business a line of poultry, bee and poultry supplies.

It is safe to say that the Zimmerman Seed house is the most completely equipped house of its kind in the southwest, and Mr. Zimmerman feels that he is well on the way toward the realization of his ambition. Topeka is proud of this great mail order house. Topeka Kan—Topeka Will.

SP

ZIMMERMAN'S Tested Garden Seed

IN the following list will be found the leading STANDARD and RELIABLE varieties. We have some NEW varieties, which we offer at reasonable prices. We don't deal in Fancy Pages filled with so-called "novelties." All OUR seed is tested. "None better at a higher price; none as good at a lower price."

ARTICHOKE. **GREEN GLOBE**—The favorite from seed. Scales pale green, shading to violet at the base; thick and fleshy. Esteemed for its large flower buds. Pkt 5c., oz 30c., $\frac{1}{4}$ lb \$1.00, postpaid.

ASPARAGUS.

PALMETTO—The earliest, finest and best variety. Strong and vigorous in growth; very rich and tender when cooked. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 30c., lb 50c., postpaid.

CONOVER'S COLLOSSAL—An extra large, quick growing variety; stalks frequently measure over one inch in diameter. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 15c., $\frac{1}{2}$ lb 25c., lb 40c., postpaid.

ASPARAGUS ROOTS. Strong roots of the above varieties: 25c per doz, \$1.25 per 100 by mail postpaid. By express, 1 yr old: 250 for \$1.40, 500 for \$2.50, 1,000 for \$4.75. 2 yr old: 250 for \$1.60, 500 for \$3.00, 1,000 for \$5.00.

We do not advise shipping Asparagus roots by freight as they are liable to be delayed.

BEANS—Dwarf Green Pod

STRINGLESS GREEN POD—Combines rare qualities possessed by no other. It is entirely stringless, unusually hardy, very early and productive. Pods are ready for market some two weeks earlier than other beans. Pods are a rich green, round, meaty, straight, tender and of fine flavor. It is the only absolutely stringless green pod grown and is of the highest value, not only to the market gardener, but the home garden as well. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 70c., peck \$1.30.

GIANT STRINGLESS VALENTINE—Resembles the old Valentine, but pods are larger. They are very early, of fine quality and generally stringless. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 75c., peck \$1.40.

IMP. EARLY RED VALENTINE—A great favorite. Is tender, extra early and very productive. We have an extra choice stock of this fine bean at a low price. Per pkt 5c., $\frac{1}{2}$ pt 10c., pt 20c., qt 30c., postpaid. By express or freight, qt 15c., 4 qts 55c., peck \$1.00.

STRINGLESS GREEN POD.

ROUND YELLOW SIX WEEKS—The earliest of beans and is superior to the old Long Yellow Six Weeks, being round, more meaty and of excellent flavor. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 70c., peck \$1.30.

WHITE MARROWFAT—A very large oval bean. Shells green or dry. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 70c., peck \$1.30.

WHITE KIDNEY—The old favorite "succotash" bean. With new sweet corn, this bean makes a delicious dish. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 70c., peck \$1.30.

REFUGEE or 1,000 to 1—Of vigorous growth and the heaviest yielding green-podded bean; thick and fleshy. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 70c., peck \$1.30.

Remember we pay the postage on pints and quarts. Your prices low, considering the High quality of our seed

EARLY RED VALENTINE.

BEANS--Bush Limas.

We offer the two greatest varieties of Bush Limas. All fresh, new crop,

HENDERSON'S—The earliest Lima Bean. Is not so large as the Burpee, but much earlier. They are very productive and grow in compact form, without poles or stakes, and produce large crops of delicious beans which are easily gathered. What they lack in size they make up in earliness, hardiness and continuous productiveness. They are 10 days ahead of any other lima bean. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 75c., peck \$1.40.

BURPEE'S—The leading Lima Bean. Grows 18 to 20 inches high, forming a circular bush over two feet in diameter. Requires no poles or stakes and is a tremendous yielder. The pods are of large size and produce 3 to 4 mammoth beans. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 75c., peck \$1.40.

BEANS Dwarf Wax Podded. My stock of beans is fresh, new crop.

ZIMMERMAN'S STRINGLESS WAX.

Zimmerman's German Wax.

We have here a very select strain of German Wax Bean and have received many letters from Gardeners over the country complimenting the superior quality of our strain of German Wax Beans. They all pronounce it the earliest wax bean in cultivation and one of the very best. The pods are a beautiful golden waxy color; of good size round, slightly curved, meaty, tender, and of the highest quality and stringless. It is very productive and cannot be excelled as a home or market bean. Pkt. 5c; $\frac{1}{2}$ pt. 12c; pt. 20c; qt. 35c; postpaid. By express or freight, qt. 20c; 4 qts. 75c; peck, \$1.40.

DWARF BLACK WAX—An old favorite and popular in many sections. Same price as German Wax.

WARDWELL'S KIDNEY WAX.

Zimmerman's Stringless Wax.

This new Bean promises to be a great accession to gardeners, and to take a place among Wax Beans like the Burpee's Stringless Green Pod has among the Green Pods. The pods are round, absolutely stringless, very tender and meaty and of the finest flavor. Our growers have been working on this Bean for ten years, and we believe have it as near perfection as is possible in a bean. The plants are large, without runners and are filled with fruit-laden branches, producing the crop very early in the season. Owing to its being of such fine flavor, so tender and brittle and at the same time so prolific, it is bound to be in great demand with gardeners. Our growers say they have never yet found anything to compare with it. As before stated, the pods are absolutely round and a rich yellow color, while the bean itself is a purplish color, being entirely different from anything yet offered in the bean line. We want you to try it and the price is right. Pkt. 5c; $\frac{1}{2}$ pt. 15c; pt. 25c; qt. 40c; postpaid. By express or freight, qt. 25c; 4 qts. 80c; peck, \$1.50.

Don't fail to order this grand bean. It will please you.

ZIMMERMAN'S GERMAN WAX.

Wardwell's Kidney Wax.

This is one of the best known wax beans and is a favorite everywhere, especially with Market Gardeners. It is one of the earliest and most productive of beans. The pods are long, showy, very tender stringless and of most excellent quality. Pkt. 5c; $\frac{1}{2}$ pt. 12c; pt. 20c; qt. 35c; postpaid. By express or freight, qt. 20c; 4 qts. 75c; peck \$1.40.

IMPROVED GOLDEN WAX—In spite of all the new sorts of beans being introduced every year, our trade calls for more Golden Wax. This great popularity is due largely to the fact that the variety we have is a great improvement on the old Golden Wax, having larger pods and being more prolific. This improved stock is one of the handsomest beans we have ever seen, the pods a dark rich golden yellow color and of perfect shape. Pkt. 5c; $\frac{1}{2}$ pt. 12c; pt. 20c; qt. 35c; postpaid. By express or freight, qt. 20c; 4 qts. 75c; peck \$1.40.

DAVIS WHITE WAX—Very productive, bearing large, straight, handsome pods in great abundance. Pods are 5 to 6 inches long and almost without flesh. It is a good shipper, fine for canning, as it does not discolor; the dry beans are large, pure white and fine for winter use as shell beans. Pkt. 5c; $\frac{1}{2}$ pt. 12c; pt. 20c; qt. 35c; postpaid. By express or freight, qt. 20c; 4 qts. 75c; peck \$1.40.

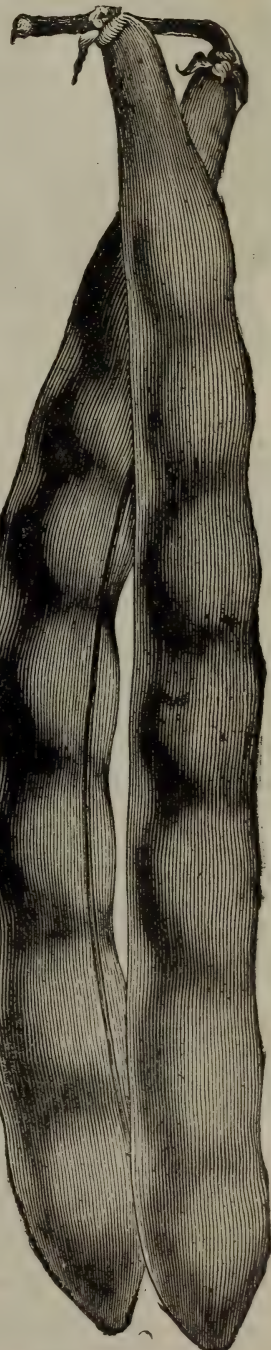

CURRIE'S RUST PROOF WAX.

Currie's Rust Proof Golden Wax Bean.

A decided improvement over the old Golden Wax. It produces an enormous quantity of beautiful, long, bright pods, clear, transparent color and of delicious flavor. Our tests have shown it to be entirely rust proof. It is especially valuable on account of its heavy bearing qualities. The stock we offer will be found to be the highest possible quality. This is one of the earliest, finest and most prolific of Wax Beans.

High rich flavor and fine for both home and market. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c. postpaid. By express or freight, qt 20c., 4 qts 75c., peck \$1.40.

KENTUCKY WONDER.

POLE BEANS.

Prices: Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 75c., peck \$1.40.

KENTUCKY WONDER—I consider this one of the best and most profitable beans grown. The pods usually measure over 7 inches in length and are so filled with large meaty beans that they are greater in width than breadth. They are of the finest quality entirely stringless and will bear heavily the entire season. There is no better bean on the market than the Kentucky Wonder and my stock is selected with great care. Be sure to try this grand bean.

LAZY WIFE—Pods six inches long, produced in great abundance; broad, fleshy and entirely stringless; possess a rich buttery flavor when cooked. As a shell bean for winter they have few equals and no superior.

CUTSHORT or Cornhill—This is an old and very popular variety for planting among the corn. In some sections it is used almost exclusively, many persons desiring no other. The pods are short, round and very tender; beans nearly oblong.

KING OF THE GARDEN, LIMA—The largest, finest and best pole lima bean grown. The pods are of enormous size and produce 5 to 7 large beans to the pod. Market gardeners can secure a more ready sale and better price for this variety than any other, on account of its large size coupled with superior quality.

EARLY GOLDEN CLUSTER WAX—Begins to bear early in July and continues until frost. Pods are 6 to 8 inches long, borne in clusters of 3 to 6 and are of a beautiful golden yellow color, and the flavor is delicious. Can be used either as a string bean or shelled.

GOLDEN TANKARD.

MANGEL WURZLE AND SUGAR BEET

Price any of the following, oz 5c.; $\frac{1}{4}$ lb 15c.; $\frac{1}{2}$ lb 20c.; lb 30c., postpaid. By express or freight, 5 lbs and over at 20c per lb.

GOLDEN TANKARD—Best yellow Mangel in cultivation. Contains more sugar and less water than any other variety and it is claimed stock will pick this variety from others. Very hardy and will yield 25 tons per acre.

LONG RED—Roots grow to an enormous size and are fine for stock.

MAMMOTH PRIZE—Sometimes called Norbitt Giant, Jumbo, etc. Is a mammoth variety and grows about two-thirds out of the ground. Single roots have weighed 25 pounds.

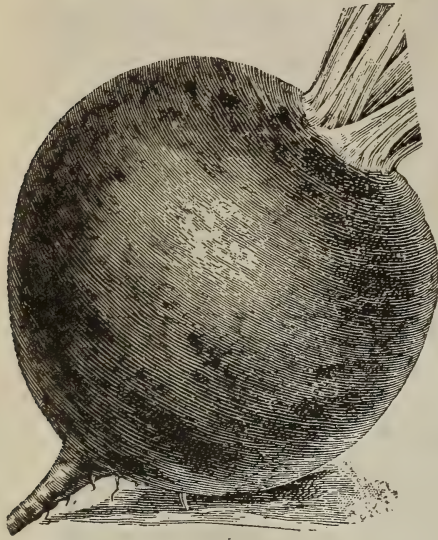

LARGE RED GLOBE—Very productive and a good keeper. Is large, round and better adapted to shallow soils than the long varieties.

IMPROVED WENZLEBEN SUGAR—Is the best beet for the manufacture of sugar. Root is conical, straight and even; large at the head and tapering. Exceedingly hardy and easily pulled.

LANE'S IMPERIAL SUGAR—Very popular and productive sugar beet. Contains a large per cent of sugar and is one of the best for stock.

GARDEN BEETS.

I offer a select lot of Garden or Table Beets, having cut out all doubtful varieties. My seed is all thoroughly tested.

ELECTRIC BEET.

ZIMMERMAN'S ELECTRIC—The earliest of all and one of the very best. We have brought up our Electric Beet to where it easily leads all other early beets, being always in the market several days ahead of any other. If you have been planting some variety claimed to be the earliest, just sow some of our Electric along beside the other and have your beets earlier than ever before. It is remarkably tender, sweet and free from tough fibre. A very rich dark crimson color making it a perfect early beet. Pkt. 5c; oz., 10c; $\frac{1}{4}$ lb., 20c; $\frac{1}{2}$ lb., 35c; 1 lb., 60c, postpaid.

EARLY ECLIPSE—Small tops of dark, purplish green. Beets are perfectly smooth, round, and intense blood red flesh and skin; sweet and tender. Pkt. 5c; oz. 8c; $\frac{1}{4}$ lb. 15c; 1 lb., 50c, postpaid.

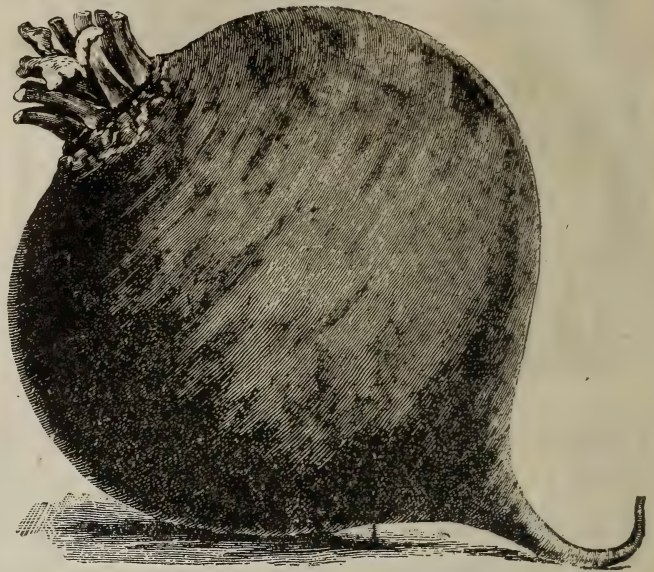

EXTRA EARLY LENTZ—Early as the Egyptian, large and of fine quality. A good keeper, sweet at all times and is light red. Pkt. 5c; oz. 8c; $\frac{1}{4}$ lb. 15c; 1 lb. 50c, postpaid.

DEWING'S IMPROVED BLOOD—A fine turnip beet and grows to a large size. The flesh is deep blood red and of good quality. Pkt. 5c; oz. 8c; $\frac{1}{4}$ lb. 15c; 1 lb. 50c, postpaid.

CROSBY'S EGYPTIAN—Is an improvement over the Old Egyptian and is of excellent quality. Deep red, almost black in color. Pkt. 5c; oz. 8c; $\frac{1}{4}$ lb. 15c; 1 lb. 50c, postpaid.

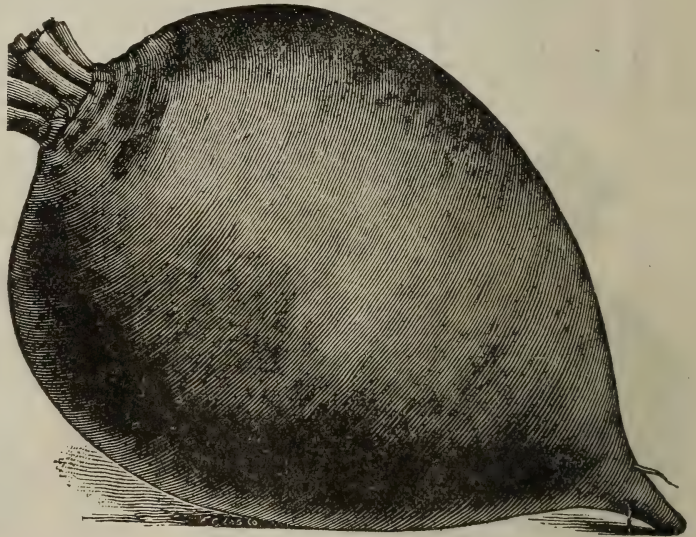

EXTRA EARLY EGYPTIAN—The old popular variety and still claimed by many to be the earliest. Pkt. 5c; oz. 8c; $\frac{1}{4}$ lb. 15c; 1 lb. 50c, postpaid.

HALF LONG BLOOD—A standard summer and autumn beet and superior to the old Long Blood. Always sweet and tender. Pkt. 5c; oz. 8c; $\frac{1}{4}$ lb. 15c; 1 lb. 50c, postpaid.

EDMAND'S BLOOD BEET.

EDMAND'S BLOOD TURNIP BEET—Has short top; is round and smooth; flesh a deep blood red, very sweet and tender. It grows to a good size and very regular. One of the best for market and table use. Pkt. 5c; oz. 8c; $\frac{1}{4}$ lb. 15c; 1 lb. 50c, postpaid.

MARKET GARDENER'S BEET.

MARKET GARDENERS' BEET.

This is undoubtedly one of the best ever introduced. As it will be noted by engraving, it is very symmetrical, with small tap root and but few fibrous roots. Unusually small tops. Although on some soils the Egyptian can be marketed a few days before the Market Gardeners, still within a week it will be found larger than the Egyptian; while it continues to grow until late in the fall, attaining a large size, and making a good eating and selling beet for the winter. One sowing only is necessary to produce early beets for market and main crop for winter use, which is not the case with any other variety. Color, deep blood red; fine grained and unsurpassed in quality. Summing it all up, we find in it the best beet for early market, the best beet for winter use. Owing to the small tops permitting them to be grown close together, and the peculiar shape of the bulb, it is most profitable for the market gardener and for family gardens. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 20c; $\frac{1}{2}$ lb., 35c; 1 lb., 60c; postpaid.

SWISS CHARD or SILVER BEET—Most delicious for greens and comes early. Later they form wax-like stems which are very delicious, if cooked like beets or asparagus. Pkt. 5c; oz., 10c; $\frac{1}{4}$ lb., 20c; $\frac{1}{2}$ lb., 35c; 1 lb., 60c; postpaid.

CABBAGE.

My Cabbage seed is the best quality and strictly Long Island grown, which is acknowledged to be the best.

ZIMMERMAN'S EARLIEST.

All Head Early Cabbage.

This is an extra early, solid, round-headed cabbage. For size, earliness, reliability in heading, it has no equal. It is the finest large summer cabbage on the market, being at least one-third larger than any other early summer variety. The heads are solid and so compact that nearly one thousand more can be grown per acre than any other cabbage. On account of its rapid growth, it is very tender and the flavor is unsurpassed. Pkt 5c.; oz 20c.; ¼ lb 60c.; ½ lb \$1.10; lb \$2.00, postpaid.

EXTRA EARLY EXPRESS—With the exception of my EARLIEST, this is probably the earliest cabbage on the market. Is of close compact habit; has few loose leaves and is of fine quality. Pkt 5c.; oz 18c.; ¼ lb 55c.; ½ lb \$1.00; lb \$1.90, postpaid.

ZIMMERMAN'S SUREHEAD.

ZIMMERMAN'S EARLIEST

This is not only THE EARLIEST, but is reliable in every way and can be depended upon to yield good size marketable heads of fine quality. Almost every plant forms a fine solid head in a very remarkably short space of time. It makes a close compact plant; can be set close together and yield large crops. Don't fail to include a packet of the EARLIEST in your order—you will be pleased. Market gardeners will find this very profitable for extra early market. Pkt 5c.; oz 20c.; ¼ lb 55c.; ½ lb \$1.00; lb \$1.90, postpaid.

EARLY WINNIGSTADT—Good extra early variety and very popular. Forms large cone-shaped heads of fine quality in seasons when other varieties fail to head at all. It suffers less from worms than most any variety. Pkt 5c.; oz 15c.; ¼ lb 45c.; ½ lb 80c.; lb \$1.50, postpaid.

EARLY JERSEY WAKEFIELD—My stock of this old favorite is the best, being true Long Island grown. This is one of the best early cabbages in cultivation and is very popular and too well known to need any description. Pkt 5c.; oz 20c.; ¼ lb 60c.; ½ lb \$1.00; lb \$1.90, postpaid.

ALL HEAD EARLY.

ZIMMERMAN'S SUREHEAD.

All head and always sure to head. This is a large main crop variety of the Flat Dutch type. It is sure to form large round heads, extra hard, firm, of superior quality and fine texture. It is an excellent variety for Southern and South-western growers, on account of its sure-heading qualities, as many varieties fail to head in those sections. You will not be disappointed in this sureheading cabbage. It is also one of the largest cabbages grown, averaging about 25 pounds, but specimens have been grown to weigh over 50 pounds. It is a good keeper, excellent shipper; in fact it is hard to surpass this grand cabbage. Pkt 5c.; oz 20c.; ¼ lb 60c.; ½ lb \$1.00; lb \$1.90, postpaid.

Kohl-Rabi.

TURNIP-ROOTED CABBAGE.

The stem forms a turnip-shaped bulb which should be cut when it is small.

Either WHITE or PURPLE: Pkt 5c.; oz 15c.; ¼ lb 50c., postpaid.

CABBAGE--Continued.

GIANT FLAT DUTCH--

An extra large, late winter variety, which has no superior and is one of the old standard varieties. Market gardeners plant largely of this variety and realize a good profit. On account of its extra large size, it never fails to bring high prices in the market. Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 50c.; $\frac{1}{2}$ lb 90c.; lb \$1.70, postpaid.

EARLY FLAT DUTCH

-The same type as the Giant but much earlier; coming on just after the pointed head varieties. Is a great heat resister and stands well under the severest sun. Pkt 5c.; oz 20c.; $\frac{1}{4}$ lb 60c.; $\frac{1}{2}$ lb \$1.00; lb \$1.90, postpaid.

SHORT STEM DRUM-HEAD--

This is one of the very best varieties of winter cabbage. Heads are of immense size, hard and solid. They grow uniform in shape with short stem and are very handsome in appearance. On account of their large size and fine quality, they are highly prized and I offer them as something superior. Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 50c.; $\frac{1}{2}$ lb 80c.; lb \$1.50, postpaid.

LARGE LATE DRUM-HEAD--

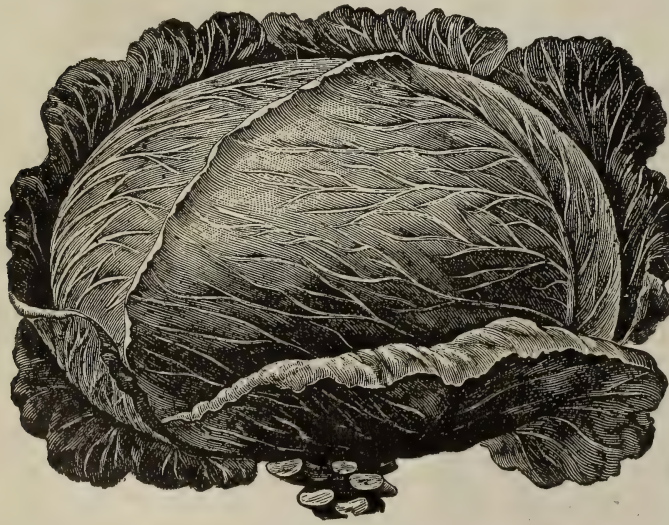

A standard variety of the Flat Dutch type. Late and very large. Pkt. 5c.; oz 15c.; $\frac{1}{4}$ lb 50c.; $\frac{1}{2}$ lb 80c.; lb \$1.50, postpaid.

ALL SEASONS—Can be planted profitably for either early or main crop and is of drumhead type. In every way equal to the Early Summer and much larger. Pkt 5c., oz 18c., $\frac{1}{4}$ lb 50c., $\frac{1}{2}$ lb 90c., lb \$1.75, postpaid.

MAMMOTH RED ROCK—The largest and surest heading red cabbage grown. Heads are of deep red color inside and out and very solid. A favorite for salads, pickling, etc. Pkt 5c., oz 20c., $\frac{1}{4}$ lb 60c., $\frac{1}{2}$ lb \$1.00, lb \$1.90, postpaid.

GIANT FLAT DUTCH.

ST. LOUIS MARKET.

Zimmerman's True St. Louis Market Cabbage.

This truly great cabbage has become the standard main crop variety of the West and Southwest. Like all other articles of merit, there are many imitations, and there is much "cheap" so-called St. Louis Market seed offered. The seed I offer is secured by me direct from the original introducers of St. Louis and is the TRUE ST. LOUIS MARKET SEED. It is a medium late cabbage and a vigorous grower. Heads are white, solid and firm. An excellent keeper and fine shipper. As a kraut maker it cannot be excelled. Price of the GENUINE seed: Pkt 5c., oz 25c., $\frac{1}{4}$ lb 75c., $\frac{1}{2}$ lb \$1.25, lb \$2.25, postpaid.

EARLY SUMMER—This is one of the best large early varieties. Forms solid, compact heads. Pkt 5c., oz 20c., $\frac{1}{4}$ lb 60c., $\frac{1}{2}$ lb \$1.00, lb \$1.90, postpaid.

EARLY ETAMPES—This is one of the earliest cabbages, producing conical shaped heads of large size, considering its extreme earliness. Pkt 5c., oz 20c., $\frac{1}{4}$ lb 60c., $\frac{1}{2}$ lb \$1.00, lb \$1.90, postpaid.

DRUMHEAD SAVOY—The leaves are crimped and wrinkled in a peculiar manner. The heads are large, solid, fine flavor, attractive and good winter keepers. Pkt 5c., oz 20c., $\frac{1}{4}$ lb 55c., $\frac{1}{2}$ lb \$1.00, lb \$1.90, postpaid.

IMPROVED DANISH BALL-HEAD—The famous variety from Denmark. Not so large as the Late Flat Dutch, but even more solid and are the finest and best keepers to be had. For winter, home and market use, they stand without a peer. Their keeping qualities are such that when taken out in the spring they are as solid as when put away in the fall. Pkt 5c., oz 20c., $\frac{1}{4}$ lb 60c., $\frac{1}{2}$ lb \$1.00, lb \$1.90, postpaid.

 Use SLUG SHOT for Cabbage Worms. See Page 73 for Prices.

Cauliflower.

and we handle ONLY THE BEST VARIETIES.

Early Snowball.

It is acknowledged everywhere that the Snowball Cauliflower is far superior to any other variety. I am pleased to offer my customers a superior strain of this superior variety. In fact, it is impossible to obtain a better Cauliflower than my Early Snowball. While this remarkable variety is First of the Earlys, it is also the best for main or late crop; in fact, it has no equal in any line. It is the largest variety grown, heads measuring eight to ten inches across, of pure snow white, with close, compact curd of the finest quality. The heads are so solid that they outweigh any other variety of the same size. Whether you grow Cauliflower simply for family use or largely for market, my Early Snowball is the variety you want. Plant no other if you want the VERY BEST. Once planted, you will use no other. Pkt., 15c; 2 pkts., 25c; ¼ oz., 70c; ½ oz., \$1.30; oz., \$2.50, postpaid.

ZIMMERMAN'S EARLY SNOWBALL.

EARLY DWARF ERFURT—Another remarkable variety for heading. Is dwarf; pure white heads of superior quality. Planted in April, will be ready for market in July. Pkt., 15c; 2 pkts., 25c; ¼ oz., 75c; ½ oz., \$.40; oz., \$2.75, postpaid.

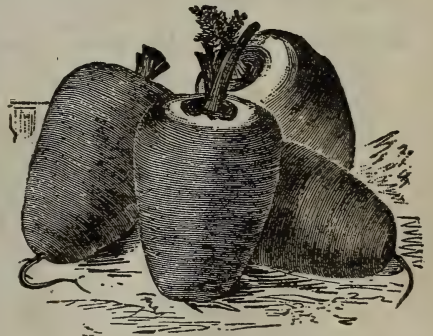

EARLY PARIS FORCING—A favorite French variety and a very popular early sort. Good for either forcing or out-door culture. Pkt., 5c; ¼ oz., 25c; ½ oz., 45c; oz., 80c, postpaid.

CARROTS.

THE DANVERS CARROT.

OX-HEART or GUERANDE—A very fine Carrot; grows some five inches long and blunt at the point, as shown by the illustration. It is of very rapid growth and usually weighs over one pound. Is of deep red color, very sweet and tender and easy to pull. A good variety for home and market. Pkt., 5c; oz., 10c; 2 oz., 15c; ¼ lb., 25c; ½ lb., 45c; lb., 85c, postpaid.

OX-HEART or GUERANDE.

CHANTENAY—The best bunching variety and one of the best for early market. Grows about six inches long, stump rooted, very smooth, sweet and sugary. Excellent for table use and are heavy croppers. Pkt., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 45c; lb., 85c, postpaid.

DANVERS HALF LONG—A famous variety of fine flavor; broad-shouldered, stump rooted, cylindrical in shape and very productive. It is one of the best for stock and matures in about 65 days. This is not only a good variety for stock feeding, but is unexcelled for the table. Pkt., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 40c; lb 75c. postpaid.

IMPROVED LONG ORANGE—The best of the orange varieties and an old favorite. A good table carrot and is unsurpassed for stock. Used largely by dairymen, as it increases the flow of milk and gives a richer flavor; imparts a beautiful golden color to butter. Pkt., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 40c; lb 75c, postpaid.

LARGE WHITE BELGIAN—The greatest stock Carrot, highly recommended by the leading Agricultural Experiment Stations of the country. Grows one-third out the ground and easily pulled. Roots are pure white, except portion above ground, which is green. Used exclusively for stock feeding. Pkt., 5c; oz., 8c; ¼ lb., 15c; ½ lb., 25c; lb., 45c, postpaid.

LARGE YELLOW BELGIAN—Same as the White Belgian, except in color, which is yellow. Same price as the White.

CELERY.

Celery seed is very slow to germinate and care should be taken that the seed is of good quality. You will find our stock to be the very best quality and prices as low as good seed can be sold.

New Golden Self-Blanching. (French Strain.)

This is without doubt the best celery in cultivation. It is much broader and heavier than the White Plume and of superior quality. Is of dwarf, compact habit and blanches easily. The stalks are crisp and solid and of delicious flavor; is very productive and the stalks are as thick as the largest of the tall late sorts and entirely free from stringiness. It is the standard of excellence and should be planted by every person who raises celery. We offer the celebrated French seed of this variety as far superior to the Ordinary strain, generally sold. You will find it superior in many ways. Per pkt., 5c; ½ oz., 15c; oz., 25c; ¼ lb., 85c.; ½ lb., \$1.60 lb \$3.00 postpaid.

Ordinary Strain—This is not cheap seed, but simply the ordinary American strain of Golden Self-Blanching, which is offered by the general run of seedsmen. Stock fresh, new seed and the equal of any American-grown seed. Pkt 5c.; ½ oz 12c.; oz 20c.; ¼ lb 70c.; ½ lb \$1.30; lb \$2.40 postpaid.

NEW PINK PLUME—This is a splendid new variety, recently introduced; is similar to the White Plume, except in color, which is slightly tinged red, fading to a faint delicate pink. The plants bleach naturally and have the long keeping qualities of the red celeries. Has no tendency to rust and blanches as early as the White Plume. Is of sweet, nutty flavor and wonderfully attractive. Pkt., 5c; ½ oz., 12c; oz., 20c; ¼ lb., 55c; ½ lb., \$1.00; lb., \$1.90, postpaid.

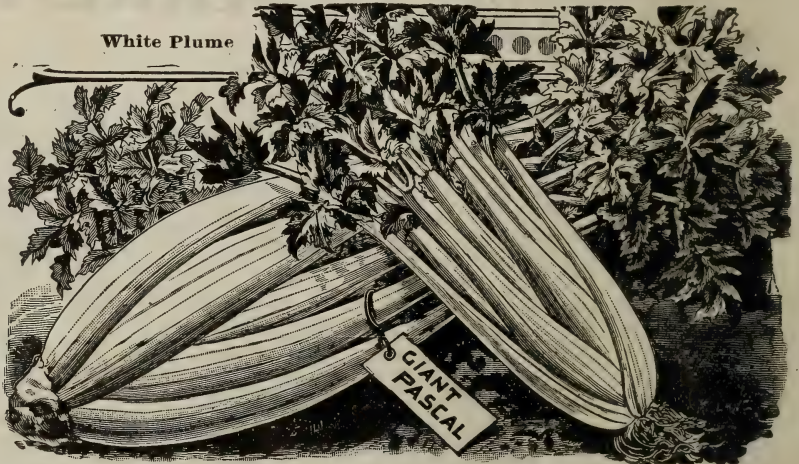

WHITE PLUME—The old standard variety and still holds its popularity. It is the earliest celery in cultivation blanches without banking. Pkt., 5c; oz 15c; ¼ lb., 50c; ½ lb., 85c; lb., \$1.50 postpaid.

**All our Seeds are
fresh, new crop and
Thoroughly Tested.
It always pays to
PLANT THE BEST**

GIANT CELERIAC.

White Plume

GIANT PASCAL—The stalks are extremely large, stringless, crisp and brittle. Blanches quickly, after earthing up, to a beautiful yellowish-white. It is the best for Fall and Winter use and is highly recommended for the South and West where it gives better satisfaction than most varieties. Try it. Pkt., 5c; oz., 15c; ¼ lb., 50c; ½ lb., 80c; lb. \$1.50 postpaid.

LARGE RIBBED RED—This is a sport of the Giant Pascal, but the ribs are even thicker and stiffer; very vigorous and healthy and of fine quality. Pkt., 5c; oz., 12c; ¼ lb., 40c; ½ lb., 75c; lb., \$1.40 postpaid.

CELERIAC or Turnip-Rooted Celery—Grown for the roots. The roots are cooked, sliced and made into salad, with vinegar. Also fine for flavoring soups, meats, etc. Pkt 5c., oz 15c., ¼ lb 50c., postpaid.

Our seed is grown especially for us by experienced growers, carefully tested and is of the Best QUALITY. We positively do NOT handle cheap "commission seed."

Sweet Corn.

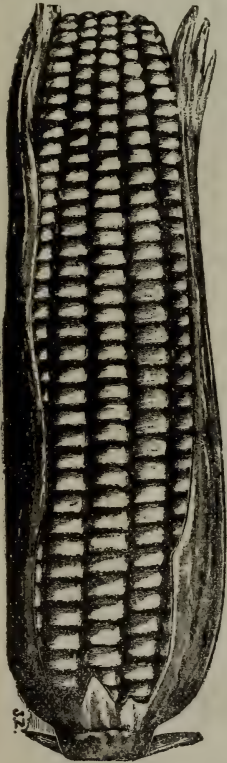

Our Sweet Corn is of superior quality, being carefully sorted tested and graded and is planted each year by the foremost Market Gardeners.

Zimmerman's Early Mammoth.

The Largest Eared Early Sweet Corn Ever Produced. Produces fine ears from 8 to 10 inches long and is ready for the market as early as the Earliest offered by the majority of seedsmen. This is a grand corn and we hope you will plant it this year. Send in your order early, for you are sure to be pleased with this grand new corn. The pure white cob contains twelve rows of large grains of the finest quality. It will stand a dry season better than any early variety yet produced. It is the proper size for the market and of the sweetest flavor. You will find our EARLY MAMMOTH to be the finest and best Early variety you ever planted. Don't fail to include some of this Sweet Corn when you order. Pkt 5c; ½ pt 12c; pt 20c.; qt 35c, postpaid. By express or freight 4 qts 65c; pk \$1.15.

Peep O'Day. The Earliest of All.

We are pleased to offer our customers the Earliest variety of Sweet Corn in the world. This must not be compared to the "Earlies" offered by some seedsmen, which are so small and inferior that they are absolutely worthless, but here is a variety that will be of greatest value to all who desire the VERY EARLIEST variety and one that can be depended upon to yield a profitable crop. It is superior to the Early Cory in quality, tenderness and yield, while it is easily ten days earlier than any variety yet introduced. If you want the First Sweet Corn in the market plant this new variety. Pkt 5c; ½ pt 12c; pt 20c; qt 35c, postpaid. By express or freight 4 qts 75c; pk \$1.25.

PEEP O'DAY.

EARLY CORY—A popular extra early variety and the favorite with many planters. Per pkt 5c., ½ pt 10c., pt 15c., qt 30c., postpaid. By express or freight, 4 qts 60c., peck \$1.10.

EARLY ADAMS—One of the earliest varieties. Is not sweet as some, but its extreme earliness makes it a very desirable corn. Pkt 5c., ½ pt 10c., pt 15c., qt 30c., postpaid. By express or freight, 4 qts 55c., peck \$1.00.

PERRY'S HYBRID—A fine extra early variety of good size and is a great favorite with gardeners. Grains are very large and pure white. Pkt 5c., ½ pt 10c., pt 15c., qt 30c., postpaid. By express or freight, 4 qts 55c., pk \$1.00.

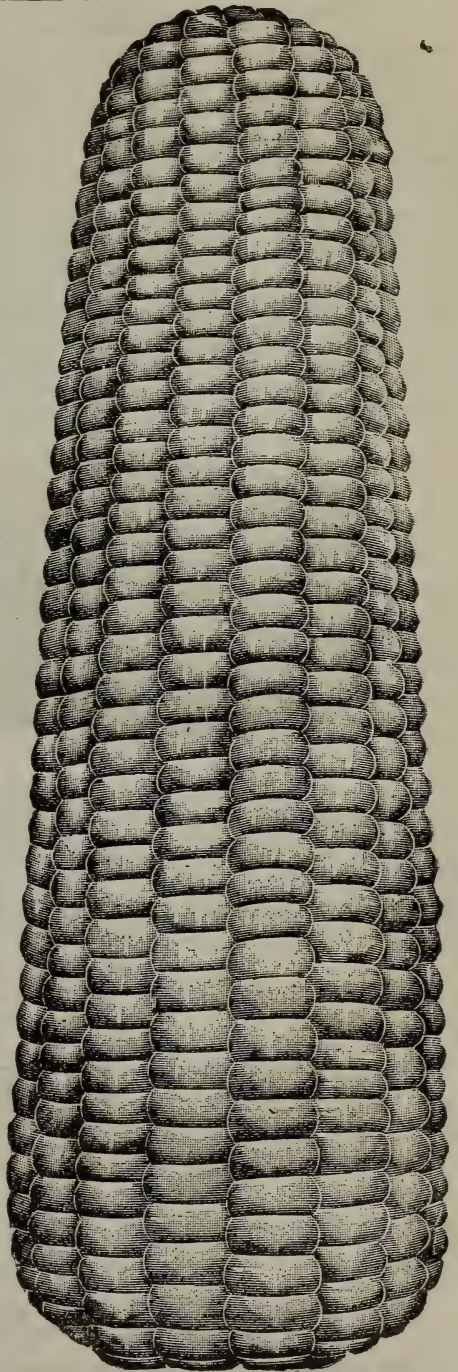

EARLY MINNESOTA—Of excellent quality and one of the earliest varieties. Ears long and pointed. Pkt 5c., ½ pt 10c., pt 15c., qt 30c., postpaid. By express or freight, 4 qts 55c., peck \$1.00.

CROSBY'S EARLY—An excellent variety, being sweet and very early. Pkt 5c., ½ pt 10c., pt 15c., qt 30c., postpaid. By express or freight 4 qts 55c., peck \$1.00.

LATE MAMMOTH—The largest sweet corn grown and of good quality, but late. Stalks produce 2 to 3 ears. Pkt 5c., ½ pt 10c., pt 15c., qt 30c., postpaid. By express or freight, 4 qts 55c., peck \$1.00.

NOTICE: We pay the Postage on Pints and Qts.

We handle the Highest Quality of seed and carry a good assortment, embracing ALL the Standard Varieties. Deal with us: we'll treat you RIGHT.

ZIMMERMAN'S EARLY MAMMOTH.

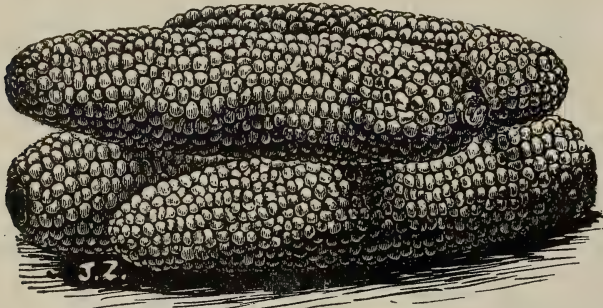

GOLDEN BANTAM—This grand new variety of Sweet Corn is one of the sweetest and most delicious varieties ever introduced. It is an attractive yellow color; very early; of hardy, vigorous growth and produces 2 to 4 ears to the stalk; ears running 5 to 7 inches long; grains are very tender and no corn can surpass its delicious sweetness. Pkt 5c.; ½ pt 12c.; pt 20c.; qt 35c., postpaid. By express or freight, 4 qts 75c.; peck \$1.40.

IMPROVED**STOWELL'S EVERGREEN.****The Standard Main Crop Variety.**

This is the most popular sweet corn grown and we exercise great care to have our stock pure and true to name. It is grown for us by experienced growers, under special contract, only the choicest ears being saved for seed, and you will find it vastly superior to that generally sold. If you want a main crop Sweet Corn that will out-yield any other variety; that will give you perfect satisfaction, plant OUR Improved Stowell's Evergreen. Pkt 5c.; $\frac{1}{2}$ pt 10c.; pt 15c.; qt 25c., postpaid. By express or freight, qt 15c.; 4 qts 45c.; peck 80c.

BLACK MEXICAN—Medium early variety. Kernels are a blueish-purple when young, becoming black when dry. It is one of the sweetest of corns. Pkt 5c.; $\frac{1}{2}$ pt 12c.; qt 20c.; 4 qts 70c., postpaid. By express or freight, qt 15c., 4 qts 50c.

EGYPTIAN SUGAR—Exceedingly sweet and tender, and ears grow to a good size, running 12 and 14 rows to the ear. Is fine for canning because of its delicious sweetness. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 65c., peck \$1.00.

**COUNTRY GENTLEMAN.**

COUNTRY GENTLEMAN—Has been called Quaker Sweet, Shoe Peg, etc., and is acknowledged everywhere as one of the sweetest and best. The kernels are long and peg-shaped. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 70c., peck \$1.25.

SPECIAL OFFER: Our Early Mammoth is the largest and finest Extra Early sweet corn. Stowell's Evergreen is the standard Main Crop variety, and our Egyptian Sugar is the Sweetest. We will send you, by mail postpaid, 1 pkt of each for 10c.; $\frac{1}{2}$ pint each for 25c.; 1 pint of each for 45c.; 1 quart each for 75c.

SELECT POP CORN.

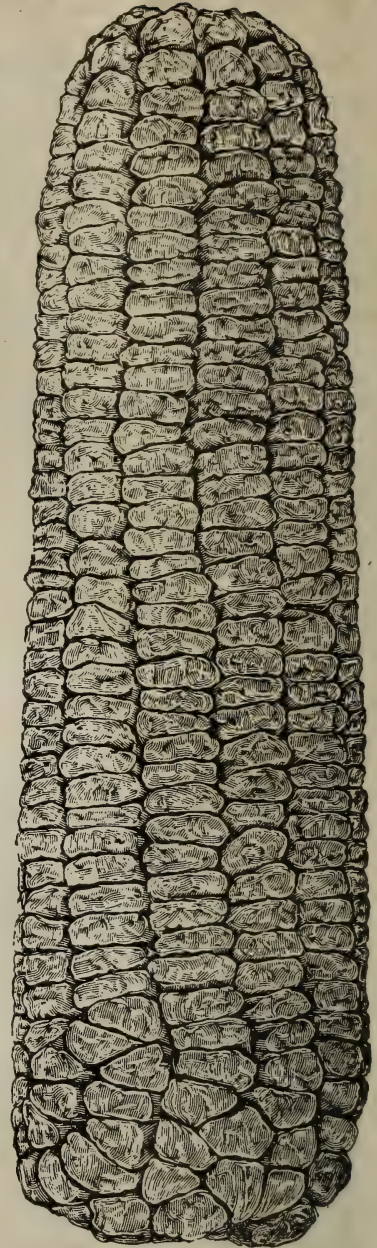

Prices: Pkt 5c., $\frac{1}{2}$ lb 10c., lb 20c., 3 lbs 50c., postpaid. By express or freight, 10 to 20 lbs at 5c per lb., 25 to 50 lbs at 4c per lb.

WHITE RICE—The old favorite and standard variety. None better.

WHITE PEARL—A beautiful pearly white and very popular.

GOLDEN VALE—Resembles Queen's Golden, but a richer color. Ears grow 8 to 10 inches in length. It is a fine popper and good flavor.

QUEEN'S GOLDEN—Pops a very large, tender, pure white kernel.

Cucumbers.

Our stock of Cucumber seed is of the finest quality, being grown for us by the most experienced growers in America. One ounce will plant 50 hills; 2 to 3 lbs per acre.

ZIMMERMAN'S EARLIEST.

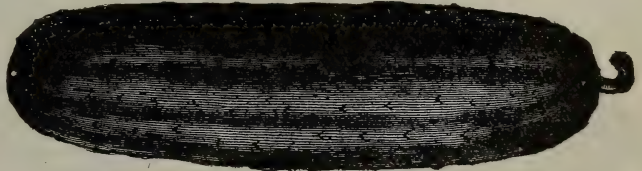

EARLIEST CUCUMBER AND A HEAVY YIELDER.

The best early variety in the world. It stands without a rival in the early field and in fact cannot be excelled as a cucumber for general use. It is a very heavy yielder, producing cucumbers from five to eight inches long and from one and one-half to three inches in diameter in great abundance. The fruit is handsome, uniform in size and of a dark green color. The flesh is crisp, tender and of superior flavor. Not only fine for table use, it is excellent for pickling. If you want an all around cucumber, plant our Earliest. Pkt 5c; oz 10c; $\frac{1}{4}$ lb 35c; $\frac{1}{2}$ lb 60c.; lb \$1.10, postpaid,

ZIMMERMAN'S EARLIEST.

NICOLS MEDIUM GREEN—A first-class pickling sort and highly prized as an early variety. Skin is light green and quite smooth. Pkt. 5c. oz 10c., $\frac{1}{4}$ lb 30c. postpaid

WHITE SPINE—Fruit is of good size, straight and of perfect form: of uniform shape, making them excellent for pickling. Very productive and keep firm and crisp a long time. Is one of the earliest varieties. Pkt 5c.: oz 10c.; $\frac{1}{4}$ lb 30c. $\frac{1}{2}$ lb 60c., lb \$1.20 postpaid,

ARLINGTON WHITE SPINE.

CHICAGO PICKLING—One of the best and most prolific pickling cucumbers on the market. Vines are vigorous and produce fine fruit in great abundance. By keeping the vines clear they will bear longer than most any variety in existence. Cucumber seed is short this year and fresh seed is high. Beware of old cheap seed. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 55c., lb \$1.10, postpaid.

BOSTON PICKLING—Another fine pickling variety and is claimed to be superior to the Chicago Pickling by many. It is certainly a fine cucumber. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 55c., lb \$1.10 postpaid.

WHITE WONDER—A handsome pure white cucumber, about 8 inches long, very crisp and brittle and remarkably hardy. It matures early, but continues to bear the entire season. Skin is pure white. Per pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 55c., lb \$1.10 postpaid.

EARLY RUSSIAN—One of the very earliest varieties. Cucumbers are 3 to 5 inches long; crisp and fine flavor. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 55c., lb \$1.10, postpaid.

EARLY CLUSTER—A very popular early cucumber, producing its fruit in small clusters. Length 4 to 5 inches. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 55c., lb \$1.10 postpaid.

NEW EVERBEARING—Of small size; very early and productive. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 55c., lb \$1.10, postpaid.

The new crop of Cucumber seed was very short, and old seed may be offered. Remember OUR seed is new crop and THOROUGHLY TESTED.

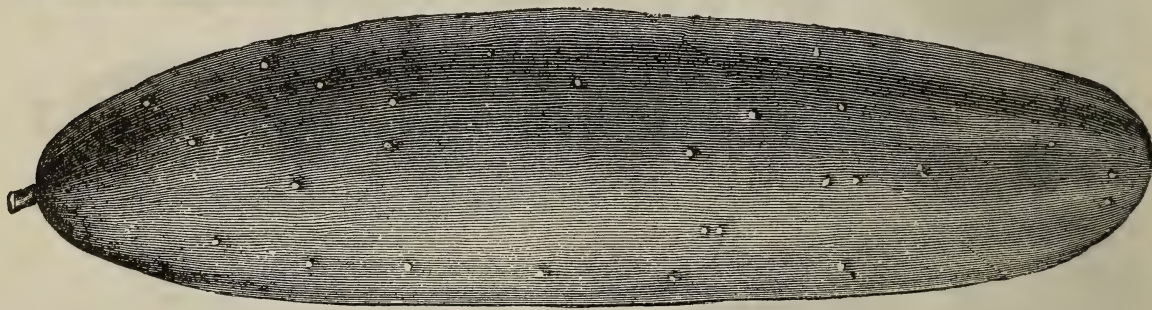

IMPROVED LONG GREEN—A well-known variety and very popular. Cucumbers grow from twelve to twenty inches in length. They are very productive and of excellent quality. Pkt 5c; oz 10c.; $\frac{1}{4}$ lb 30c.; $\frac{1}{2}$ lb 50c.; 1b 90c., postpaid

COOL AND CRISP—A very early and prolific Cucumber. The skin is a very dark green and is covered with knobs upon which the spines are placed, which gives them a very attractive appearance. As a slicing Cucumber they are excellent. Pkt 5c; oz 10c. $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 50c., 1b 90c., postpaid.

JAPANESE CLIMBING—Quickly climbs on poles, trellises, etc., throwing out strong grasping tendrils. Vines are healthy and vigorous, with rich, dark green foliage. Cucumbers are good size and shape, skin dark green, turning to a netted brown when ripe; flesh pure white. Excellent for both slicing and pickling. Pkt 5c., oz 15c., $\frac{1}{4}$ lb 40c., $\frac{1}{2}$ lb 70c., 1b \$1.25. postpaid.

WEST INDIA GHERKIN or BURR—Grow very small and used exclusively for pickling purposes. A very distinct variety. Try it. Pkt 5c., oz 20c., $\frac{1}{4}$ lb 60c., $\frac{1}{2}$ lb \$1.10, 1b \$2.00, postpaid.

DAVIS PERFECT—A new variety of unusual merit and is fast becoming a favorite. Grow about 12 inches long, of symmetrical shape; has dark, glossy skin which changes to white, when fruit ripens. Its great point is its thick flesh and very few seeds, making it most valuable for slicing purposes. Per Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 40c.; $\frac{1}{2}$ lb 70c.; 1b \$1.25 postpaid.

DAVIS PERFECT CUCUMBER.

EGG PLANT.

BLACK BEAUTY—The Earliest Egg Plant and one of the best. The skin is a rich purplish-black. The fruit sets and develops so quickly the entire crop can be easily gathered before frost. Pkt 10c.; $\frac{1}{2}$ oz 30c.; oz 55c.; $\frac{1}{4}$ lb \$1.50, postpaid.

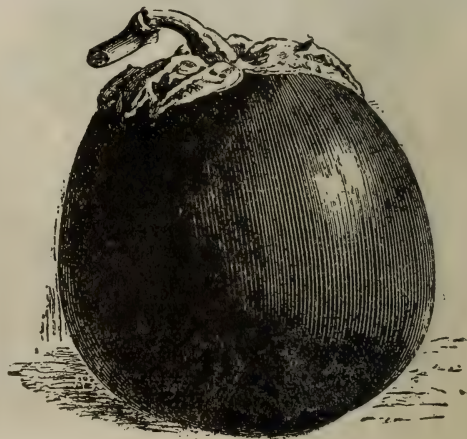

NEW YORK IMPROVED PURPLE—The leading sort for home and market and has about superseded all others. Fruit large, fine, free from thorns and are produced until frost. Skin is a rich purple; flesh a pure white. My seed is very select. Pkt 5c.; $\frac{1}{2}$ oz 25c.; oz 40c.; $\frac{1}{4}$ lb \$1.25, postpaid.

\$56.00 FROM A 5c. INVESTMENT.

Mr B. F. Juneau, Tecumseh, Kans, says: "In the spring, I bought a 5c packet of Egg Plant seed from you, and from this 5c investment I sold \$65.00 worth of Egg Plant to the grocers in Topeka. It was the BEST investment I ever made in my life."

ZIMMERMAN SEED CO.:
and they are all right.

Bunker Hill, Kans., Jan 22, 1909.
I tried your seeds last year for the first time
Joseph Menzies.

LETTUCE.

Our seed is fresh and can be depended upon to produce crops of the highest quality.

ZIMMERMAN'S EARLIEST.

CRISP AND TENDER.

Nothing we have ever offered has given more general satisfaction than this Early Lettuce. Tested side by side with almost every known variety, it has always COME FIRST, with a crisp tenderness which cannot be surpassed. It is not only THE EARLIEST, but can be planted with profit the entire season. The leaves are thin, slightly curled and free from any bitterness. Another important thing to be considered is that this variety is very slow to go to seed, remaining tender a remarkably long time. It is as valuable for forcing as for planting in open ground. Pkt 5c., oz 12c., $\frac{1}{4}$ lb 35c., $\frac{1}{2}$ lb 60c., lb \$1.00 postpaid.

BLACK SEEDED SIMPSON—The most popular market gardener's lettuce. Very early and forms a compact mass of loose leaves, which are large, thin and very tender; superior to the Early Curled. Is one of the best for forcing under glass as well as out-door planting. Remains in condition a long time before running to seed. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 45c., lb 80c., postpaid.

EARLY CURLED SIMPSON—One of the very earliest varieties. A large, loose-leaved lettuce. Leaves are beautifully crimped, tender and sweet; dark green in color. Is an old standard variety. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 40c., lb 75c., postpaid.

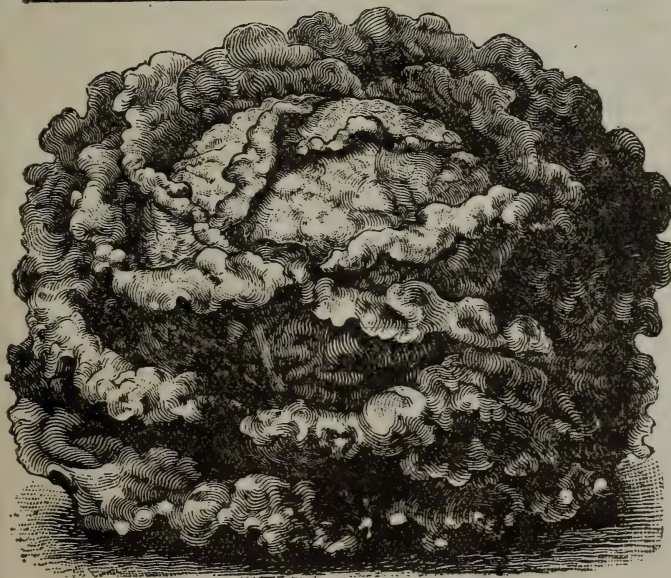

ZIMMERMAN'S EARLIEST.

NEW EARLY CRISP LETTUCE.

This grand new lettuce will, I believe, prove a great favorite and I am very anxious to have all my customers give it a trial. It is very crisp and tender, with curly leaves of beautiful green. It stands heat, drouth and also wet weather most remarkably and can be planted any time during the season, as it is a great all-season's lettuce. Price only; Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 50c.; $\frac{1}{2}$ lb 80c.; lb \$1.50, postpaid.

See Illustration and Special Collection on Front Cover of this Catalogue.

CRISP-AS-ICE.

CRISP-AS-ICE

A Fine Bronze-Tinged Lettuce.

This lettuce was first offered to my customers last year and proved very popular. The leaves are very tender, brittle, glossy, slightly curled and has an attractive green color, with slight tinge of bronze. It produces solid heads of large size and attractiveness, while, as the name suggests, it is very crisp and tender. Please don't confuse this with my "New Early Crisp" lettuce, as they are entirely different, and both of extra fine quality. Try this fine variety and you will be well pleased. Price of Crisp as-Ice: Pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 50c., lb 90c., postpaid.

BIG BOSTON.

A great favorite with truckers and gardeners; is certainly a fine large head lettuce. It has large, compact, white heads, which are always crisp and tender. It is equally good for early spring, summer and for fall and winter forcing. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 50c., lb 90c., postpaid.

LETTUCE Continued on Next Page.

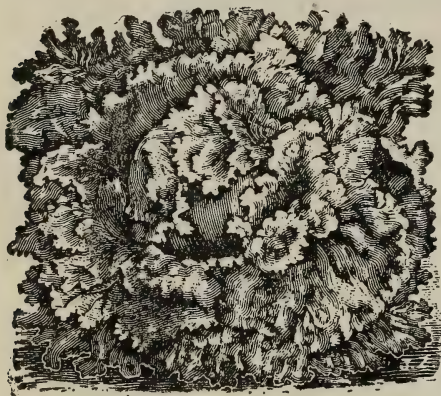

MAY KING.

Extra Early Head Lettuce.

This is an extra early, quick growing variety of the butterhead type. Outer leaves have slightly brownish tinge, while the heart is a beautiful yellow, very crisp and tender. Its extreme earliness, large fine heads, attractiveness and superior quality, makes it a most valuable variety for market, as well as for the home garden, it being equally good for forcing and out-door planting. A leader in earliness, attractive in appearance and is unexcelled in flavor. Pkt 5c.; oz 12c.; $\frac{1}{4}$ lb 35c.; $\frac{1}{2}$ lb 60c., lb \$1.10, postpaid.

Plant Our Tested Seed It Pays.

IMPROVED HANSON.

IMPROVED HANSON—A very large, sweet, tender and crisp variety; forms large solid heads averaging some three pounds in weight. Heads are green outside and white within. Is absolutely free from any bitterness. Unexcelled for family, garden and out-door growth. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c., $\frac{1}{2}$ lb 40c, lb 75c, postpaid.

CALIFORNIA CREAM BUTTER—One of the best of the Butter Head varieties. The outer leaves are marked with small brown spots; center is a beautiful creamy yellow. They are crisp, tender, have a rich, buttery flavor and are very ornamental. The heads are of good size and so very solid they often have to be cut before the seed stalk can appear. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 45c., lb 80c., postpaid.

GRAND RAPIDS—This is a loose-leaved variety of strong growth. Requires less attention than the Black Seeded Simpson and will stand longer after maturity, thus making a good seller. Is of upright habit and handsome appearance; leaves thin, light yellowish green, beautifully crimped and blistered. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c., $\frac{1}{2}$ lb 40c., lb 75c., postpaid.

ICEBERG—This new variety cannot be surpassed. It forms a solid head of great beauty; the outside leaves are bright green and beautifully curled. The leaves are always crisp and tender either in early spring or hottest summer. The solidity of the head is insured by the white main ribs curving strongly to the center, which is always thoroughly blanched. There is no more superior lettuce to be had. My stock is the very best, being carefully selected crop of 1907. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c, $\frac{1}{2}$ lb 50c, postpaid.

EARLY PRIZE HEAD—Produces large loose heads of beautifully crimped and fringed leaves, exceedingly sweet, crisp and tender. A fine home garden lettuce of the loose variety. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c.; $\frac{1}{2}$ lb. 40c.; lb 75c, postpaid.

DENVER MARKET—An early head lettuce either for forcing or open ground. The leaves resemble Savoy Cabbage, being beautifully marked and blistered. It is very slow to go to seed. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c.; $\frac{1}{2}$ lb 40c.; lb 75c, postpaid.

HARD HEAD—A ready grower; heads hard and firm. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c.; $\frac{1}{2}$ lb 40c.; lb 75c, postpaid.

ICEBERG LETTUCE.

My Packets are Large

And well-filled. I send out no short packets. Notice what my customers say about this:

luka, Ill., March 23, 1909.
ZIMMERMAN SEED Co.: Your seed packets are larger and contain more seed than those of any other seedsmen I know of. And the quality beats them all.
James I. Cheely,

Lebo, Kans, April 7, 1909
ZIMMERMAN SEED Co.: We received our garden and think they are extra fine; the packets are all so large and well-filled.
Mrs. H. R. Lewis,

MUSK MELON.

melons only. You will find our seed of the highest quality and FRESH,

We offer a very select line of Musk Melon seed, being grown especially for us by experienced melon seed growers, and is selected from choice

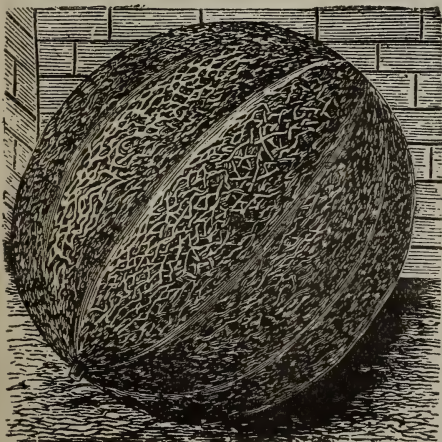

ZIMMERMAN'S EARLIEST LARGE.

NORFOLK BUTTON.

This is an extra early melon of the Jenny Lind type; embracing all the good qualities of the old Jenny Lind, and is much earlier, making it one of the VERY earliest varieties, and at the same time, one of the best. It has green flesh, sweet and spicy. Is has become a favorite with market gardeners in the East, and we want our customers everywhere to plant it. Try it for yourself, you will like it. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 50c., 1b 90c., postpaid.

PAUL ROSE.

Sometimes called Petoskey. A yellow flesh melon and a cross of the Osage and Netted Gem. Of small size; very thick flesh and one of the best flavored melons. It has a very thin rind, but is a good shipper. Is fast becoming a favorite in the West. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 45c., 1b 80c., postpaid.

ROCKYFORD MELON

EXTRA EARLY GRAND RAPIDS—This is an extra early, yellow fleshed melon of average quality. It is claimed by many to be the very earliest musk melon in existence and is largely planted by gardeners and others who desire early melons. The melons are of handsome appearance, nearly round and finely netted and immediately attract attention in the early market Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 40c., 1b 70c., postpaid.

Zimmerman's Earliest Large.

NEW EARLIEST LARGE—We have here the very Earliest Musk Melon grown. It is not only the earliest of all, but is a melon of superior quality and good size and is therefore different from the majority of early varieties, surpassing them all in Earliness, Size, Productiveness, Flavor, Keeping and Shipping qualities. The melons are of uniform large size, delicious and are fast sellers. The flesh is a rich orange color with small seed cavity and the flavor is excellent. Nothing is more delicious than a good early musk melon and our Earliest Large pleases all who plant it, while its extreme earliness and large size makes it a desirable melon both for home and market use. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 50c., 1b 90c., postpaid.

EXTRA EARLY HACKENSACK—Is a very popular market melon. It is at least ten days earlier than the ordinary strain of Hackensack, at the same time retaining all the good qualities of the old strain. It is very productive and of fine flavor. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 45c., 1b 80c., postpaid.

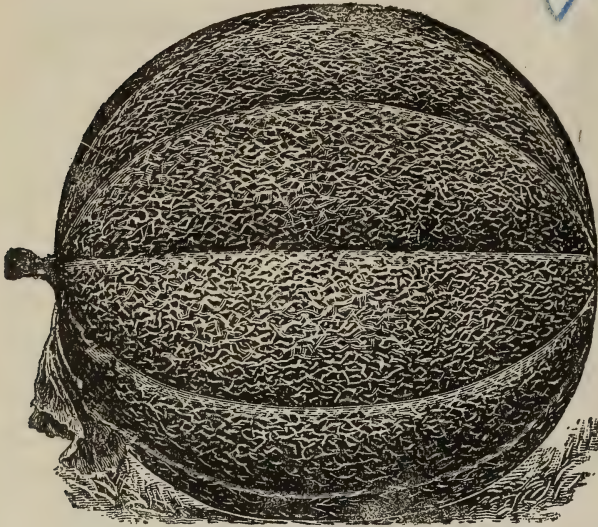

NORFOLK BUTTON.

Zimmerman's GENUINE ROCKYFORD.

Seed Grown under Special Contract at
Rocky Ford, Colo.

The standard of excellence and the most popular melon on the market. Leading market gardeners send to us every season for seed of this variety rather than save their own seed, because they know that our seed, saved from carefully selected melons of uniform size, will produce the very finest melons. Our Rocky Ford seed is planted in every state and territory where melons can be grown, and we have NEVER RECEIVED A SINGLE COMPLAINT. Rocky Fords are of medium size, even, nearly round, finely netted and the best of shippers. As to quality; they can hardly be surpassed—flesh is tender, firm and of the most delicious flavor. The seed we offer is selected from choice melons only and we guarantee it to have been grown at Rocky Ford, Colo., under special contract and shipped direct to us. If you want seed that will produce the true Rockyford melon, correct shape, size, etc., plant our select seed, which we offer at a low price, quality considered. You cannot get a better or purer quality, no matter what you pay. Pkt 5c.; oz 10c.; $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 40c.; 1b 70c., postpaid.

Zimmerman's EXCELSIOR Musk Melon

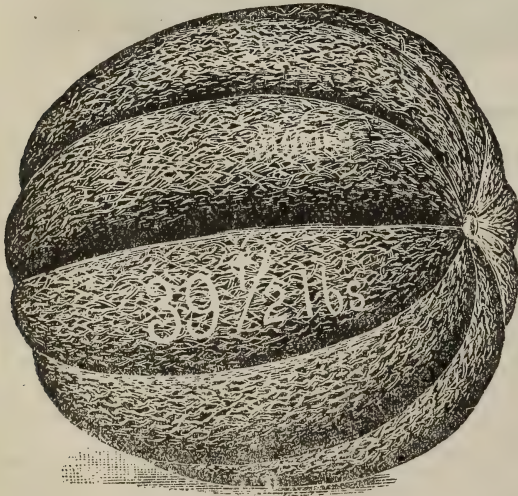

a grand melon--a better was never offered, and the price low.

OSAGE—One of the best melons grown. Very luscious and sweet a good keeper and most excellent shipper. The flesh is of salmon color and very juicy and sweet. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb 35c.; $\frac{1}{2}$ lb 60c.; lb \$1.20 postpaid.

MILLER'S CREAM—A strong grower and very productive; rind thin and slightly netted. A sweet, tender variety and very popular. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 35c., $\frac{1}{2}$ lb 60c., lb \$1.20 postpaid.

EMERALD GEM—A very fine variety and an old standard. Flesh thick, of a delicate salmon color and very sweet. Pkt 5c., oz 12c., $\frac{1}{4}$ lb 40c., $\frac{1}{2}$ lb 70c., lb \$1.40, postpaid.

BANANA—Is an entirely distinct variety, bearing long, slender, banana-like fruit. Skin is creamy-white and entirely free from netting. Flesh deep salmon color, thick and good quality. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 50c., lb 90c., postpaid.

MONTREAL MARKET.

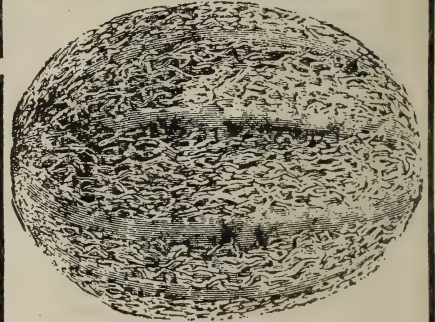

Improved MONTREAL MARKET. Largest of all Musk Melons.

Average weight from 25 to 50 lbs. Skin is green and strongly netted; flesh thick, of light green color and delicate flavor. The melons are of large, round size and immediately attract attention in any market. A wonderfully strong producer and gives satisfaction wherever grown. If you wish the largest Musk Melons of fine quality, plant our select strain of Montreal Market. Pkt 5c. oz 10c., $\frac{1}{4}$ lb 35c., $\frac{1}{2}$ lb 60c., lb \$1.20, postpaid.

We have here a melon, which is certainly the grandest Musk Melon grown. No words can describe its delicious flavor—it is simply grand. In shape they are nearly round, as is shown by the illustration, of good family size, weighing from 6 to 8 lbs. They come uniform, almost every melon in a field being the same size and shape. The skin is dark green, finely netted; the flesh a rich orange and edible to the very rind, in fact it is nearly all flesh, as the seed cavity is very small. The flavor cannot be excelled, is simply delicious; it beats them all. It is medium early and so attractive and flavor so sweet that it will be a leader on the market. We claim it to be the most delicious and best flavored melon you ever tasted and we want you to try them. Order a packet or more, you will be well repaid. We are always so anxious to have our customers try the new good things we offer, that we never put up a strong plea of superior quality, urge our customers to try it and then put a high price on it, as some do.

No Pink or Yellow pages filled with so-called "novelties" at 15c and 25c a packet in MY book. I believe in a square deal. This is Pkt 5c.; oz 12c.; $\frac{1}{4}$ lb 40c., lb \$1.40 postpaid.

BURRELL GEM.

A grand new variety, from Rockyford, and is superior to the famous Rockyfords. This is a strong statement to make, but a trial will prove the claim. We had a number of gardeners try this melon last year and the reports were most gratifying, Burrell Gem bringing more money in the open market than any other variety. They average 6x4 $\frac{1}{2}$ inches and weigh about 2 lbs, making a nice attractive size. The rind is heavily netted, slightly ribbed and very thin; salmon flesh of simply delicious flavor. Pkt 5c.; oz 12c., $\frac{1}{4}$ lb 40c., lb \$1.40, postpaid.

GIANT CHICAGO MARKET—This fine melon has been a favorite in Chicago markets for many years. It is of the finest quality; flesh is rich and sugary and they grow to an immense size. It is ribbed, well netted and for shipping it has no superior. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 35c; $\frac{1}{2}$ lb., 60c.; lb \$1.20 postpaid.

Zimmerman's **"SUCCESS"** A Perfect Melon.

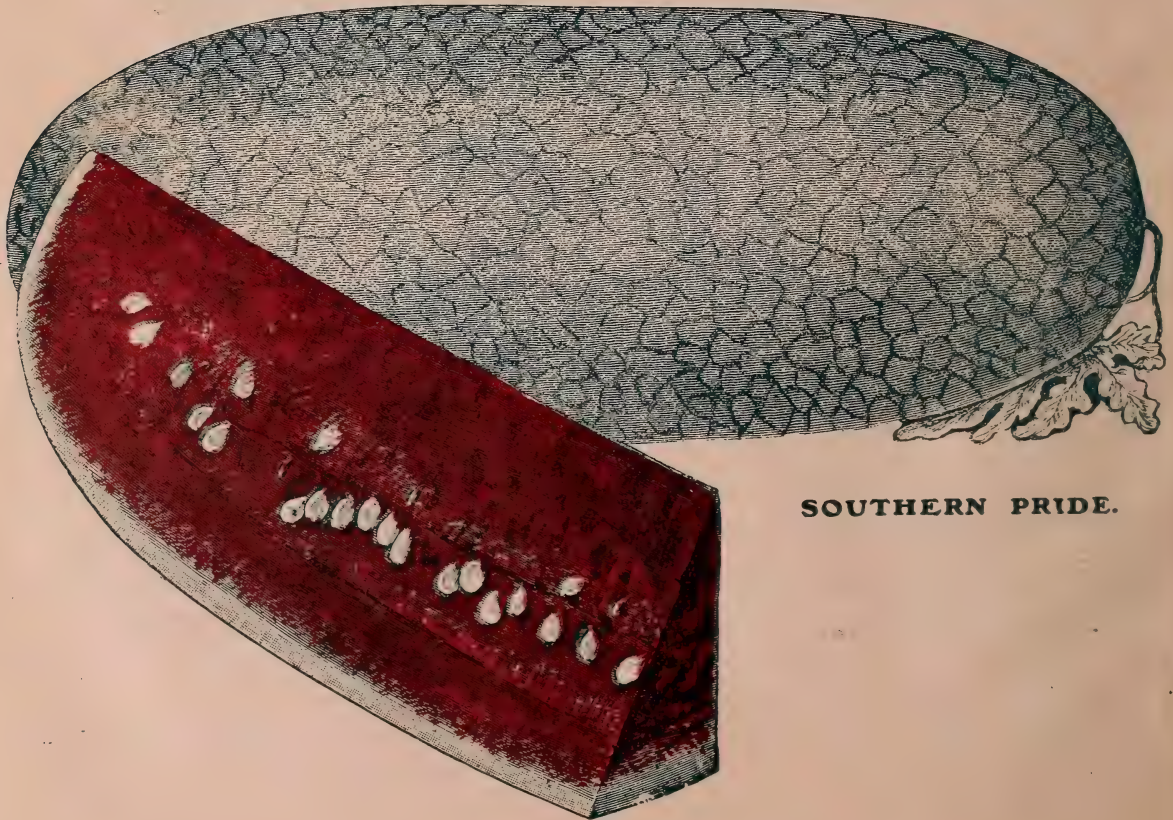

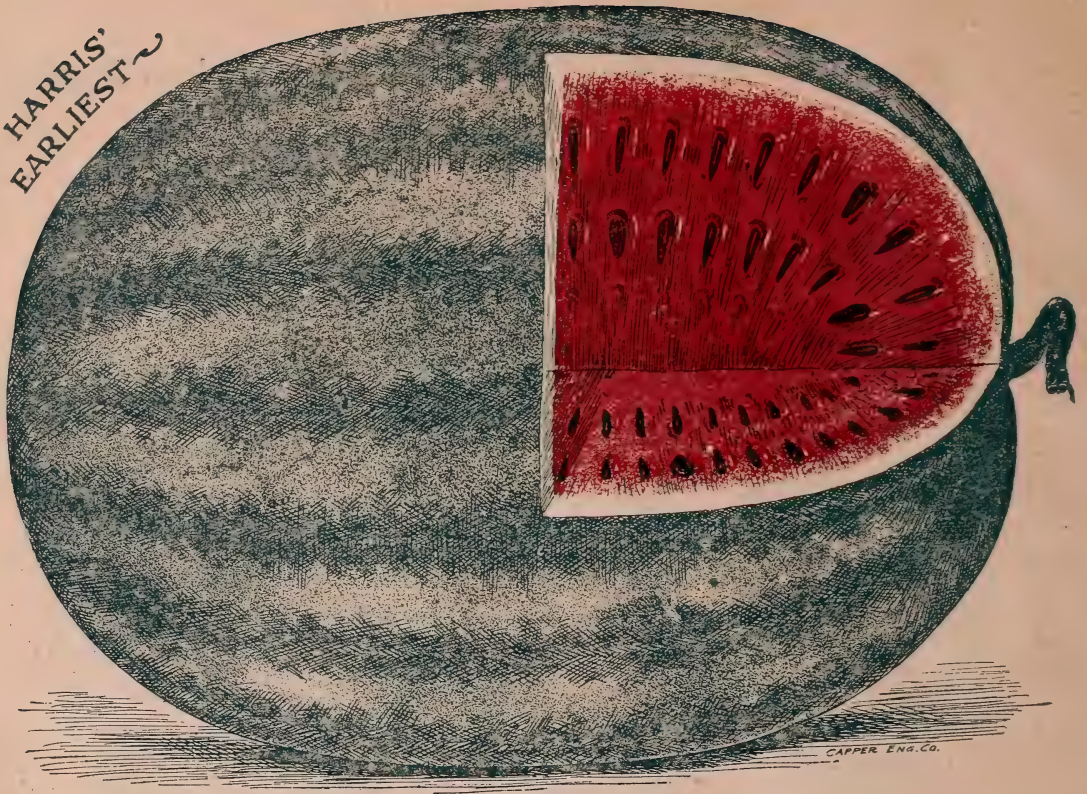

The above illustration shows the correct shape of this grand melon, which I call "Success." The size makes it a good melon for both home and market; melons will average about 6 lbs. No word can fully describe its excellent flavor—it is simply delicious and will discount any Rockyford ever put on your table. I would have liked to have shown this grand melon in colors, but secured the seed too late to do this. The above illustration, while correct as to shape, does not show the rich color of the melon. The flesh is a light orange and of melting rich flavor; is firm but not hard. They are medium early and vines produce their rich fruit in great abundance. Try this grand melon, you will be pleased with it. Pkt 5c.; oz 12c.; $\frac{1}{4}$ lb 40c.; $\frac{1}{2}$ lb 70c.; lb \$1.40, postpaid.

SPEAKING OF PACKETS: The word "Packet" may (and generally does) cover a vast amount of shortness. I have a letter before me, from a customer, who says; "Your packets contain three times the seed of -----, with whom I have been dealing, and I also find it better quality."

Now just bear this in mind: When I say PACKET, I mean WELL-FILLED. I have never seen a better filled packet than I send out. And it's all thoroughly tested. I always give A Dollar's Worth for One Dollar.

J. S. ZIMMERMAN.

HARRIS'
EARLIEST~

SOUTHERN PRIDE.

WATERMELONS.

My melon seed is grown under special contracts and seed taken from select melons only.

HARRIS' EARLIEST.

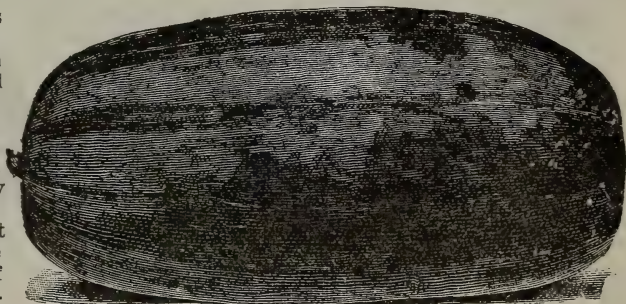

It is so superior to other early sorts that I no longer catalogue other Extra Early varieties. This melon will bring greater profits to the Market Gardener, because its extreme earliness and size enables you to be first in the market and get the top prices. The private gardener will have the first melons on his table from his own garden. Mr. Harris of Tenn., originator of the melon, best describes it. He says: "The melons are oval to oblong, color dark green with beautiful mottled grayish stripes; flesh scarlet, sweet and melting; weight 20 to 30 lbs., good shipper, keeps well, bears all summer and sure to ripen ahead of any other variety. It has been tested by Experiments at Knoxville, Tenn., and also the U. S. Government Farms and the officers at both places pronounce it 'the Earliest of All and of Good quality.'" Some inferior seed of this variety is being offered at a "cheap" price. The seed I offer is true to name, is grown especially for me by Mr. Harris, the originator, and will produce melons earlier, larger and of superior quality than the ordinary. It pays to plant the best. Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 30c; $\frac{1}{2}$ lb. 55c; lb. \$1.00, postpaid.

SOUTHERN PRIDE.

This is a remarkably fine melon in many ways. It is different from any melon I have ever seen. The flesh is bright red and of delicious sweetness, and while the rind is very thin it is also tough, which makes it desirable as a shipper, which can not be said of most extra sweet melons. The vine is a very strong grower and bears its large, silvery gray melons in great abundance. Melons average 25 inches in length and weigh on an average 30 to 40 lbs. each and ripen almost to the rind. It is an early melon and this, with its large size, delicious sweetness and shipping qualities, makes it most desirable. The melons are very attractive and prove a ready seller on the market and when once used will be a favorite. My attention was called to this melon last year by a melon expert and I immediately secured the seed, had the melons tested and made a contract for stock for this season. My stock of this fine melon is very limited this season, but I hope my melon customers will order early and try this fine melon, which is destined, I believe, to prove a great favorite. Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 30c; $\frac{1}{2}$ lb. 50c; lb. 90c, postpaid.

HALBERT'S HONEY.

This is easily one of the grandest melons grown. The equal of Kleckley Sweet in both flavor and color, and claims to be even more regular in size. The melons are blunt at stem and blossom end and generally free from the appearance of any neck. Rind is smooth dark green. Flesh rich crimson, extending less than half an inch of the rind. These melons are so brittle and tender, they cannot be shipped far by freight. Thrust a knife into one of these luscious melons it splits open. It is a home melon, for the home garden and local market. My seed of this variety was grown under special contract and cannot be excelled. Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 25c; $\frac{1}{2}$ lb. 40c; lb. 75c, postpaid.

HALBERT'S HONEY.

NEW ICEBERG.

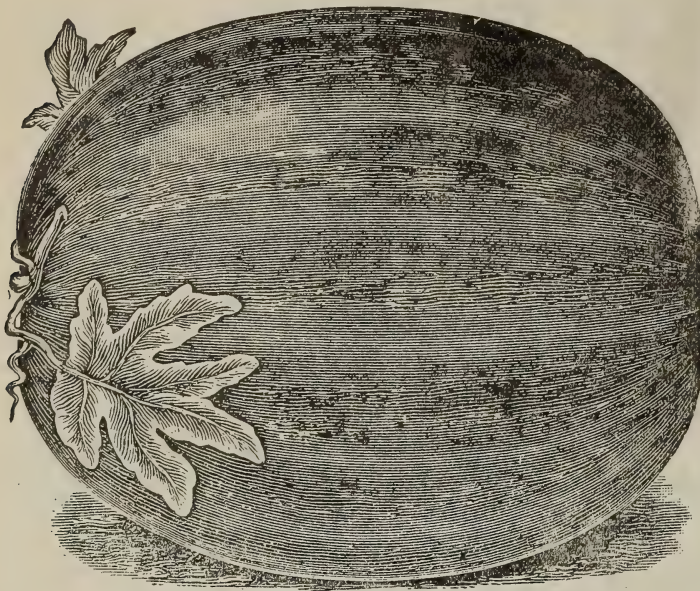

A new melon that has come into great favor as a main crop and shipping sort. It is similar in form and size to the old Kolb's Gem, well and favorably known as a shipping variety. The melons grow uniformly large, and are of thick, oval shape, as shown in the illustration. The skin is a rich, dark green, almost black, faintly striped with narrow bands of lighter green. The under portion where the melon lies upon the ground, is of a light yellow color, quite distinct. The rind is very strong and tough so that the melons can safely be shipped long distances without the least damage in transit. The meat is a fine, red color; the heart is big and solid. It is an unusually productive variety. Pkt. 5c; oz. 8c; $\frac{1}{4}$ lb. 20c; $\frac{1}{2}$ lb. 30c; lb. 50c, postpaid.

NEW ICEBERG.

ALABAMA SWEET.

A large shaped, dark skinned melon, flesh red. One of the first to come into the market, being early, and of strong growth and will bear longer than other melon. It is a light seeded melon and first class for shipping. Good size, though not ungainly. Largely raised in Texas, where it brings extra prices. Pkt. 5c; oz. 8c; $\frac{1}{4}$ lb. 20c; $\frac{1}{2}$ lb. 35c; lb. 60c., postpaid.

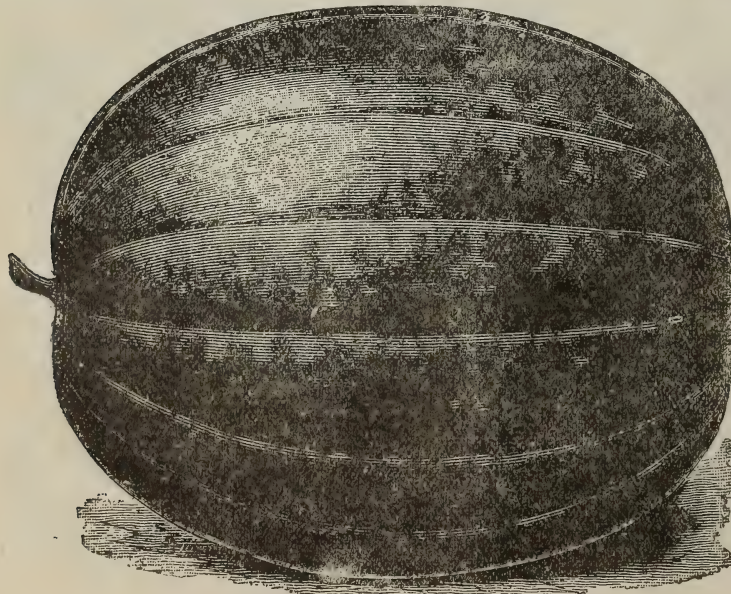

BLACK DIAMOND.

SWEETHEART—Excellent quality; heavy, uniformly mottled light and dark green. The flesh is bright red, very tender and sweet. It remains in good condition longer than any other melon. Pkt., 5c; oz., 8c; $\frac{1}{4}$ lb., 20c; $\frac{1}{2}$ lb., 35c; 1b., 60c, postpaid.

KENTUCKY WONDER—This is a superior melon in every way. As shown by the engraving, it is oblong in shape, skin very dark green, marbled with a lighter green; the flesh is a beautiful deep scarlet, crisp, tender, rich and very sweet and sugary. It is an excellent keeper and fine for market as well as for home use. The average weight is 50 pounds. We recommend this as a good old-fashioned Kentucky melon. Pkt., 5c; oz., 8c; $\frac{1}{4}$ lb., 20c; $\frac{1}{2}$ lb., 30c; 1b 50c.; postpaid.

McIVER'S SWEET—One of the very best of melons; is oblong in shape, with light and dark green stripes. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 40c., 1b 70c., postpaid.

JONES' JUMBO—Very large melon, perfectly round; rind green, with lighter stripes; deep red meat of luscious flavor. One of the very best varieties. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., 1b 60c., postpaid.

TRIUMPH

Black Diamond.

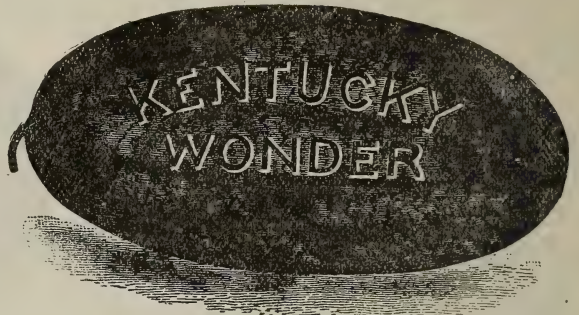

As sweet as the old Sweetheart and as fine a shipper as Kolbs Gem. It is extremely prolific, surpassing almost any other melon. An acre will produce several thousand of these grand melons ranging in weight from 60 to 90 lbs each. We offer true genuine Black Diamond seed. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., 1b 60c, postpaid.

GEORGIA RATTLESNAKE—One of the largest melons grown and is an old favorite. Long, smooth and striped with light wavy striped. Flesh bright scarlet and of fine flavor. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., 1b 60c, postpaid.

PEERLESS or ICE CREAM—One of the best of water melon; solid and of good flavor. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 30c., 1b 50c., postpaid.

MAMMOTH IRONCLAD—Is one of the very largest melons grown. It resembles the Rattlesnake, but grows to a much larger size. The flesh is fine and solid and is of delicious sugary flavor. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 30c., 1b 50c., postpaid.

Our Melon Seed is Grown Especially for Us under Contracts and is Fresh, Pure and True to Name.

TRIUMPH.

An exceedingly large melon, very early, a heavy yielder, deliciously sweet. This melon has been advertised under different names but we prefer to advertise it just as it is. The flesh is bright scarlet; rind a dark brownish green. It is a grand table melon and an unusually fine shipper. For richness of flavor coupled with enormous size and heavy yielding properties, the Triumph is the finest melon in the world. Our seed is fresh, new crop of 1904 and the best quality. You will make no mistake if you plant this melon. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 30c., 1b 50c., postpaid.

CITRON—Used for preserving. Grows round and smooth and are striped and marbled with light green. Flesh is white and solid. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 40c., 1b 75c., postpaid.

Some Grand Water-melons on Page 23.

GRAND MAIN CROP MELONS.

KING OF MAMMOTHS—These are the largest Water Melons in the world. The illustration given above is a correct one. It is a late variety of fine sweet, sugary flavor; this, with its enormous size, makes it the best of sellers. If you want a tremendous Melon of good quality, try our King of Mammoths and you will get the best and largest. Pkt 5c; oz 10c; $\frac{1}{4}$ lb 25c; $\frac{1}{2}$ lb 40c; 1b 75c, postpaid.

KLECKLEY'S SWEET—The sweetest Water Melon in the World. Large oblong shape. The skin is dark green; rind is very thin and brittle; a fully ripe Melon will always split ahead of the knife when cutting. The flesh is bright scarlet, sugary and melting in the highest degree. The heart is broad and solid. This melon is not a good shipper, because of its brittle rind, but is the finest table variety in the world and for home market. We have the true genuine stock, which is very hard to obtain. Remember you get the pure genuine stock from us at the following prices: Pkt 5c; oz 10c; $\frac{1}{4}$ lb 25c; $\frac{1}{2}$ lb 40c; 1b 75c, postpaid.

IMPROVED KOLB'S GEM—This is fully a week earlier than the ordinary Kolb's Gem, besides being much larger and a heavier yielder. The fruit is of large size, round, heavily mottled, with stripes of light green, which gives it an attractive appearance; flesh is bright red, extending to within $\frac{1}{2}$ inch of the rind; it is a good keeper and a most excellent shipper, being firm, and a good keeper. Our improved strain is not as coarse as the ordinary. Pkt 5c; oz 8c; $\frac{1}{4}$ lb 18c; $\frac{1}{2}$ lb 30c; 1b 50c, postpaid.

MOUNTAIN SWEET—An old standard. Is of large size and fine flavor; rind thin and dark color. It is a grand old-fashioned melon. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., 1b 60c., postpaid.

DIXIE—A cross between Kolbs Gem and Mountain Sweet, combining the superior shipping qualities of the former, with the productiveness and fine flavor of the later. Skin is dark green striped lighter; flesh is scarlet, fine and firm. A heavy producer, bearing melons weighing 40 to 50 lbs in large numbers. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., 1b 60c., postpaid.

LIGHT ICING or ICE RIND—Nearly round, solid, with thin rind and a most excellent melon. A good shipper, despite its thin rind. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 40c., 1b 70c., postpaid.

IRONCLAD—Resemble the Rattiksnake, but grow much larger, making them a very large melon. It is one of the very best shippers and, it is claimed, melons pulled in October will keep until Christmas. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., 1b 60c., postpaid.

MUSHROOM SPAWN. Comes in bricks and is easily cultivated. May be grown in cellar or shed or in hot-beds out doors. Shake fresh horse manure well apart and lay in a heap to ferment. Turn it and mix thoroughly every 3 or 4 days that it may become equally fermented. When the dung is ready, mark out the bed, mix dung and beat it down with fork to a thickness of 18 or 20 inches. Allow the bed to remain until it becomes warm—a temperature of about 75 degrees. Divide spawn into small lumps and plant 2 inches deep, 6 inches apart; then cover all with 2 inches light soil and protect from heavy rains. Mushrooms will appear in 4 to 6 weeks. Do not water the beds unless quite dry, then use lukewarm water. Price brick 40c., 2 bricks 70c., postpaid. By express or freight, 5 bricks \$1.20. 10 bricks \$2 10.

ONION SEED.

My Onion seed is fresh and thoroughly tested. Dont plant Onion seed of doubtful quality. PLANT MY TESTED SEED.

ZIMMERMAN'S EARLY GLOBE.

An extra early, perfect globe-shaped onion. Its color is real dark red. It is extremely early and at the same time produces onions as large as the late globe varieties. Its earliness, together with large size, rich color and perfect globe shape, make it a most desirable onion for both home and market. My stock of this variety is limited and I would advise early orders. Pkt 5c.; oz 20c.; $\frac{1}{4}$ lb 60c.; $\frac{1}{2}$ lb 1.00; lb \$1.90, postpaid.

ZIMMERMAN'S EARLIEST.

This extra early red onion has been carefully selected and is, I believe, the earliest of onions, being a trifle earlier than my Early Red Globe, but is flat. The seed I offer has been improved until it has reached the highest degree of perfection as a reliable, extra early onion. Is of medium size, fine grained, deep red and shaped as shown in the illustration. They succeed in cold, mucky ground where others will fail. It is reliable and beats them all to the early market. Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 45c.; $\frac{1}{2}$ lb 80c.; lb \$1.60, postpaid.

ZIMMERMAN'S EARLIEST.

YELLOW GLOBE DANVERS.

EXTRA EARLY BARLETTA—The earliest white variety grown. Are pure white, mild and of delicate flavor. Fine for table use and pickling, Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 50c.; $\frac{1}{2}$ lb 90c.; lb \$1.75, postpaid.

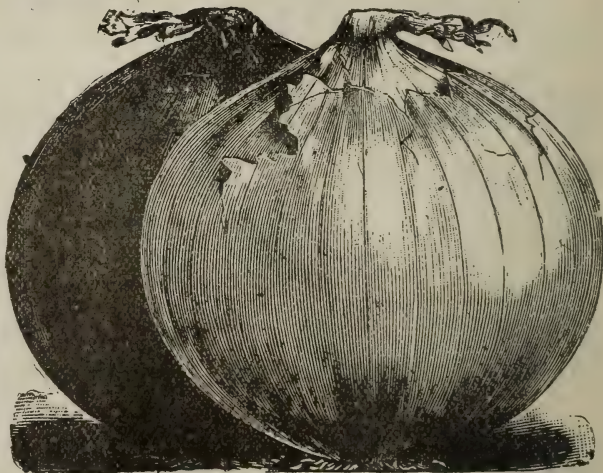

WHITE PORTUGAL or SILVER SKIN—A beautiful standard white onion. They grow to a good size and ripen early and evenly. The flesh is mild and the skin is a beautiful clear silvery white. A favorite when young as a salad or bunching onion, but is also a good keeper and fine for fall use. Pkt 5c.; oz 20c.; $\frac{1}{4}$ lb 60c.; $\frac{1}{2}$ lb \$1.10; lb \$2.00, postpaid.

YELLOW GLOBE DANVERS.

I offer the earliest strain of Yellow Globe Danvers. They of uniform large size and command the highest market price. The skin is a rich golden color; flesh is white, mild pleasant flavor, fine grained. They are excellent keepers and the hardest and most productive onions in cultivation. My seed is the best quality, plump and of strong vitality. It is very necessary that onion seed should be fresh and of strong germination. Get the best. Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 45c.; $\frac{1}{2}$ lb 75c.; lb \$1.40, postpaid.

Try my "Early Bird Collection." 7 Grand, Extra Early Vegetables. See Page 39.

SOUTHPORT WHITE AND RED GLOBE.

SOUTHPORT RED GLOBE—The same size and shape of the White Globe, but is a rich deep red in color. A splendid keeper and of fine quality. Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 50c.; $\frac{1}{2}$ lb 80c.; lb \$1.50, postpaid.

SOUTHPORT WHITE GLOBE—Perfectly ball-shaped; silvery white and commands the highest market price. Flesh is firm and fine grained. Pkt 5c.; oz 20c.; $\frac{1}{4}$ lb 65c.; $\frac{1}{2}$ lb \$1.15; lb \$2.25, postpaid.

AMERICAN PRIZE-TAKER

MAMMOTH SILVER KING—This is truly a mammoth onion. No other white onion attains such large nor such uniform size. The average size of fully grown Mammoth Silver King is 5 to 8 inches in diameter. The skin is a beautifully silvery white, while the flavor is so mild and sweet that it may be eaten like an apple. I have the true Italian seed, fresh and pure. Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 45c.; $\frac{1}{2}$ lb 80c.; lb \$1.50, postpaid.

AUSTRALIAN BROWN—Of medium size, very hard and solid and ripen evenly and early, being over four weeks earlier than the Wethersfield. The color of skin is a pale reddish brown, distinct from any other variety and causes them to attract attention in the market. No other onion has such keeping qualities. Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 45c.; $\frac{1}{2}$ lb 80c.; lb \$1.50, postpaid.

WHITE BERMUDA—(Genuine Imported Seed). Especially adapted to the Southern and South-western states and is one of the most profitable varieties grown. They are of large size, mild and easily cultivated. My seed of this variety is as pure as can be obtained and is direct from Tenerife, one of the Canary Islands and the home of the Bermuda Onions. Pkt 5c.; oz 20c.; $\frac{1}{4}$ lb 70c.; $\frac{1}{2}$ lb \$1.30; lb \$2.50, postpaid.

RED BERMUDA—The same form, size and description as the White Bermuda. The difference being in color; this being a pinkish color, with white flesh, slightly suffused with pink, and preferred by many to the white. Pkt 5c.; oz 20c.; $\frac{1}{4}$ lb 70c.; $\frac{1}{2}$ lb \$1.30, lb \$2.50, postpaid.

AMERICAN PRIZE-TAKER—This is a handsome variety of celebrated fancy Spanish Onions, which are imported in the United States and sold for from twenty-five to fifty cents each. They grow to an enormous size, as specimens from my seed have been grown to weigh 5 $\frac{1}{2}$ pounds each. The flesh is pure white, fine grained, mild and delicate in flavor and present the handsomest appearance possible. Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 45c.; $\frac{1}{2}$ lb 75c.; lb \$1.40, postpaid.

LARGE RED WETHERSFIELD—You will find my stock of this famous Red Onion to be the very best. I have an unusual heavy market gardener trade on this seed, which more than doubled last year—proof of the superior quality of MY ONION SEED. There is cheap seed of this onion on the market that is of inferior quality. The skin of this onion is a deep purplish red; flesh white and moderately fine grained. Of pleasant flavor and produces enormous crops. Pkt 5c.; oz 15c.; $\frac{1}{4}$ lb 45c.; $\frac{1}{2}$ lb 80c.; lb \$1.50, postpaid.

See my list of Poultry Supplies on Page 70 of this Catalogue.

Zimmerman's Select Onion Sets.

I can't be beaten on the "Onion Question." I watch it very close; I have to. I have a very critical market gardener trade all over this country—customers who look to me for their seed and sets, and they want THE BEST. I have a fine lot of sets this year, just as fine as you ever saw—no "culls" in them; graded to the proper size.

YELLOW BOTTOM SETS—Pint 15c.; qt 25c., postpaid. By express or freight, peck 80c.; $\frac{1}{2}$ bu \$1.50; bu \$3.00.

RED BOTTOM SETS—Pint 15c.; qt 25c., postpaid. By express or freight, peck 85c.; $\frac{1}{2}$ bu \$1.65; bu \$3.25.

WHITE BOTTOM SETS—Pint 15c.; qt 25c., postpaid. By express or freight, peck 95c.; $\frac{1}{2}$ bu \$1.75; bu \$3.50.

Cheap Seed.

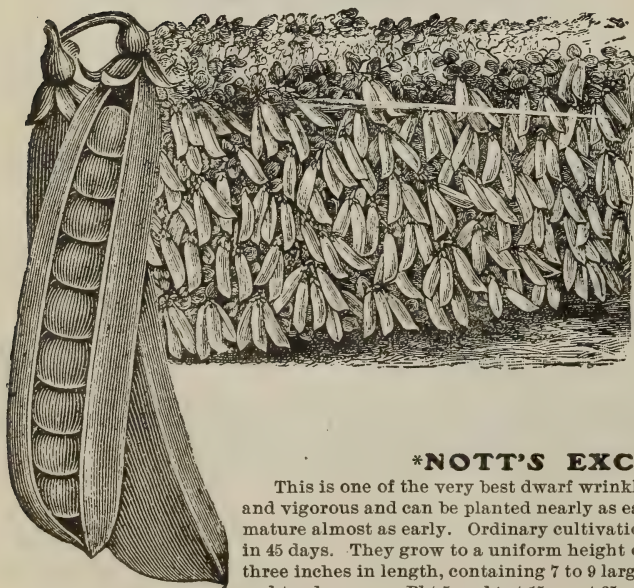

In comparing my prices with others, please remember the stock I handle is positively the very best grade to be had. It is grown especially for me under special contracts and by experienced growers, then thoroughly tested before being sent out. I have a heavy Market Gardener trade, and my books show this trade to be nearly doubling every year, at the same time I hold practically ALL MY OLD CUSTOMERS. This speaks for the quality of my seed and is very gratifying to me. Send me your order this year and we will BOTH be pleased.

PEAS.

Peas are scarcer this year than ever before. Many varieties were almost an entire failure. As soon as I saw the shortage, I began at once to search for choice stock, paying double and, in several cases, almost thrice the usual price. BUT I GOT THE PEAS, and NEW CROP at that. Look out for OLD PEAS this year. Beware of the "cheap." I have made my prices as low as NEW TESTED STOCK can be sold. I could have bought some "low price" peas, but I DIDN'T—I DON'T HANDLE THAT KIND. Varieties marked * are wrinkled.

TWO WEEKS EARLY PEA.

NOTT'S EXCELSIOR.

TWO WEEKS EARLY.

THE EARLIEST PEA. A SURE CROPPER.

This is not only the Earliest Pea in cultivation, but is unequalled for yield and regularity of growth. They bear a heavy crop of well-filled pods from 3 to 3½ inches in length, nearly all of which can be gathered at one or two pickings. The vines grow 18 inches high and are loaded with these early delicious peas. Their flavor is the best and they are by far the earliest and finest early pea on the market. This pea has more than fulfilled all the claims I have made for it. It will make a crop where others fail and will be the first in the market. Wherever planted, they have NEVER failed to bear abundantly and are THE FIRST. They are not an everbearing pea, but produce a large crop, mature uniformly and the space can then be used for some other vegetable, before other peas are near maturity. Pkt 5c.; ½ pt 20c.; pt 30c.; qt 50c., postpaid. By express or freight, qt 35c.; 4 qts \$1.30; peck \$2.50.

*LITTLE GEM—(Improved Strain) A great improvement over the old Little Gem and is a second early of fine flavor. It is of very dwarf growth. Pkt 5c.; ½ pt 20c.; pt 30c.; qt 50c., postpaid. By express or freight, qt 35c.; 4 qts \$1.30; peck \$2.50.

*GRADUS or PROSPERITY—An early wrinkled pea, of large size and fine quality. It grows about 30 inches high, produces long pods which are 3 to 5 inches in length and contain 8 to 10 peas. This pea is a great favorite with gardeners everywhere. Pkt 5c.; ½ pt 20c.; pt 30c.; qt 55c., postpaid. By express or freight, qt 40c.; 4 qts \$1.50; peck \$2.75.

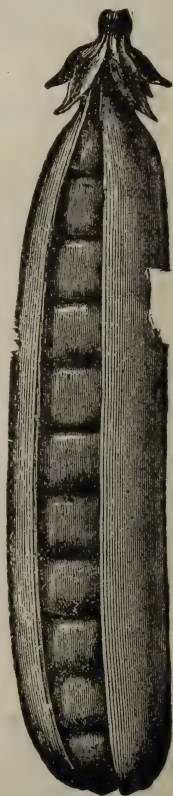

ALASKA—Is an extra early pea. The vines grow about two feet high. The pods about three inches in length and are well filled with smooth, round peas of good quality. Pkt 5c.; ½ pt 15c.; pt 25c.; qt 45c., postpaid. By express or freight, qt 30c.; 4 qts \$1.15; peck \$2.25.

FIRST AND BEST—An extra early smooth pea. It is hardly as early as the Alaska, but is a good yielder and a great favorite. Pkt 5c.; ½ pt 15c.; pt 25c.; qt 45c., postpaid. By express or freight, qt 30c.; 4 qts \$1.15; peck \$2.25.

*AMERICAN WONDER—A very popular early, very tender and sweet. Vines grow 8 to 10 inches tall. Pkt 5c.; ½ pt 18c.; pt 30c.; qt 50c., postpaid. By express or freight, qt 35c.; 4 qts \$1.30; peck \$2.50.

*NOTT'S EXCELSIOR.

This is one of the very best dwarf wrinkled peas in cultivation. Is hardy and vigorous and can be planted nearly as early as the smooth sorts and will mature almost as early. Ordinary cultivation quite frequently matures them in 45 days. They grow to a uniform height of about one foot and produce pods three inches in length, containing 7 to 9 large wrinkled peas of superior flavor and tenderness. Pkt 5c.; ½ pt 15c.; pt 25c.; qt 45c., postpaid. By express or freight, qt 30c.; 4 qts \$1.15; peck \$2.25.

GRADUS.

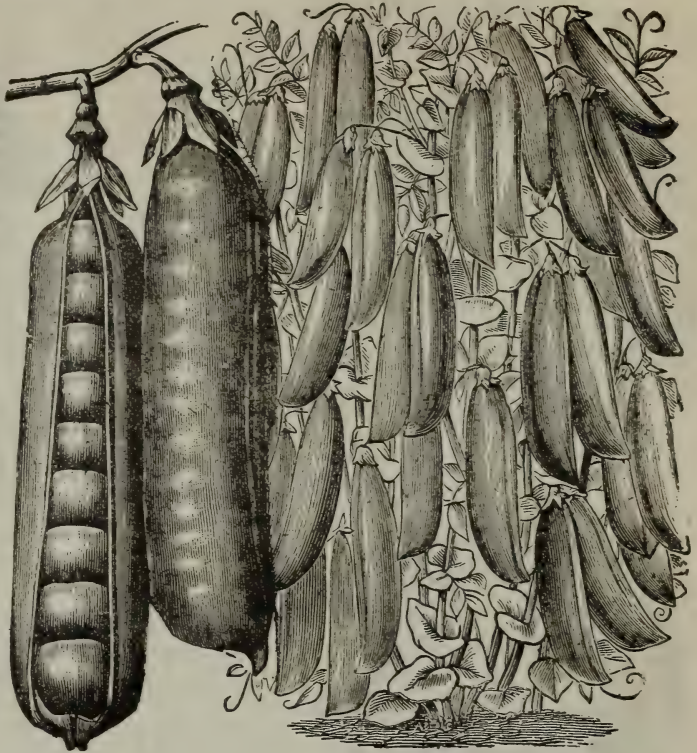

ZIMMERMAN'S *RELIANCE.

I first offered the Reliance Pea in 1906 and it immediately became a favorite with my customers everywhere. It is an early wrinkled pea, coming just after the smooth varieties. Can be planted as soon as the ground can be worked. Vines grow about 20 inches high and are simply loaded with pods, averaging nine fine, large, wrinkled peas to the pod. They are the finest of table peas, the flavor being simply delicious, while their large, fine appearance make them a profitable market pea. I want you to try this grand pea, as I know it will prove satisfactory and profitable. Pkt 5c.; $\frac{1}{2}$ pt 15c.; pt 25c.; qt 40c., postpaid. By express or freight, qt 30c.; 4 qts \$1.10, peck \$2.25.

***IMP. STRATAGEM**—An excellent wrinkled pea, with a sturdy vine, growing about 24 inches high. It is vigorous, productive, very satisfactory and is a great favorite with market gardeners. Each seed, as a rule, produces two stalks. The pods are extra large size and well filled with delicious peas. Pkt 5c.; $\frac{1}{2}$ pt 15c.; pt 25c.; qt 45c., postpaid. By express or freight, qt 30c.; 4 qts \$1.15; peck \$2.25.

***YORKSHIRE HERO**—As a main crop, this has few equals. Its long, round pods are closely filled with large peas of fine flavor. Pkt 5c.; $\frac{1}{2}$ pt 15c.; pt 25c.; qt 45c., postpaid. By express or freight, qt 30c.; 4 qts \$1.15; peck \$2.25.

DWARF SUGAR—The best of the edible pod peas. It grows to a medium height and is very prolific. Pkt 5c.; $\frac{1}{2}$ pt 15c.; pt 25c.; qt 40c., postpaid. By express or freight, qt 25c.; 4 qts 90c.; pk \$1.75.

ZIMMERMAN'S RELIANCE.

***BLISS' EVERBEARING**—They grow from 18 inches to two feet high. The pods are 3 to 4 inches long and well filled with large peas of fine quality. They bear continually throughout the season. It has a peculiar branching habit, forming as high as ten stalks from a single root stalk. I heartily recommend this variety as one that will give satisfaction. Pkt 5c., $\frac{1}{2}$ pt 15c., pt 25c., qt 45c., postpaid. By express or freight, qt 30c., 4 qts \$1.10; peck \$2.10.

***ZIMMERMAN'S MAMMOTH**—They grow four feet high and the yield is simply enormous. Its tall, healthy vines are loaded with giant pods, filled with large peas of excellent flavor. Pkt 5c., $\frac{1}{2}$ pt 20c., pt 30c., qt 50c., postpaid. By express or freight, qt 35c., 4 qts \$1.30, peck \$2.50.

***TELEPHONE**—This is one of the largest peas grown. Vine: grow from 3 $\frac{1}{2}$ to 4 feet high and are filled with large pods containing 8 to 10 peas of good size and flavor. This is a most excellent pole or stick pea. Pkt 5c., $\frac{1}{2}$ pt 15c., pt 25c., qt 45c., postpaid. By express or freight, qt 30c., 4 qts \$1.15, peck \$2.25.

***CHAMPION OF ENGLAND**—A well-known late variety, and very popular, being one of the best tall peas. It is superior to the common Marrowfat, which it resembles. Pkt 5c., $\frac{1}{2}$ pt 15c.; pt 25c., qt 45c., postpaid. By express or freight, qt 30c., 4 qts \$1.10, peck \$2.00.

WHITE MARROWFAT—An old standard smooth pea, growing 3 to 5 feet high. It is good for mid-summer or late crop. Pkt 5c., $\frac{1}{2}$ pt 12c., pt 20c., qt 35c., postpaid. By express or freight, qt 20c., 4 qts 75c., peck \$1.25.

BLISS' EVERBEARING.

NOTICE! Never before has there been such a shortage in Seed Peas. This shortage will doubtless bring on the market much old and inferior stock, which would be dear at any price. My stock is NEW CROP of the VERY BEST QUALITY and is THOROUGHLY TESTED.

PARSNIPS.

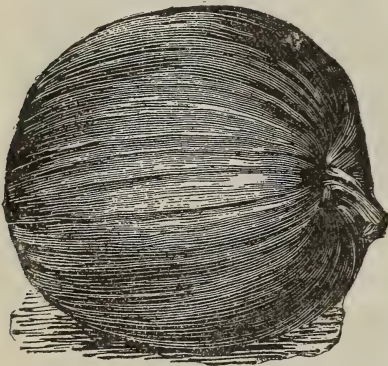

HOLLOW CROWN SUGAR or LONG SMOOTH—This is one of the oldest and best varieties in cultivation. White, sweet, tender and of excellent flavor. Pkt 5c; oz 8c; ¼ lb 15c; ½ lb 25c; lb 40c, postpaid.

GUERNSEY—The Roots are short, ending abruptly, with a small tap root. Grows below the surface and has smooth, clear skin. Pkt 5c; oz 8c; ¼ lb 15c; ½ lb 25c; lb 40c, postpaid.

PARSLEY.

CHAMPION MOSS CURLED—An excellent variety; the leaves are finely curled and of a dark green color; extra fine for garnishing and culinary purposes. Pkt 5c; oz 8c; ¼ lb 20c; ½ lb 35c; lb 60c, postpaid.

NEW EMERALD—The plants are dwarf and compact. Leaves a handsome bright green, finely curled. Pkt 5c; oz 8c; ¼ lb 20c; ½ lb 35c; lb 60c, postpaid.

Pumpkins.**THANKSGIVING PIE.**

JAPANESE PIE—The flesh is very thick, fine grained and sweet, having a sweet potato flavor. The seed cavity is small and in one end, while large neck is solid meat. They ripen early and are very desirable as a pie or cooking pumpkin. Pkt 5c., ½ oz 10c., ¼ lb 25c., ½ lb 40c., lb 75c., postpaid.

CASHAW—Popular variety. Sometimes called Crooknecked. Has yellow flesh, solid and sweet. Pkt 5c., oz 8c., ¼ lb 20c., ½ lb 35c., lb 60c., postpaid.

TENNESSEE SWEET POTATO—Medium size, creamy white color; fine for cooking and makes excellent pies. Pkt 5c., oz 10c., ¼ lb 25c., ½ lb 40c., lb 75c., postpaid.

THANKSGIVING PIE PUMPKIN.

MOTHER'S THANKSGIVING PIE—This most excellent variety has been produced through the careful blending of the best of the sugar varieties and as a result, we have the most perfect pie pumpkin ever offered. They are not large, but just the proper size for easily handling and their quality is unsurpassed. If you like Pumpkin Pies, just plant some of this Thanksgiving Pie Pumpkin and see what delicious pies you will have. Is of orange yellow and the flesh is fine grained and exceedingly sweet. They are splendid Pkt 5c., oz 10c., ¼ lb 20c., lb 60c, postpaid.

WINTER LUXURY—A beautiful golden russet color, very productive, fine grained, an excellent keeper and one of the best for pies. Pkt 5c; oz 8c; ¼ lb 20c; ½ lb 35c; lb 55c, postpaid.

KING OF THE MAMMOTH—This is also called Jumbo, True Pot Iron Mammoth Yellow. It is the largest pumpkin grown, averaging from 100 as high as 225 pounds each. Skin is a bright orange yellow; flesh is fine grained and of good quality. Pkt 5c; oz 15c; ¼ lb 35c; ½ lb 55c; lb 95c., postpaid.

COMMON FIELD—The well-known old Conn. field variety. Grows well among corn. Stock feeding. Pkt 5c; ½ oz 8c; ¼ lb 15c; ½ lb 25c; lb 40c. postpaid.

Choice Peppers.

THE NEW MAMMOTH—The largest and finest red pepper. As large as Procop's Giant and as mild as Ruby King. This is a new variety and one that will become very popular. The long fine fruits are of a brilliant scarlet, but mild enough to eat like tomatoes and have a pleasant flavor. They grow 6 to 8 inches in length and 4 to 6 inches in thickness. They are very shy seeders, which makes the seed scarce and of high price. You should certainly plant this grand new variety. Include a packet with your order. Pkt 5c., ½ oz 15c., oz 25c., ¼ lb 75c., postpaid.

RUBY KING—A large red variety of handsome appearance. Grows four to six inches in length and three to four inches through. They are so mild and sweet that they can be sliced in vinegar and eaten. Pkt 5c; ½ oz 10c; oz 15c; ¼ lb 50c, postpaid.

CELESTIAL—Plants grow to a height of two feet and bear heavily. Up to the time they are fully grown they are a rich creamy yellow, turning to a bright scarlet when ripe. This is a very useful pepper. Pkt 5c; ½ oz 12c; oz 20c; ¼ lb 60c, postpaid.

PROCOPP'S GIANT—This has long been the giant of the pepper family. Covered with peppers from 7 to 9 inches long and just mild enough to be pleasant to the taste. Pkt 5c; ½ oz 12c; oz 20c; ¼ lb 60c, postpaid.

LONG RED CAYENNE—The old true red variety; fruit conical shaped, red in color and the flesh is strong and hot. Pkt 5c; ½ oz 10c; oz 15c; ¼ lb 50c, postpaid.

RED CHILI—The true Red Chili pepper. Small, bright red and very hot. Pkt 5c., ½ oz 12c., oz 20c., ¼ lb 60c., postpaid.

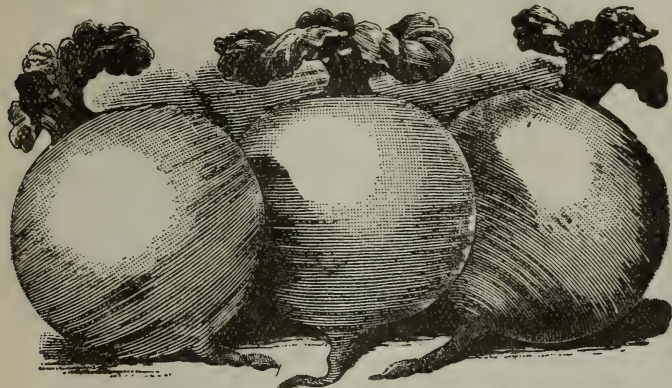

LARGE BELL or SWEET SPANISH—Suitable for filling with cabbage, etc and for mixed pickle; an early variety and less pungent than most sorts. Scarlet color. Pkt 5c., ½ oz 12c., oz 20c., ¼ lb 50c., postpaid.

GOLDEN DAWN MANGO—Resembles Large Bell in shape, but the color is a beautiful golden yellow, making them very attractive. Pkt 5c., ½ oz 12c., oz 20c., ¼ lb 60c., postpaid.

**NEW MAMMOTH.**

NEW LIGHTNING RADISH—The growth and maturity is very rapid and it is the earliest variety we have been able to find. We feel we can assure our customers that when they plant this Lightning radish, they will have early radishes many days before others. It is a beautiful variety; dark red in color and round in shape. As tenderness is the result of rapid growth, this variety is unsurpassed in both tenderness and flavor. Pkt 5c; oz 10c.; $\frac{1}{4}$ lb 25c.; $\frac{1}{2}$ lb 40c.; lb 75c., postpaid.

RADISHES

EARLY WHITE, TURNIP-SHAPED.

EARLY WHITE, TURNIP-SHAPED—Very early, medium size, round and a clear pure white. Of mild, sweet flavor and will bear the heat without becoming spongy. Is also good for forcing. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., lb 60c., postpaid.

CRIMSON GIANT—New type of radish attaining a size more than double any other forcing radish, without getting hollow or pithy. They are round turnip-shaped and often reach 6 to 8 inches in circumference. Their pure white flesh remains firm and mild, despite their large size. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., lb 60c., postpaid.

EARLY SCARLET GLOBE—Very early, mild, crisp and tender. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., lb 60c., postpaid.

FRENCH BREAKFAST—As shown by the illustration, this is a beautiful radish; very early, bright scarlet, with white tip. It is one of the very best for family use. Pkt 5c; oz 10c; $\frac{1}{4}$ lb 20c; $\frac{1}{2}$ lb 30c; lb 50c,

FRENCH BREAKFAST RADISHES

ROSY GEM—Perfect globe shape; deep red on top and white at bottom. One of the earliest varieties in cultivation. Crisp, tender and do not become hollow or pithy. Desirable for forcing under glass. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., lb 60c., postpaid.

SEAR IN MIND THAT OUR SEED IS THE BEST AND NEW CROP

EARLY SCARLET TURNIP, WHITE TIPPED—For out-door culture, this variety has no superior and has been a leading market Radish for several years. It is in great demand by the most critical growers, and we have the finest stock. Pkt. 5c; oz 10c; $\frac{1}{4}$ lb 15c; $\frac{1}{2}$ lb 30c; lb 50c, postpaid.

NEW LIGHTNING

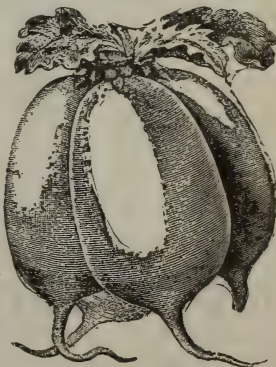

NEW LEAFLESS RADISH.

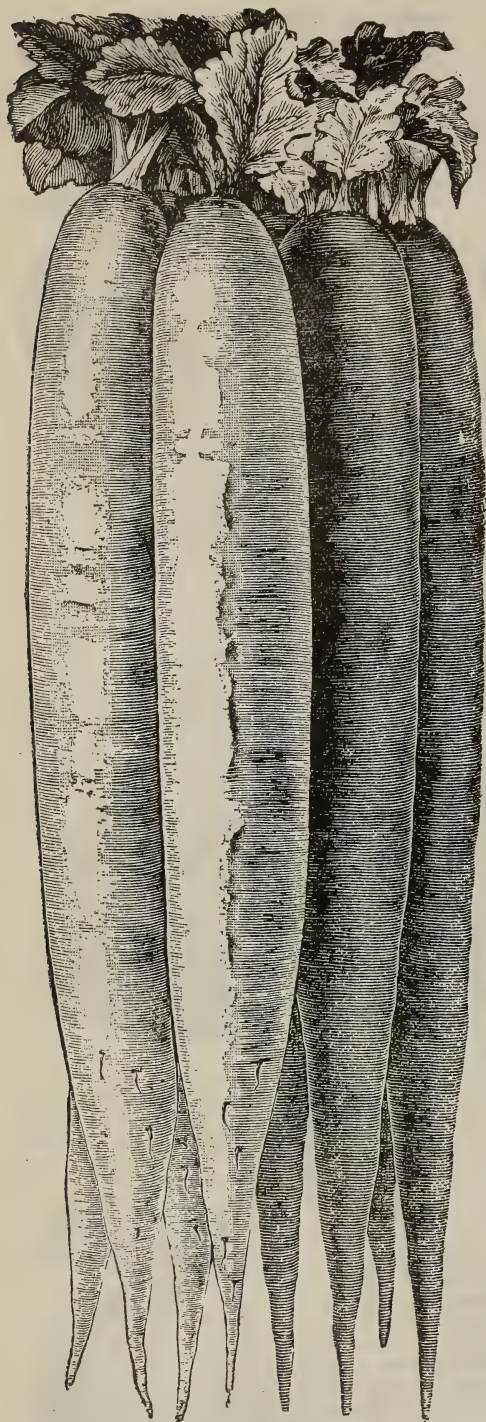

NEW LEAFLESS—This is a very fine radish and attracts attention both on the market and in the garden, because of the beautiful color and shape of the radish and the small amount of leaves it produces. The color of skin is a very bright scarlet, while the flesh is white, crisp and tender. It is a decided acquisition to the garden and table. Matures quickly; is a shy seeder, which causes the seed to be scarce and high. You will find it one of the very best. Pkt 5c.; oz 10c.; $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., lb 60c., postpaid.

A FINE EARLY RADISH.
EARLY WHITE, OLIVE SHAPED
—A very early and handsome variety, pure white in color. So early is this variety that many claim it as the earliest radish in cultivation, and it is certainly one of the very best. It is crisp, tender and of good flavor. Has small top. The correct shape is shown in the illustration. Pkt 5c; oz 10c.; $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 30c; lb 50c, postpaid.

WHITE STRASBURG—The roots are oblong; both skin and flesh pure white; flesh firm, crisp and tender and retains these qualities even when old. Pkt 5c; oz 10c; $\frac{1}{4}$ lb 18c; $\frac{1}{2}$ lb 30c; lb 50c, postpaid.

WHITE OLIVE SHAPED.

WHITE ICICLE. LONG SCARLET SHORT TOP.

Choice Long Radishes.

NEW WHITE ICICLE—Pure white, long and slender. The earliest of the long white radishes; as early as the Long Scarlet Short Top and more desirable for forcing in open ground. They are crisp and tender and remain so a long time. We recommend this as an extra good radish. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., 1b 60c., postpaid.

CHARTIERS—Long scarlet white tipped. Scarlet at the top and shading to pink in the center, with a clear white tip. Tender, crisp and mild and a favorite with market gardeners. Pkt 5c., oz 10c.; $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., 1b 60c., postpaid.

LONG SCARLET SHORT TOP—This is the standard long variety for home and market. They are long, straight, smooth, a rich scarlet color, crisp and of superior flavor. As early as the round varieties and grow 5 to 7 inches long and half out of the ground. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 30c., 1b 60c., postpaid.

LONG WHITE LADY FINGER—One of the very best long white radishes and is a very popular variety. Is a great favorite with market gardeners, being of attractive shape, sweet and mild with brittle flesh. While an old standard radish, the demand is greater each year. Our seed of this variety is very select. Per pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 30c., 1b 60c., postpaid.

NEW WHITE CHINESE—This variety is sometimes called Celestial. They grow 12 to 15 inches long and 3 inches in diameter and is one of the finest of the large varieties. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., 1b 60c., postpaid.

CALIFORNIA MAMMOTH WINTER—An extra large, fine fall radish. Pure white flesh and is tender and solid. They grow from 8 to 12 inches long and of perfect shape. While these radishes grow to an enormous size, they do not become woody, as do some large varieties, but are of good quality. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., 1b 60c., postpaid.

ROSE CHINA WINTER—Also called Scarlet Winter. A large fine shaped radish of half-long shape and rose colored skin; flesh white and mild. A good winter keeper and very showy. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 20c., $\frac{1}{2}$ lb 35c., 1b 60c., postpaid.

LONG BLACK SPANISH—A favorite winter radish and is an excellent keeper. A large black-skinned radish, with firm white flesh of pungent flavor. They keep easily until spring, making them most valuable for those who wish good keepers. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 35c., 1b 70c., postpaid.

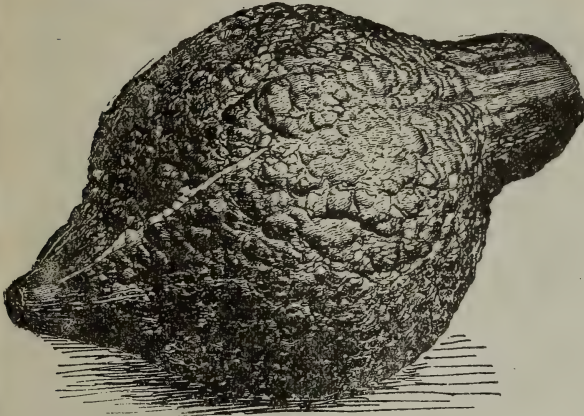

Important Facts: PLANT TESTED SEED. The seed I offer has been thoroughly tested; was all grown under special contracts and at ideal growing places. It is pedigreed seed and true to name. My seeds are planted yearly all over the world; in EVERY State, Territory and Possession of the United States. I have more than doubled my facilities since last year and I promise your order will receive PROMPT and CAREFUL attention.

Very truly yours,

J. S. ZIMMERMAN, PROP'R

SQUASH.

We offer the best and most popular varieties. Our seed is fresh, THOROUGHLY TESTED and unsurpassed by any on the market, and the prices as low as good seed can be sold.

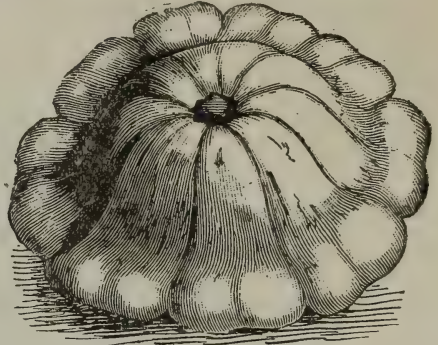

WARTY HUBBARD—This is the ideal Hubbard for home and market use. It is more largely advertised than any other variety. It is very sweet and considered superior to the other varieties by many. The longest keeper and best shipper. Pkt 5c; oz 10c; ¼ lb 25c; ½ lb 45c; 1b 80c., postpaid.

IMPROVED MAMMOTH HUBBARD—A select strain of the celebrated Hubbard Squash and noted for its immense size. It is more attractive than the other varieties of Hubbard Squashes on account of its large size and is the equal of the other varieties in quality. Plant some of our Improved Mammoth Hubbard seed this year. Pkt 5c; oz 10c; ¼ lb 25c, postpaid.

GOLDEN HUBBARD—Deep orange-yellow; very attractive; fine grained, cooks well and is of superior flavor. In quality and productiveness it exceeds the old varieties. Try it. Pkt 5c; oz 10c; ¼ lb 25c; ½ lb 45c; 1b 80c., postpaid.

MAMMOTH CHILI—While not a new variety, it is a magnificent squash. The largest variety ever introduced, weight ranging from 100 to 200 lbs. Is very prolific and hardy; flesh is solid, of a beautiful orange color. Beware of cheap seed of this variety. Pkt. 5c.; oz 10c.; ¼ lb 30c.; ½ lb 55c.; 1b \$1.00 postpaid

MAMMOTH WHITE BUSH SCALLOP—Known through the South as "Cymling." A beautiful clear waxy white. Of fine quality Pkt 5c; oz 10c; ¼ lb 20c; ½ lb 35c; 1b 75c, postpaid.

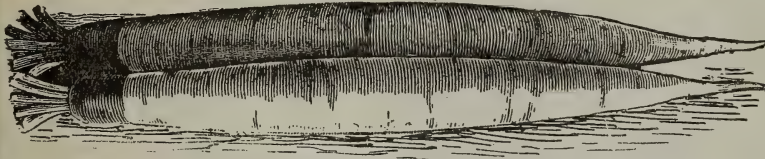

PIKE'S PEAK or SIBLEY—Owing to the hardness of the shell, this is one of the best shippers. Skin is smooth of greenish gray color; flesh is golden orange color and very solid. Pkt 5c; oz 8c; ¼ lb 25c; ½ lb 40c; 1b 75c, postpaid.

SUMMER CROOKNECK—This is the best summer variety; is very early, large size and warty, which adds to its value; color is bright yellow. Pkt 5c; oz 10c; ¼ lb 20c; ½ lb 35c; 1b 65c, postpaid.

MARBLEHEAD—About the size of the Hubbard and shell of bluish-green. Pkt 5c; oz 10c; ¼ lb 25c; ½ lb 45c; 1b 80c, postpaid.

BOSTON MARROW—Oval in form; skin bright orange and flesh yellow. Pkt 5c; oz 10c; ¼ lb 20c; ½ lb 35c; 1b 75c, postpaid.

SALSIFY or Vegetable Oyster.

MAMMOTH SANDWICH ISLAND

—The very best variety grown. Is fully twice the size of any other variety and of better quality. The leading variety among both market and private gardeners. Pkt 5c; oz 10c; ¼ lb 35c; ½ lb 60c; 1b \$1.00 postpaid.

SPINACH.

NEW LONG STANDING—The best and most popular variety grown; leaves are large, thick and crumpled. It stands longer before going to seed than any other variety. Pkt 5c; oz 6c; ¼ lb 12c; ½ lb 20c; 1b 35c, postpaid.

ROUND THICK LEAVED—Grows large, thick dark green leaves, slightly crumpled. Pkt 5c; oz 6c; ¼ lb 12c; ½ lb 20c; 1b 35c; postage prepaid.

BLOOMSDALE or SAVOY LEAF—A great favorite with market gardeners. Has dark, thick, leaves and is perfectly hardy; fine for fall sowing. Pkt 5c., oz 6c., ¼ lb 12c., ½ lb 20c., 1b 35c., postpaid.

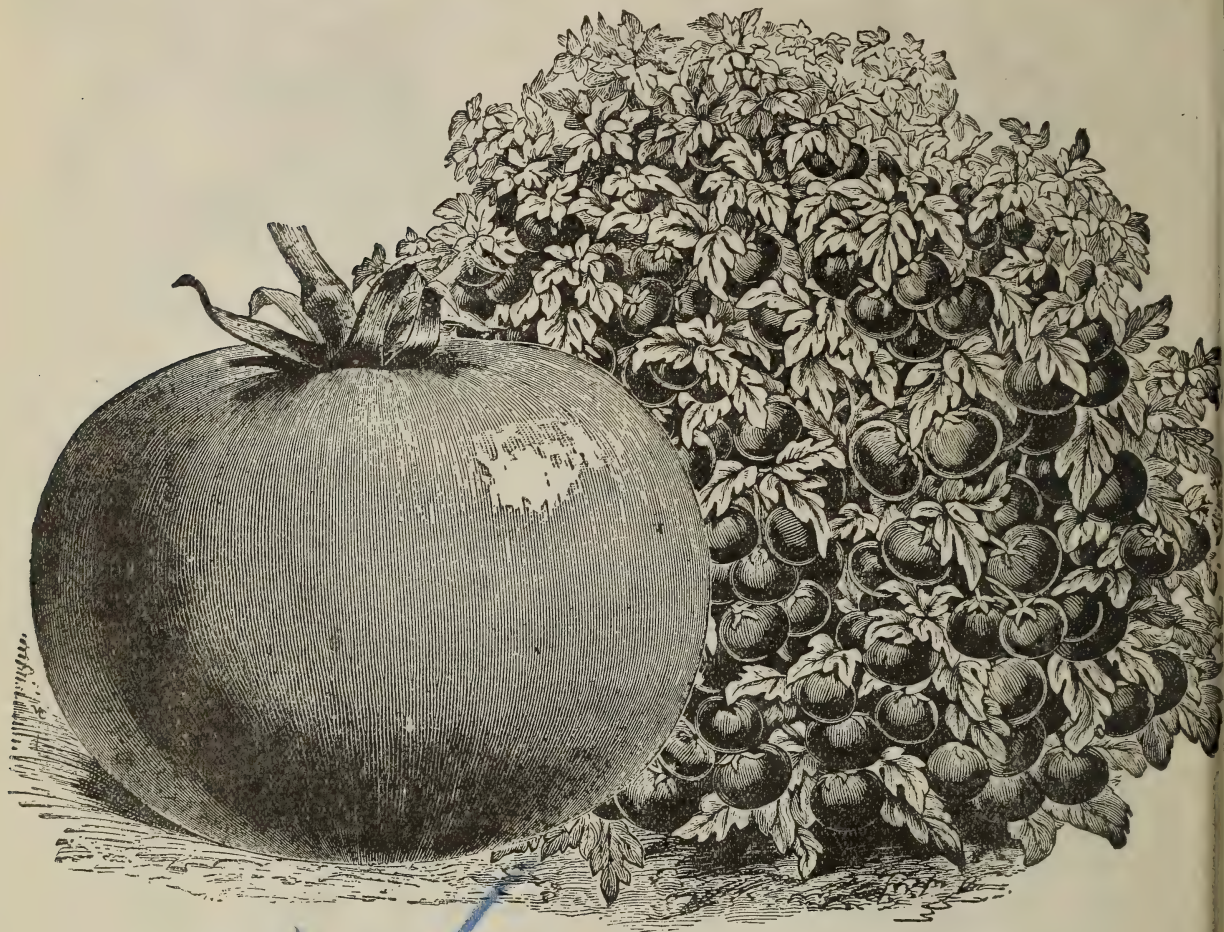

PRICKLY WINTER—Will stand the severest weather with light straw protection. Leaves are oblong or arrow shaped. Pkt 5c., oz 6c., ¼ lb 12c., ½ lb 20c., 1b 35c., postpaid.

THE SEED TO PLANT.

We have them. All Fresh and True to Name. The finest Market Gardeners and most critical Private Planters use Zimmerman's Seed exclusively. YOU TRY THEM THEY ARE TESTED.

Tomatoes.

Our Tomato seed is grown for us by the most skillful growers in the World. You will find our descriptions accurate and reliable, and our seed the **VERY BEST**. Let us prove it to you this year.

ZIMMERMAN'S EARLY WONDER TOMATO.

Earliest Tomato in the World.

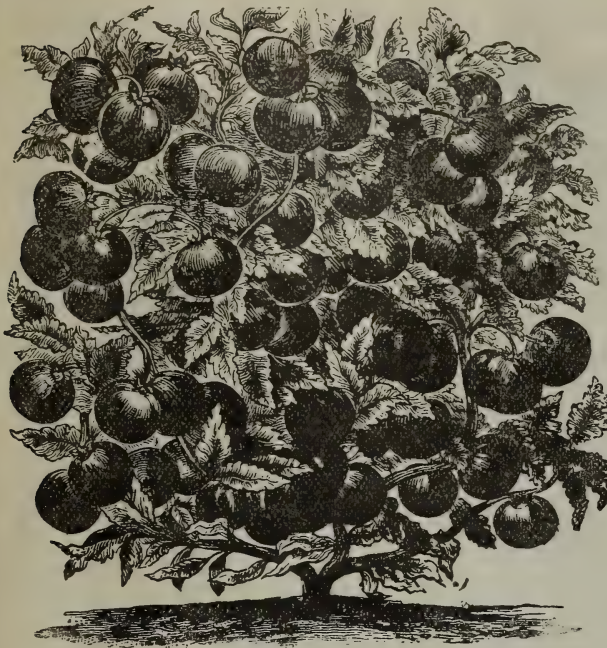

This variety is truly an Early Wonder and stands without a rival in the early field. Produces its beautiful lucious fruit long before tomatoes are even thought of. This is not to be compared with the so-called earlies offered by many seedsmen, but is a superior tomato and **THE BEST OF THE EARLIES**. It is of good size, perfectly smooth, round and of a beautiful rich red color. Its earliness, smoothness, superior quality and handsome appearance makes it the grandest Tomato ever introduced. Market gardeners can reap a rich harvest by getting the early fancy prices for the first tomatoes. The demand for this variety has been so great the past two seasons that our supply of seed was exhausted before the seasons were one-half over. We hope those who were disappointed in not being able to try this grand tomato last season will order early this year. From all reports, indications are, the demand will be still greater this year, and, while we have a very large stock on hand, we advise early orders. Send in your orders at once. Pkt. 5c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.; $\frac{1}{4}$ lb. \$1.25, postpaid.

IT IS TRULY AN EARLY WONDER.

ZIMMERMAN SEED Co.: I shipped several crates of your Early Wonder tomato on May 29. June 2, I shipped the Acme and the Acme had two weeks start of the Early Wonder.
Christie, La., Feb 18, 1909.
H. A. Wellhausen.

EARLIANA—This variety originated in New Jersey, where competition to be first in the market is very great. It is a shy seeder. Planted by market gardeners because of earliness and fine appearance. Pkt 5c., $\frac{1}{2}$ oz 12c., oz 20c., $\frac{1}{4}$ lb 70c., postpaid.

CHALK'S EARLY JEWEL—A grand tomato and a favorite with gardeners. Is not as early as either the Earliana or my Early Wonder, but larger and very meaty. It is a fine early tomato. Pkt 5c., $\frac{1}{2}$ oz 10c., oz 20c., $\frac{1}{4}$ lb 80c., $\frac{1}{2}$ lb \$1.10, postpaid.

KANSAS STANDARD.

KANSAS STANDARD—Is a potato-leaved tomato and produces its beautiful fruit in clusters. Is of vigorous growth, strong heavy stalks which stand up well unless pulled down by the abundant fruit. Vines grow three feet high, but begin setting its fruit when only about six inches high; fruit is a bright glossy red, round, good size, very few seeds, ripens evenly to the stem and is produced in clusters. Is an extra good keeper, and, because of its thick skin, is a fine shipper and resists the attacks of insects, which are so destructive to some varieties. Pkt 5c., $\frac{1}{2}$ oz 15c., oz 25c., $\frac{1}{4}$ lb 70c., postpaid.

MATCHLESS—A great main crop tomato and has been the standard market gardener variety for years. In spite of the many new varieties, this old favorite maintains its place as one of the finest large fruited, red tomatoes and is reliable in every way. The fruit a very rich cardinal red, firm and not liable to crack. They are very large size and grow uniform through the entire season. Good keepers, as ripe specimens have kept several weeks, thereby making them a most valuable variety. Our seed of this tomato is grown for us by one of the foremost tomato seed growers in America and is fresh and true to name. Pkt 5c., $\frac{1}{2}$ oz 12c., oz 20c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb \$1.10, lb \$2.00, postpaid.

Our Seed is Tested

Plant the Best.

Our Seed is Fresh.

ZIMMERMAN'S IMPROVED TREE TOMATO.

ZIMMERMAN'S TREE—The very finest of the tree tomatoes and earlier than the varieties generally offered. Has a stout, stocky stem and stands up well, producing its bright glossy red fruit in great abundance. Fruit is round, few seeds, solid and excellent flavor. The fruit is produced in clusters and each cluster ripens evenly. It is a fine shipper and good keeper. Pkt 5c., $\frac{1}{2}$ oz 15c., oz 25c., $\frac{1}{4}$ lb 80c., postpaid.

GOLD DUST—(Red) Takes its name from the peculiar leaves, which glisten in the sun. It is the largest perfectly smooth tomato, being as smooth as an apple. Purplish-red. Pkt 5c., $\frac{1}{2}$ oz 15c., oz 25c., $\frac{1}{4}$ lb 75c., postpaid.

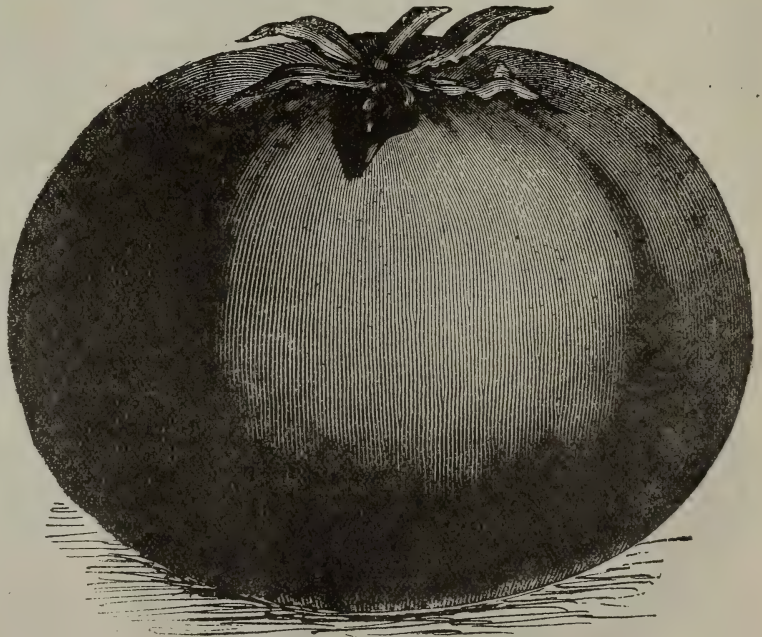

MAGNUS—One of the handsomest large sorts and is unsurpassed in quality. Form is perfect, uniform and attractive; flesh firm. Ripens evenly to the stem and yields heavy. Pkt 5c., $\frac{1}{2}$ oz 15c., oz 25c., $\frac{1}{4}$ lb 65c., postpaid.

PARAGON—Large, solid, smooth as an apple and deep red. Pkt 5c.; $\frac{1}{2}$ oz 12c.; oz 20c.; $\frac{1}{4}$ lb 50c.

GOLDEN QUEEN—A grand yellow variety of superior flavor; unsurpassed as a table variety. As smooth as any of the red varieties and of distinct rich flavor. Pkt 5c., $\frac{1}{2}$ oz 10c., oz 20c., $\frac{1}{4}$ lb 50c., postpaid.

RED PEAR—Fruit is small and pear-shaped; fine for preserving and pickling. Pkt 5c., $\frac{1}{2}$ oz 15c., oz 25c., $\frac{1}{4}$ lb 75c., postpaid.

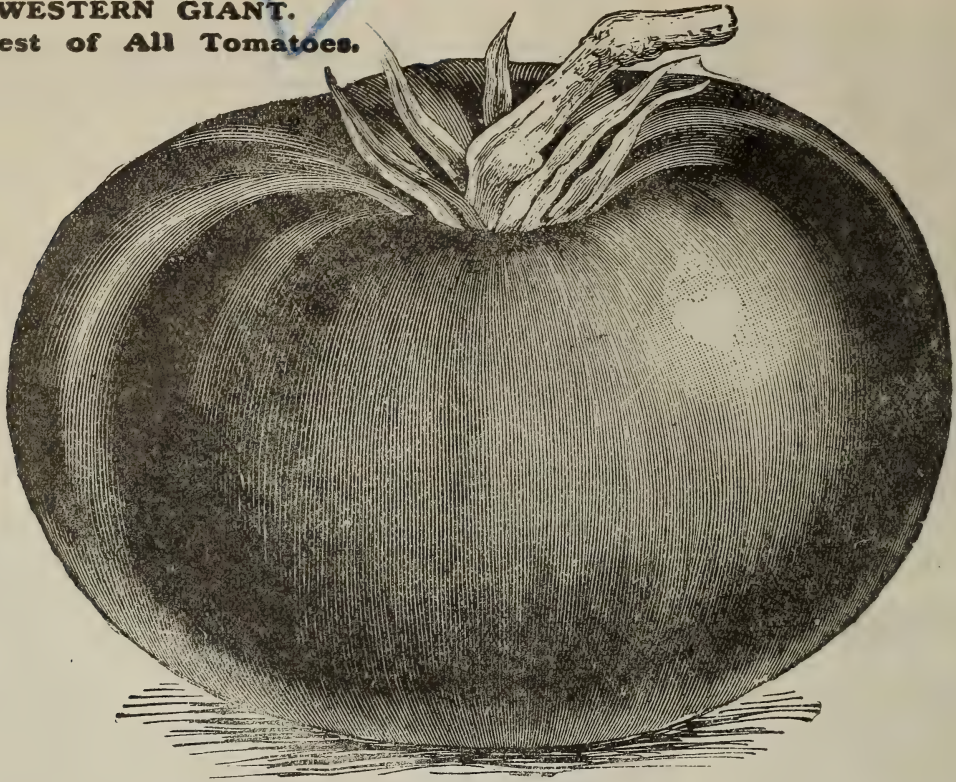

YELLOW PEAR—Same as the Red Pear except color, which is bright yellow. Pkt 5c., $\frac{1}{2}$ oz 15c., oz 25c., $\frac{1}{4}$ lb 75c., postpaid.

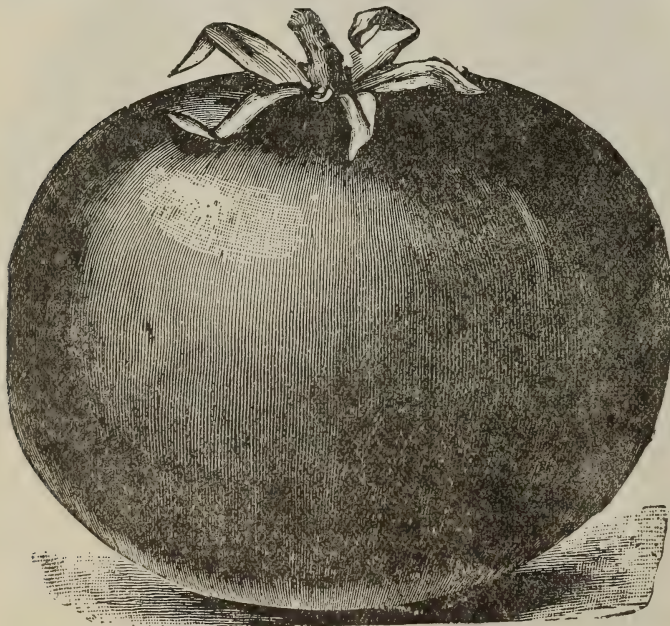

THE MATCHLESS.

TOMATOES Continued on Next Page.

WESTERN GIANT.
Largest of All Tomatoes.

We have no hesitancy in saying this is absolutely the **LARGEST TOMATO IN THE WORLD.** They are simply tremendous and the quality is excellent. It is a handsome red, very solid, few seeds and free from rot; ripens from July until killed by frost. The vines are robust and produce their enormous fruit in great abundance. This is indeed something entirely new in the Tomato world. Try our Giant this year and see what grand Tomatoes you get. Despite the efforts of the "windy" sensational seedsmen to equal this grand tomato, **WE STILL LEAD.** Try it--the price is right. Pkt 5c.; $\frac{1}{2}$ oz 15c.; oz 25c.; $\frac{1}{4}$ lb 75c., postpaid

NEW STONE.

NEW STONE—The great main crop tomato and has been called king of the Livingston kinds, which excel as large smooth, solid tomatoes. Color is a fine scarlet and they ripen evenly to the stem without a crack. If in doubt as to which kind to plant, take this as they are fine Pkt 5c.; $\frac{1}{2}$ oz 12c.; oz 20c.; $\frac{1}{4}$ lb 60c.; $\frac{1}{2}$ lb \$1.10; lb \$2.20, postpaid.

BEAUTY—Smoothest and best of the large purple sorts. Vigorous grower, producing large fruit in great abundance. Fruit is large, smooth and purplish-pink. Pkt 5c., $\frac{1}{2}$ oz 12c., oz 20c., $\frac{1}{4}$ lb 60c., postpaid.

ACME—Superior purplish-red tomato; is very solid and fine quality. Pkt 5c., $\frac{1}{2}$ oz 12c., oz 20c., $\frac{1}{4}$ lb 60c., postpaid.

TROPHY—A standard late variety. Large, red smooth and solid, Pkt 5c., $\frac{1}{2}$ oz 12c., oz 20c., $\frac{1}{4}$ lb 60c., postpaid.

ENORMOUS—An exceedingly large red tomato of good quality. Pkt 5c., $\frac{1}{2}$ oz 15c., oz 25c., $\frac{1}{4}$ lb 80c., postpaid.

Garden Turnips.

EARLY WHITE MILAN—The earliest of all. On account of its beautiful shape and extreme earliness, this takes the front place among Turnips. It is so smooth and neat in appearance as to give the impression it was polished by hand. The foliage is scant and short. Both the skin and flesh is snowy white. I have select seed of this fine turnip. Pkt 5c.; oz 10c.; $\frac{1}{4}$ lb 25c.; $\frac{1}{2}$ lb 40c.; lb 75c., postpaid.

PURPLE TOP MILAN—This is a popular variety and is a good early turnip. It is quite smooth with a purple top. Pkt 5c.; oz 10c.; $\frac{1}{4}$ lb 25c.; $\frac{1}{2}$ lb 40c.; lb 75c., postpaid.

EARLY FLAT DUTCH—An excellent early turnip and largely used in the South. Roots are of medium size, flat, color white. A good table variety, but gets inferior when over-grown. Pkt 5c.; oz 10c.; $\frac{1}{4}$ lb 20c.; $\frac{1}{2}$ lb 80c.; lb 50c., postpaid.

PURPLE TOP STRAP LEAVED—A standard variety and more generally planted than any other garden turnip. Round, flat, good flavor, fine grained and fine keepers. A great market turnip and good for both early and late planting. Pkt 5c.; oz 8c.; $\frac{1}{4}$ lb 15c.; $\frac{1}{2}$ lb 25c.; lb 50c., postpaid.

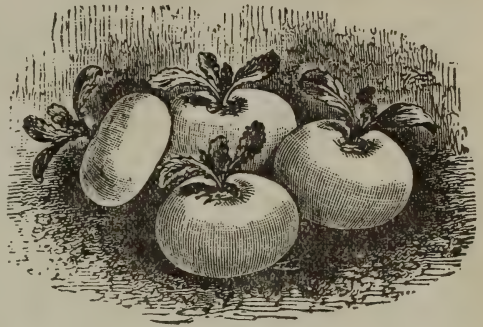

GOLDEN BALL—Sometimes called Orange Jelly. This is undoubtedly one of the finest grained and sweetest yellow fleshed turnips. Medium size, ball shape, firm and a good keeper. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 18c., $\frac{1}{2}$ lb 25c., lb 50c., postpaid.

WHITE EGG—A rapid grower; egg shaped and pure white. It grows half out of the ground. The flesh is sweet, mild and firm and is never rank or strong. Pkt 5c.; oz 8c.; $\frac{1}{4}$ lb 18c.; $\frac{1}{2}$ lb 25c.; lb 50c., postpaid.

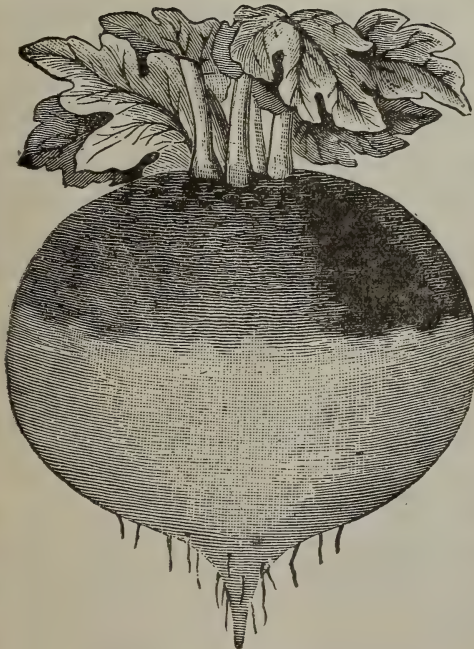

LARGE WHITE GLOBE—A free growing turnip, suitable for table and stock. Succeeds the flat varieties in autumn and is a solid turnip of good size and fine flavor. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 18c., $\frac{1}{2}$ lb 25c., lb 50c., postpaid.

COW HORN—Grows long, is an excellent cooking turnip, with a fine flavor. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 18c., $\frac{1}{2}$ lb 25c., lb 50c., postpaid.

SEVEN TOP—Cultivated for the tops which are used for greens. Is very hardy and will grow all winter. but does not produce a good root. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 18c., $\frac{1}{2}$ lb 25c., lb 50c., postpaid.

EARLY WHITE MILAN.

Rutabaga or Swede Turnips.

ZIMMERMAN'S HEAVY CROPPER—I consider this the King of Swede turnips. I believe it to be the heaviest, hardiest, best shaped and most productive. The flesh is a rich yellow, of fine flavor; it is an excellent keeper; a fine feeder and a most profitable variety in every way. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 18c., $\frac{1}{2}$ lb 25c., lb 50c., postpaid.

MAMMOTH RED TOP GLOBE—(Strap Leaved). A free growing variety and useful for both table and stock. Not as rapid as the flat varieties, but a fine autumn turnip and a good table variety in early winter. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 15c., $\frac{1}{2}$ lb 25c., lb 45c., postpaid.

IMPROVED AMERICAN PURPLE TOP—(Yellow Flesh) One of the best varieties for table and stock feeding. Keeps hard and brittle until summer and is an exceedingly heavy cropper. I consider this one of the best. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 15c., $\frac{1}{2}$ lb 25c., lb 45c., postpaid.

I carry a complete line of Poultry Supplies.

See Page 70.

ZIMMERMAN'S HEAVY CROPPER.

BRUSSELS SPROUTS. **PERFECTION**—Resembles miniature cabbage. Very tender, of excellent flavor and hardy. Grows a stem some two feet in height, producing sprouts about 2 inches in diameter. Pkt 5c., oz 15c., $\frac{1}{4}$ lb 50c., $\frac{1}{2}$ lb 90c., lb \$1.65, postpaid.

BROCCOLI. **WHITE MAMMOTH**—Similar to Cauliflower. Sow early in spring, transplant and cultivate like Cabbage. Will head in Oct or Nov. Should any plants be backward and not ready for use before severe frost, they may be removed to a tight cellar, and will head during the winter. Pkt 5c., oz 25c., $\frac{1}{4}$ lb 90c. postpaid.

CHICORY. **LARGE ROOTED**—Used as a substitute for coffee. Of easy cultivation and should be in every garden. Cultivate same as Carrots; roots should be taken up in the fall, cut into small pieces and dried like apples. When wanted for use, should be roasted and ground. We would like our customers to try this as we believe you will be pleased. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 40c., lb 75c. postpaid.

COLLARDS. **GEORGIA or SOUTHERN**—The most satisfactory variety. Largely grown in the South for "Greens" bearing new leaves as the old ones are pulled off. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 80c., postpaid.

ENDIVE. **GREEN CURLED**—The best variety. Preferred to lettuce by those who have tried it. When leaves are 6 to 8 inches long, tie together at top with a string, to blanch. Makes a fine salad. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 55c., $\frac{1}{2}$ lb 60c., lb \$1.10 postpaid.

GARLIC. Used for flavoring soups, stews, etc. Plant in spring about 6 inches apart. the tops will die in August and the bulbs should then be gathered. Choice sets 35c per lb., 3 lbs 90c postpaid. By express or freight at 25c per lb.

 The most critical Market Gardeners and Private Planters purchase their seed of us. Everything we offer was grown especially for us, and is Fresh, Pure and of the Highest Quality.

BORECOLE or KALE.

DWARF GREEN CURLED—This is select stock, harder than cabbage; leaves are curled like parsley. Tender and of excellent flavor. Has no superior for greens. Per pkt 5c.; oz 10c., postpaid.

SIBERIAN—Low, Spreading habit; not so curly as Dwarf Green. Per pkt 5c.; oz 10c., postpaid.

Our Book, "SUCCESS WITH SEEDS," is FREE with a One Dollar Order.

OKRA or GUMBO. **WHITE VELVET**—The finest variety. The pods can be split and stored for winter soups. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., $\frac{1}{2}$ lb 40c., lb 75c., postpaid.

EGG PLANT.

LARGE PURPLE—Very smooth and of dark color. The sort preferred by market gardeners of all sections. Pkt 5c., $\frac{1}{2}$ oz 25c., oz 40c., $\frac{1}{4}$ lb \$1.25, postpaid.

LEEK. **LARGE LONDON**—Is claimed to be more delicate than the onion, for soup. Sow in seed bed middle of spring and transplant in rows 8 inches apart. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 30c., $\frac{1}{2}$ lb 50c., postpaid.

MUSTARD. **GIANT SOUTHERN CURLED**—Flavor sweet and pungent. Large leaves, often measuring 12 to 14 inches. Ready for use 6 weeks after sowing. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 20c., lb 60c., postpaid.

WHITE MUSTARD—Leaves are light green, mild and tender. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 15c., $\frac{1}{2}$ lb 25c., lb 40c., postpaid.

BROWN MUSTARD—Stronger and more pungent than the White. Pkt 5c., oz 8c., $\frac{1}{4}$ lb 15c., $\frac{1}{2}$ lb 25c., lb 40c., postpaid.

PEANUTS. **WHITE**—Combines earliness, size and prolificness. Pkt 5c., $\frac{1}{4}$ pt 12c., pt 20c., qt 35c. postpaid. By express or freight, pk 70c., $\frac{1}{2}$ bu \$1.30, bu (22 lbs) \$2.50.

CRESS or PEPPER GRASS. **EARLY CURLED**—A well-known salad. Sow at intervals all season. Pkt 5c., oz 10c., $\frac{1}{4}$ lb 25c., postpaid.

TRUE WATER—Is quite distinct from the Garden Cress and only thrives when its roots and stems are in water. Sow the seed along the border of running water. Pkt 5c., oz 30c., $\frac{1}{4}$ lb \$1.00 postpaid.

GOURDS. Very ornamental and useful. We have the following sorts: **Nest Egg**—White and makes a fine nest egg. **Dipper**—Useful as dippers. **Hercules Club**—Longest gourd grown. **Sugar Trough**—Has thick, tough shell. Very durable. **Mixed**—All kinds, shapes and description. Price of any, pkt 5c., postpaid.

DISH CLOTH GOURD or Sponge Vine. This old well-known gourd has recently been called Sponge Vine and many wonderful things claimed for it. It really makes a grand vine and is a wonderful climber. Pkt 5c., postpaid.

THE SEEDS TO PLANT. We have them. All our seeds are fresh, pure and thoroughly tested. They please the most exacting market gardeners. We want to please YOU

HERBS. **ANISE**—Used for seasoning; seeds have an agreeable taste. Pkt. 5 cts.
BORAGE—Leaves are used for flavoring, flowers good food for bees. Pkt. 5 cts.
CARAWAY—Grown for the seeds, which are used for flavoring bread and pastry. Pkt. 5 cts.
CATNIP—Used for bee pasture, flavoring and teas. Pkt. 5 cts.
CORIANDER—Seeds are used in manufacture of confectionery and beverages. Pkt. 5 cts.
DILL—The seeds have an aromatic odor and are used largely for pickling with cucumbers. Pkt. 5 cts.
HOREHOUND—Used for medicinal qualities, mostly for cough remedies. Pkt. 5 cts.
HOP SEED—Pkt. 15 cts.; 2 for 25 cts.
LAVENDER—Used for sweet odor in making of perfume. Pkt. 5 cts.
SAFFRON—Used for coloring and flavoring certain dishes. Pkt. 5 cts.
SAGE—More useful than any other herb for seasoning. Pkt. 5 cts.
SUMMER SAVORY—Used for flavoring soups and dressings. Pkt. 5 cts.
WINTER SAVORY—Used for flavoring soups. Pkt. 5 cts.
THYME—Used for seasoning and medicinal qualities. Pkt. 5 cts.

ZIMMERMAN'S "Early Bird" COLLECTION.

7 Packets for 25c Postpaid.

In my "EARLY BIRD COLLECTION" I believe I have the best assortment of early vegetables ever offered the public by any seedman. Each and every one of these varieties have been selected with the greatest possible care.

I am especially desirous of having each and every one who receives this catalogue try this Collection and in order to do this make this Special Offer: I will send one packet each of the 7 varieties to your address, postpaid, for Only 25c.

ZIMMERMAN'S STRINGLESS WAX BEANS

This is undoubtedly the greatest of all Wax Beans. The pods are round, absolutely stringless, very tender and of fine flavor. In fact I believe it to be as near perfection as is possible. I gave them a thorough trial myself the past year and feel I cannot recommend them too highly. I want you to give this bean a fair trial this year and I know you will be pleased. While the seed costs me much more than any other bean, I have made the price low and as a special inducement have placed it in my "Early Bird Collection." Pkt. 5c; ½ pt. 15c; pt. 25c; qt. 40c, postpaid. By express or freight, qt. 25c; 4 qts. 80c; pk. \$1.50.

NEW EARLY GIANT RADISH.

A new extra early radish of large size and fine crisp flavor. As early as the earliest and twice the size, but notwithstanding its large size it never gets strong or pithy. In fact I believe it to be THE BEST RADISH ON THE MARKET. They are round turnip-shaped and often reach a size of 6 to 8 inches in circumference; skin a rich crimson; flesh pure white and NEVER HOLLOW OR PITHY. Pkt. 5c; oz. 10c; ¼ lb. 25c; ½ lb. 40c; lb. 75c, postpaid.

EARLY PERFECTION CUCUMBER.

The extreme earliness and great productiveness of this fine cucumber make it one of the best varieties ever offered. The vines are of vigorous growth and produce their fine fruit in great abundance. In size the cucumbers run from 3 to 6 inches in length and are equally good for pickling or slicing. On account of its earliness and fine quality it is equally good for home and market. Pkt. 5c; oz. 12c; ¼ lb. 40c; ½ lb. 70c; lb. \$1.25, postpaid.

EARLY MAMMOTH SWEET CORN.

I have been offering this Early Giant Sweet Corn for several years and am frank to say I have been unable to find anything superior to it in the early field, so I include it in my "Early Bird Collection." Ears are 8 to 10 inches long and contain 12 rows of fine plump kernels of most delicious flavor. You will find a more complete description of this Early Mammoth Sweet Corn on page 13 of this catalogue. Price, pkt. 5c; ½ pt. 12c; pt. 20c; qt. 35c, postpaid. By express or freight, 4 qts. 65c; pk. \$1.15.

NEW EARLY CRISP LETTUCE.

My "Early Bird Collection" would hardly be complete without this grand early crisp variety of Lettuce. I consider it easily one of the best in the list. What other vegetable can fill the place of a good early Lettuce? And this one is THE EARLIEST OF THE EARLY. THE MOST DELICIOUS OF DELICIOUS, and one of the best all season varieties ever offered. Has thin curly leaves of light green and free from any bitterness. Stands heat and drouth to a remarkable degree and can be planted any time with equal success. Pkt. 5c; oz. 15c; ¼ lb. 50c; ½ lb. 80c; lb. \$1.50, postpaid.

ROYAL RED TOMATO.

An Extra Early, Extra Large solid tomato of fine quality. As large as Trophy or Aeme and nearly as early as my "Early Wonder." which easily leads all others in point of earliness. My Royal Red is of bright red color, perfectly smooth, does not crack, has very few seeds and is a splendid keeper; in fact it can hardly be excelled as a long keeper. Coming as it does extra early and bearing throughout the entire season, makes it a most desirous tomato. Pkt. 5c; ½ oz. 20c.; oz. 35c; ¼ lb. \$1.25, postpaid.

NEW EARLY JEWEL BEET.

My diligent search for something extra early and at the same time of superior quality in the Beet line was rewarded by finding this one, which is truly an EARLY JEWEL. The trouble with most early beets seems to be their small size, pale color and not very good quality. This is entirely overcome in my "Early Jewel." While it comes with the very earliest, it is also of fine size, rich dark blood color and the flavor all that could be desired, being crisp, tender and very sweet. If you are at all fond of beets, you will certainly be pleased with this Early Jewel. Pkt. 5c; oz. 10c; ¼ lb. 30c; ½ lb. 50c; lb. 90c, postpaid.

ZIMMERMAN'S Complete Garden Collections.

We have prepared the following collections very carefully and believe they cover the requirements of the average private garden. They are from our regular High Grade stock, FRESH AND PURE, and you will find them great money savers, as we have fixed the price very low. READ THEM CAREFULLY.

Squash—Pkt Summer. Pkt Hubbard. Tomato—Pkt Early Wonder. Pkt Western Giant Turnip—Pkt White Milan.

In addition, you may select 50c. worth in packets FREE, making this a grand collection.

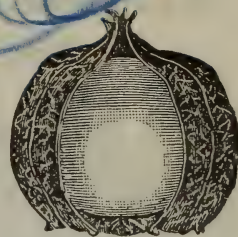

Melon Peach.

The fruit is the shape, size and color of an orange, while the flesh is pure white. They may be sliced and fried and also make delicious preserves, and are superior to peppers for use as man-goes. The vines are very productive. Pkt 5c., postpaid.

Garden Lemon.

Smaller than the Melon Peach, but decidedly more acid, thus dispensing with the sliced lemon, so essential in putting up the melon peach. The cultivation is the same as musk melon. The fruit is striped dark green. Pkt 5c., postpaid.

Ground Cherry.

Produces handsome fruit of yellow color; fine for canning, preserving, pies, etc. They are about 1/2 inch in diameter and have a strawberry flavor. Excellent when dried in sugar like raisins. Pkt. 5c. postpaid.

CHIVES. The leaves are slender and appear very early in the spring, and may be cut several times during the season, and equal the onion for flavoring soups and salads. Roots 20c. per bunch postpaid.

GOURDS. Very useful and ornamental. I have the following sorts: **Nest Egg**—White and makes a fine Nest Egg. **Dipper**—Very useful as dippers. **Her-cules Club**—This is the longest gourd grown. **Sugar Trough**—Has a thick tough shell and is very durable. **Mixed**—All kinds, shapes and descriptions. Price of any gourds; Pkt 5c., postpaid.
Dish Cloth Gourd or Sponge Vine. This is a grand vine and wonderful climber. Pkt 5c., postpaid.

Vegetable Plants.

Vegetable plant orders are booked and shipped as early as the weather permits, unless otherwise instructed.

Tomato and Cabbage Plants. I can furnish almost any of the varieties named in the seed list. 30c. per dozen postpaid. By express, 100 50c.; 500 for \$2.00; 1,000 for \$3.50.

Peppers. Any of the standard varieties at 40c per dozen postpaid. By express, \$1.00 per 100; 250 for \$2.25.

Egg Plant. Good strong plants at 60c per dozen postpaid. By express, \$2.00 per 100.

Rhubarb. **ZIMMERMAN'S WINE**—This is the grandest of Rhubarbs and is certainly the sweetest and most delicious. I have a limited number of roots to offer this season at the following prices: Single roots 20c.; 1/2 dozen 90c; \$1.50 per dozen, charges prepaid. By freight or express not prepaid, doz \$0; 100 \$6.00.
MAMMOTH—Single large root, 15c.; 2 for 25c.; 6 for 60c.; dozen \$1.00, charges prepaid. By freight or express, not prepaid, doz 50c.; \$3.00 per 100.

Sweet Potato Plants. See page 45 and also my "Special Price-list" for description and prices.

ZIMMERMAN'S SEED PLANTED EVERYWHERE.

And what is still better; **THEY SUCCEED WHEREVER PLANTED.** I have letters testifying to the high quality of my seed from all parts of America. All my seed is thoroughly tested; nothing sent out which I do not believe to be first-class; **THEY PLEASE OTHERS, THEY WILL PLEASE YOU.**

Mountain Grove, Mo., Nov 1, 1909.
ZIMMERMAN SEED Co.:
The seeds we bought of you came up fine. We have moved to Missouri, and wish you to send your catalogue to our new address.
Geo. W. Clark.

Versailles, Ky., Nov 3, 1909.
MR. J. S. ZIMMERMAN:
You undoubtedly have the very best quality of seeds, as everything I have bought of you has been most satisfactory. I am a market gardener and have used your seed almost exclusively for several years.
J. B. Patterson.

Duquesne, Pa., Feb. 16, 1900.
MR. J. S. ZIMMERMAN:
The seeds we got of you last year were the very best we have ever used, as both vegetable and flowers came up without a single exception. My wife joins me in wishing you continued success.
R. Lockwood,

Clearspring, Maryland, Apr 5, 1909.
ZIMMERMAN SEED Co.:
I have used your seed for two years and have found them fine.
Mrs. Joseph Hastings

Aurora, Ill., Feb 26, 1909.
ZIMMERMAN SEED Co.:
I was greatly pleased with my seed and wish I had been ordering from you the past three years. Please accept my thanks.
Mrs. N. Warken.

Stratton, Nebr, Feb 17, 1909.
ZIMMERMAN SEED Co.:
I shall certainly recommend your seed whenever I have a chance, because I know they are as represented.
Hans Johnson.

Billings, Okla., Mch 16, 1909.
MR. J. S. ZIMMERMAN:
With a clear conscience we can recommend your seed to our friends. They grow, yield and you send liberal packages.
Mrs. C. L. Young.

ZIMMERMAN'S 80-DAY CORN.

The Largest Extra Early Corn.

ZIMMERMAN'S 80-DAY.

As early as Pride of the North, but has much larger ears and will yield with Reid's Yellow Dent, and other later varieties. I first offered it last year as "the earliest and most satisfactory extra early corn ever introduced" and I have no cause to change or modify that statement. I sold this corn last year in the South, the extreme Northern states and hundreds of bushels right here at home, and I haven't received a single complaint nor report of a failure—NOT ONE. I planted this corn myself and harvested fully matured corn in less than 85 days. The stalks are medium height, stout and stocky. The extreme earliness, size of ears, fine golden color and yield easily place my 80-DAY corn far ahead of any other early corn. If you want early feed, you will find this corn most valuable. In sections where the season is short, it is very profitable. Planted as late as July 12, it made matured corn

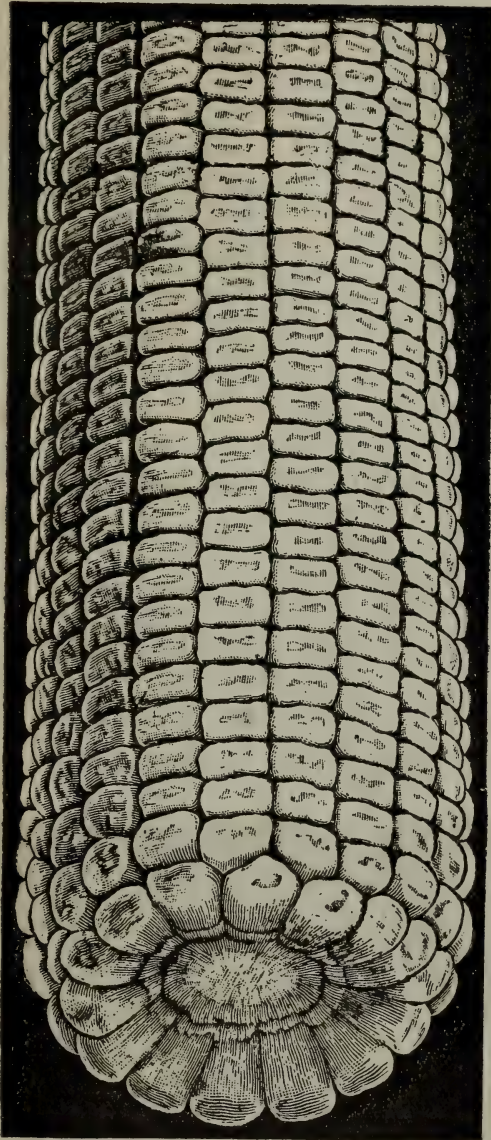

A SHOCK OF ZIMMERMAN'S 80-DAY CORN

before early Oct. frost. Ears run 8 to 10 inches in length; kernels are medium size, a rich yellow color and fill the cob to the very tip. It is not a big corn, but is perfectly reliable, and if you want something to **COME QUICK** and at the same time produce a good crop, my 80-DAY is the corn. Pkt 5c.; pt 15c.; qt 25c., postpaid. By express or freight, selected, tipped and graded, $\frac{1}{2}$ pk 40c.; pk 70c.; $\frac{1}{2}$ bu \$1.15; bu \$2.25; 2 bu \$4.25; 4 or more bu at \$2.00 per bu.

Reid's Yellow Dent.

A very popular early corn. Ears 8 to 11 inches and filled to the tip with deep, compact grains of clear golden yellow. Not a large grain, but deep and is a fine producer. I have an excellent stock of this corn and at the right price. Pkt 5c.; $\frac{1}{2}$ pt 15c.; qt 25c., postpaid. By express or freight, selected, tipped and graded, $\frac{1}{4}$ pk 35c.; pk 60c.; $\frac{1}{2}$ bu \$1.05; bu \$2.00.; 2 bu \$3.75; 4 or more bu at \$1.80 per bu.

3 FINE WHITE CORNS.

ZIMMERMAN'S PURE WHITE.

pt 15c.; qt 25c., postpaid. By express or freight, selected, tipped and graded, $\frac{1}{2}$ pk 40c.; pk 60c.; $\frac{1}{2}$ bu \$1.05; bu \$2.00; 2 bu \$3.75; 4 or more bu at \$1.80 per bu.

Zimmerman's Pure White.

A Grand Snow White Corn.

Here is a corn which combines a pure white color with a large deep grain. It is medium early and a heavy yielder; ears running 10 to 12 inches in length; cob small and contains 14 to 20 rows of deep, pure white kernels. No! I don't claim it will produce 300 bushels per acre and I have never seen one that would. I don't deal in FAIRY STORIES. But I do claim it will out-yield varieties claimed to give such fabulous yields. You will be pleased with this corn and will find it the handsomest, hardiest, whitest and most uniform corn you ever raised. I want you to plant this corn because I am sure you will be pleased. The seed I offer was grown especially for me, is pure and of strong germination. Pkt 5c.; pt 15c.; qt 25c., postpaid. By express or freight, hand sorted, tipped and graded, pk 60c.; $\frac{1}{2}$ bu \$1.05; bu \$2.00; 2 bu \$3.75; 4 or more bu at \$1.80 per bu.

Boone County White.

Zimmerman's Premium Strain.

My strain of this favorite corn is furnished me by one of the very best seed corn growers in Kansas—a man who has a long list of premiums taken on this corn. First at State Corn Show, Topeka; one at Manhattan, and many others. The seed I offer is pure and sack after sack will show the same uniformity of kernels, the same color of grain—BECAUSE ITS PURE. Boone County is a standard variety and more generally planted than any other white corn. Ears run 8 to 12 inches in length and average 16 rows of deep, compact pure white grains. Pkt 5c;

pt 15c.; qt 25c., postpaid. By express or freight, selected, tipped and graded, $\frac{1}{2}$ pk 40c.; pk 60c.; $\frac{1}{2}$ bu \$1.05; bu \$2.00; 2 bu \$3.75; 4 or more bu at \$1.80 per bu.

Silver Mine.

One of the very earliest, if not the earliest, white corns. It is a heavy yielder, producing ears of fine size, containing 16 to 20 rows of deep, white grains. 70 lbs of ears generally shell 62 lbs of corn. The seed I offer is pure, was properly cultivated and cared for. Shows a strong germination and will be found first-class in every particular. Pkt 5c.; pt 15c.; qt 25c., postpaid. By express or freight, selected, tipped and graded, $\frac{1}{2}$ pk 40c.; pk 60c.; $\frac{1}{2}$ bu \$1.05; bu \$2.00; 2 bu \$3.75; 4 or more bu at \$1.80 per bu.

SEED CORN Continued Next Page.

The Best of Yellow Corns:

ZIMMERMAN'S PERFECTED GOLDEN BEAUTY.

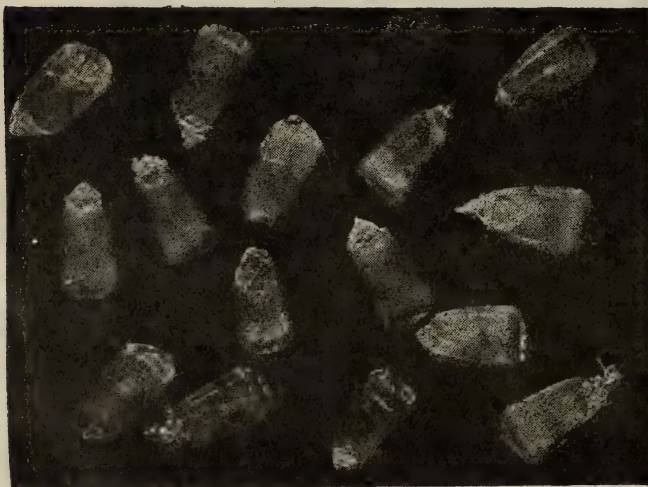

PERFECTED GOLDEN BEAUTY.

My strain of Perfected Golden Beauty is unsurpassed by any yellow corn. It produces larger and heavier ears and is but a few days later than the old Early strain. If you want to grow BIG corn; ears that run from 10 to 14 inches in length and filled to the very tip with big, solid grains. my Perfected Golden Beauty is just what you want. The ears are perfect form and the grains are a rich yellow. It is a fine feeder, and its rich color makes it very desirable for meal. A load of this corn is always attractive and brings top price on the market. The seed I offer is pure bred, grown especially for seed and carefully selected. Pkt 5c.; pt 15c.; qt 25c., postpaid. By express or freight, selected, tipped and graded, pk 60c.; $\frac{1}{2}$ bu \$1.05; bu \$2.00; 2 bu \$3.75; 4 or more bu at \$1.80 per bu.

Save Money

By sending me your order for Garden Seed with your Seed Corn or Field Seed order. I can pack the small seed in with the other, ship by freight or express and save you the postage. This reduces the cost of each packet 1c.; oz 1c.; $\frac{1}{4}$ lb 2c.; $\frac{1}{2}$ lb 4c.; lb 8c.; pt 8c.; qt 15c. This gives you your garden seed at a low price, and you are assured of high quality. Dont plant doubtful seed—GET THE BEST

WHAT I MEAN BY "GRADED" CORN.

This is the way My Seed Corn runs.
Uniform Size and Shape.

The kind you sometimes get from others.
All kinds, shapes and forms.

MY GUARANTEE:

The corn I offer was grown especially for SEED. selected with great care, hand sorted and tipped. Then graded to uniform size by the latest improved machinery. If, upon arrival, you dont find it exactly as described. SEND IT RIGHT BACK AND GET YOUR MONEY. THAT'S FAIR, ISN'T IT?

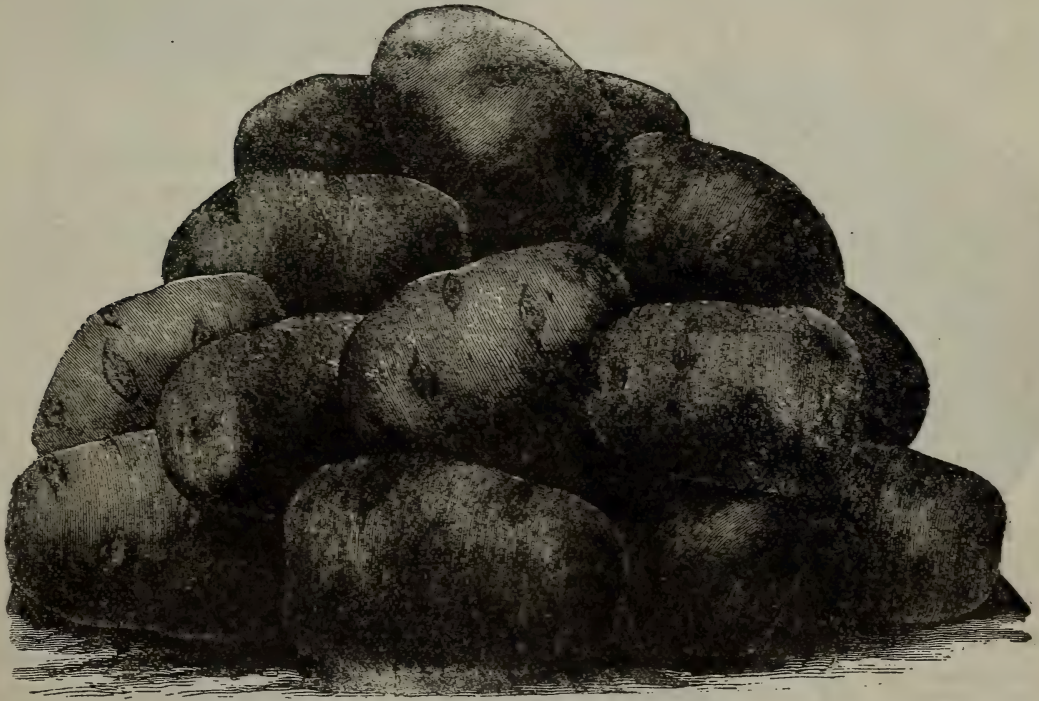

J. S. ZIMMERMAN, PROP'R.

Northern Potatoes.

Our stock of Seed Potatoes cannot be excelled. They are pure Northern stock of the finest and hardiest quality and have given our customers perfect satisfaction year after year. Prices are subject to market changes. Write for special and latest prices on large quantities. In buying from us, remember you are dealing with a house that has a well-earned reputation for fair, square dealings. WE'LL TREAT YOU RIGHT.

EARLY DELIGHT POTATO.

The Earliest Heavy Yielding Variety Grown.

This is undoubtedly the strongest grower and heaviest yielder of any early potato on the market. It is not only very early, but out-yields most of the late potatoes. It has been planted in almost every state, and our customers report heavy yields and perfect satisfaction wherever planted. A cross between the Early Ohio and Six Weeks; combining the heavy yielding qualities of the Ohio with the earliness of the Six Weeks, thereby making an ideal potato. It is of handsome form and light color, comes true and not easy to "scab." It is a firm potato and a fine keeper, while its cooking qualities cannot be excelled.

Lb 15c., 3 lbs 35c postpaid. Write for my "Special Price-List" of Field Seeds, which is issued about every ten days and gives the very latest prices of seed potatoes and ALL FARM SEEDS.

Early Six Weeks. Is undoubtedly the earliest potato in existence to-day and one of the leaders for gardeners. While not a heavy yielder, its extreme earliness makes it most valuable. See my latest "Special Price-List" of Field Seeds. It gives the very latest market prices.

SWEET POTATOES. We exercise the greatest care in packing Sweet Potatoes, but owing to their extreme tenderness, cannot guarantee safe arrival, especially on long distances. The Plants are shipped only by express.

Yellow Jersey—See prices on "Special Price List" Yellow Nansemond—The very latest prices are given in my "Special Price-List of Potatoes and Field Seeds. Red Jersey, Red Nansemond, Red Bermuda, Southern Queen and Yams.

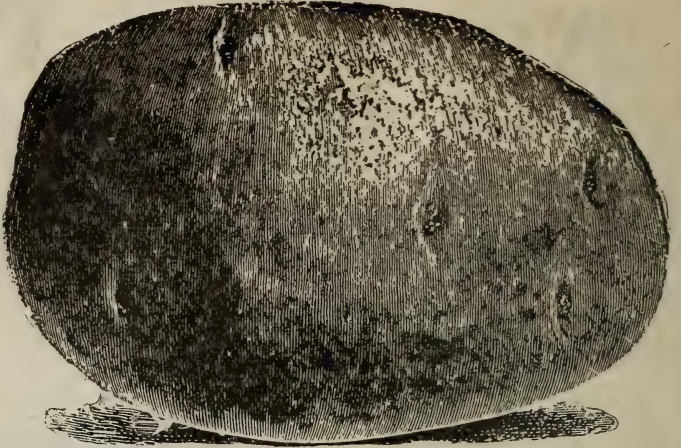

SWEET POTATO PLANTS—50 for 50c., 100 for 50c., by mail postpaid. By express—See my "Special Price-List."

FOR A "SPECIAL PRICE-LIST" IS SENT WITH THIS CATALOGUE. IF YOU FAILED TO GET IT OR THE DATE IS OLD, WRITE FOR ANOTHER.

THE EARLY OHIO.

The Early Ohio is the leading potato in the West and is more generally planted than any other variety. It seems to be especially adapted for this section. With the exception of our Early Delight, the Red River Early Ohios have given more general satisfaction to our customers than any other potato. They are ready for market very early, are heavy yielders, good keepers and one of the finest table varieties. We Guarantee Our Stock to be genuine Northern Red River. Don't buy "cheap" seed potatoes from doubtful places. We have pure stock, firm and sound. By express or freight,

 The Early Ohio is the standard market potato of the West and our stock is extra nice, being GENUINE Red River grown.

EARLY OHIO POTATO.

Early Triumph.

This is a grand potato and is a most beautiful variety. The tubers are medium size, round and uniform in shape with but few eyes. Color is a beautiful red. Combine hardness, productiveness, earliness and fine quality, which make it one of the best early market varieties. By freight or express,

TRIUMPH.

The Burbank.

A late, heavy yielding potato and is the favorite main crop potato. Of fine quality and a very heavy yielder. By freight or express,

Montezuma, Kas.,

Zimmerman Seed Co.:

Have used your seed two years and find them O. K.
H. N. Hilderbrand.

Early Rose.

An old standard early potato of large size and a good producer. Our stock is first-class being Red River grown. By express or freight,

Potato prices will be found in my "Special Price-List," which is sent you with this catalogue, and gives the very latest prices. If you have misplaced it, write for a new one, which gives the very latest prices.

EARLY ROSE.

DWARF ESSEX RAPE.

Most Popular and Productive of Forage Plants.

Grows on all kinds of soil; requires no cultivation after sowing. While the greatest claims for Rape are made as a forage for sheep and hogs, it is equally as good as a pasture for all kinds of stock. A good crop will yield 15 to 20 tons of green fodder per acre and will pasture 30 head of sheep for over two months, getting them in fine shape for market. All animals seem to prefer it to any other pasture during the entire summer and until late fall. Can be sown early to provide early pasture for sheep and hogs, but is usually sown in May or June for summer and fall pasture. When sown broadcast, use 7 lbs per acre. If in drills, 4 lbs per acre. Price of select well cleaned seed: per lb 20c.; 3 lbs 50c., postpaid.

OATS. You will find our Seed Oats to be of superior quality, and not to be compared with the cheap, feeding oats, sometimes sold for seed. We do not run a feed store and, consequently **buy Oats only for seed**, and then carefully screen and grade them.

RED TEXAS—More generally planted in Kansas and the South-west than any other oat. A heavy yielder and sure cropper.

KHERSON—A heavy yielding variety, and the earliest of all. Largely advertised in the west. Selected and graded seed.

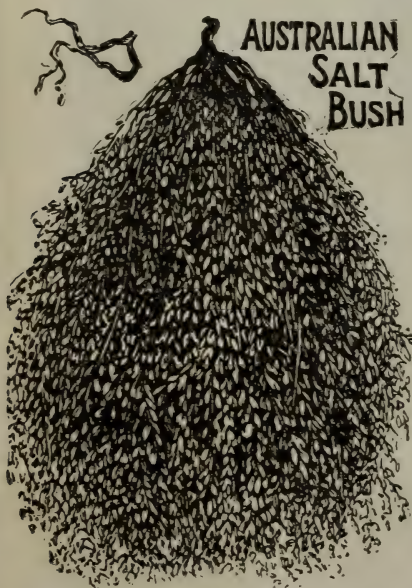

WHITE RUST PROOF—Stands up well; has thin hull and heavy meat. A grand White Oat that can be depended upon. Selected and graded.

KAFFIR CORN. **WHITE**—The White Kaffir is the most popular variety. Grows 4 to 5 feet high, with large leaves. The stalks remain green and brittle and make excellent fodder green or dried. The seed is the very best feed for fowls. For fodder, sow 30 to 50 lbs per acre. For the grain sow in rows 3 feet apart, 3 to 5 lbs per acre. Per lb 15c., 3 lbs 35c., postpaid.

RED—Per lb 15c., postpaid.

CANE SEED. **ORANGE**—The heaviest, largest and most popular variety. Makes excellent hay and fodder, especially for cows. 15c per lb postpaid.

AMBER—The earliest variety and makes fine syrup and sugar; also good fodder.

Australian Salt Bush.

A wonderful foliage plant; grows freely in arid and alkali lands that will produce no other vegetation. It is of heavy growth and readily eaten by stock. It is claimed that four crops grown on the poorest soil will so enrich it that any vegetation may be grown. Sow seed in beds and transplant when two inches high, 7 feet apart. One pound will plant an acre. Pkt 10c., oz 20c., 1/4 lb 40c.; 1/2 lb 1.35 postpaid.

MAMMOTH SUNFLOWER. Grows to an immense size and the seed makes fine food for fowls. Oz 5c., 1/2 lb 12c., 1 lb 20c, postpaid

SOJA or SOY BEANS. **Early Yellow**—The earliest and best variety 1 to 6 stems branch out from the ground, reaching a height of 2 to 4 feet. Cows, hogs, etc. thrive upon them. If drilled, use 1/4 to 1/2 bu per acre; if scattered, 1 bu. Pkt 5c., 1 lb 20c, postpaid

CASTOR BEANS. One bu plants 15 acres. 1/2 lb .0c. 1 lb 15c, postpaid

COW PEAS. Fine fertilizer and fodder. Either the Black, Whippoorwill or Black-Eyed as follows: Pt 20c., qt 35c., postpaid.

TOBACCO. Either Connecticut Seed Leaf or Big Havana. Pkt 5c, 1/2 oz 10c., oz 20c., 1/4 lb 75c., 1 lb \$2.80, postpaid

PRICES OF FARM SEEDS fluctuate so it is practically impossible to set a fair price on them at the time the catalogue is made up. In order to give my customers the very latest prices, I have inaugurated a new plan, which I hope will prove satisfactory: With this catalogue I enclose a "**Special Price-List**" If you failed to receive it or have lost it, write for a new one at once, for I will save you money by giving you the very **LATEST and LOWEST MARKET PRICES** on my strictly **HIGH-GRADE SEED.** Yours sincerely, J. S. ZIMMERMAN, PROP'R.

ZIMMERMAN'S**Tested ALFALFA Seed.**

Alfalfa is particularly adapted to our Western soil and climate, but is also winning popularity in other sections. In dry hot sultry weather, when other grasses are parched and withered, Alfalfa is fresh and green. The soil is improved by it. Sow not later than Sept. in Kansas and like climates, but the best time is as early in the spring as the weather will permit, using 18 to 25 lbs per acre. There are many grades of Alfalfa seed; some are cheap and worthless. We are located in the Alfalfa country and are in a position to offer the best seed the market affords and at a low price. We offer the following grades:

PURE GOLD—We believe this to be the very best quality of Alfalfa possible to secure. Selected with the greatest care, cleaned and graded with the finest machinery, the fine, plump grains are indeed golden. Pkt 5c., lb 25c., postpaid.

CHOICE—Strong, plump seed and equal to the highest grade generally sold. bu (60 lbs) \$9.50.

PRIME—Generally sold as second grade.

WRITE FOR LATEST PRICES

TIMOTHY. Unsurpassed as a hay crop. The seed we offer is fancy cleaned, fresh and bright. Sow 10 lbs per acre.

BROMUS INERMIS

BROMUS INERMIS. (Awnless Brome Grass.) It grows from 3 to 5 feet and does especially well in dry, arid soils. It is a hardy grower and great drouth resister. It has been very clearly demonstrated that it will succeed in a wider range of temperature than any other grass. Land too poor to raise the common agricultural grasses and crops, will give splendid yields of Bromus Inermis. In making permanent pasture, it should be sown with other grasses. It may be sown with winter wheat in the Southern states in Feb or March. In the North, it should be sown later. Sow 20 to 30 lbs per acre. Lb 30c., 3 lbs 70c, postpaid.

RED TOP. A hardy perennial. Succeeds best on moist land. Lb 30c., postpaid.

MILO MAISE. Yellow. It grows 9 to 12 feet high and branches from the ground to the top. Lb 15c., postpaid.

ENGLISH BLUE GRASS. (Meadow Fescue)—A very productive and nutritious grass and suitable for permanent pasture. Sow 15 to 20 lbs per acre. Lb 15c. postpaid.

ORCHARD GRASS. Does well in the shade Sow twenty lbs per acre

GERMAN MILLET. One of the heaviest yielding forage plants. Produces 4 to 5 tons of hay per acre. Is closely allied with Hungarian Millet, but a heavier yielder and much superior. Is ready for use in 60 to 65 days after planting. Sow 30 to 40 lbs per acre. Lb 20c., 3 lbs 50c postpaid.

JAPANESE MILLET or "Billion Dollar Grass."

This variety has been sold at high prices under the title of "Billion Dollar Grass. It has a claim of over twenty tons of green forage per acre. The forage is tender and relished by stock, superior to corn fodder for cows. Sow about 12 qts per acre about May, but can be sown as late as Aug, with good results. Pkt 5c., lb 30c., postpaid.

SIBERIAN MILLET. This variety from Russia has given great satisfaction in the United States. It grows to a height of 2 to 4 feet and stools or branches at the roots, thus producing a large crop. Sow in May or June at the rate of 1 peck per acre. Pkt 5c., lb 20c., 3 lbs 50c, postpaid.

SPELTZ or EMMER. Will grow anywhere and makes a good pasture when in the green stage. When matured, is threshed out like wheat, only not so close; hull and kernel can then be fed or ground. Cows, horses, sheep and especially hogs, thrive upon it. Prepare the ground and sow like oats, using about 40 lbs per acre. Our Speltz is well cleaned. Lb 15c postpaid.

See "SPECIAL PRICE-LIST" for Field Seed Prices.

ZIMMERMAN'S PURE GOLD
ALFALFA SEED BRINGS RESULTS

A FEW PARK SCENES IN
TOPEKA ALL SOWN WITH
ZIMMERMAN'S GRASS SEED

KENTUCKY BLUE GRASS.

Shipped Direct to the Zimmerman Seed Co. from
Fayette Co., Ky.

Pure, genuine Kentucky Blue Grass stands without a rival for beauty and usefulness. As a lawn grass, nothing can equal it. As a permanent pasture, after once started it is easily the peer of any other grass. Our experience has been that stock of all kinds will keep in perfect condition when pastured on this famous grass. The most beautiful sight our eyes beheld, while traveling in Kentucky, was the Blue Grass Region, with its large fields of waving Blue Grass. For some years, we have been receiving letters from throughout the Great Southwest, asking for pure Ky. Blue Grass. It is claimed that the Blue Grass seed generally sold is not pure and some has lost at least a portion of its vitality. How true this may be we leave for you to say. We decided to secure, if possible, a shipment of GENUINE BLUE GRASS. Fayette County is situated in the center and heart of the Blue Grass Region of Ky. We guarantee the stock we offer to have been raised especially for seed and shipped direct to us.

NOTICE! Topeka is famous for its beautiful parks; and Every Park is sown with Zimmerman's Grass Seed.

QUICK GROWING LAWN GRASS.

Our Special Lawn Mixture will insure a beautiful, compact, even sod. It includes the finest door or yard grasses, with a select proportion of Ky. Blue Grass, etc. Full provision is made for successive growth, as to insure a rich green from early spring until late autumn. State if you wish the mixture to contain White Clover seed or not. Use one pound to 400 sq. feet of ground or 90 lbs per acre. Our Lawn Grass is not "dished out of any old seed," but is carefully selected. It is not THE CHEAPEST, but IT IS THE BEST. Pkt 5c., 1b 25c., 3 lbs 60c, postpaid.

WHITE CLOVER. Should be sown in all meadow mixtures, Useful to bee keepers affording honey of the finest quality. Sow 8 to 10 lbs per acre. 1b 30c., 3 lbs 80c postpaid.

ALSIKE CLOVER. Is perennial and does not winter kill. One of the hardiest varieties known: it stands wet or dry weather. A great favorite with bee keepers, as its flowers have a sweet odor and makes excellent forage for bees. Sow 5 to 8 lbs per acre. Beware of "cheap" Alsike seed; seed is small and hard to clean, much inferior seed containing a great assortment of weeds is generally offered at a low price. Don't plant weeds—get our choice, well-cleaned seed. It pays. 1b 30c., 3 lbs 80c, postpaid.

RED CLOVER. Our Red Clover seed is fresh and carefully re-cleaned. Sow about 12 lbs per acre. Per 1b 25c., 3 lbs 70c., postpaid.

Bokarah or Sweet Clover. Produces abundance of small white flowers of great fragrance: fine for bees only. Sow 10 lbs per acre. 1b 25c., 3 lbs 65c, postpaid.

PEARL MILLET. Known for years as Pearl or Cat Tail Millet; has recently been called *Pencillaria* and sold at high prices. Grows to a height of 8 or 10 feet in a short time. Cut stalks for fodder when 3 feet high and get a second growth for ensilage. Sow in drills. 3 to 4 lbs per acre. Broadcast 8 lbs per acre. 1b 20c postpaid.

TEOSINTE. Relished by sheep, hogs and cattle. In the South as many as 5 cuttings may be had. Plant in drills 3 feet apart, 2 to 3 seed every foot, 4 lbs per acre. Oz 8c., 1b 25c., 3 lbs \$2.25, postpaid.

FLAX. Sow about 40 lbs per acre. Pkt 5c., 1b 20c., 3 lbs 55c postpaid.

BARLEY. CHAMPION BEARDLESS—A fine beardless barley and the earliest known. Six-rowed, entirely beardless, heavy yielder.
MANSURY—A six-rowed barley, with long heavy, well-filled heads.

JAPANESE BUCKWHEAT. Has become a popular product. It is the hardiest and most productive Buckwheat grown. The kernels double the size of others. 1b 16c postpaid.

CASTOR BEANS Have been largely planted in the Southwest for several years and prove a profitable crop. Highly recommended for preventing gophers, moles, etc. Sow 4 to 5 lbs per acre. 1b 15c., 3 lbs 40c postpaid.

JERUSALEM CORN. Is pronounced even better than Kafir Corn for dry countries and seasons. It grows about three feet high making one large head on main stalk and several small heads on side shoots. The grains are pure white and nearly flat. 3 lbs will plant one acre. 1b 20c postpaid.

BROOM CORN. OKLAHOMA DWARF—Is early, of dwarf habit, resists drought and is very productive. It does fine on newly broken sod land, making a paying crop for new settlers. If cut immediately after brush is pulled, the stalks make excellent fodder. Drill 3 lb of seed per acre. 1b 15c postpaid.

EARLY JAPAN—Matures in 70 to 80 days. Can be planted after wheat with good results. 1b 15c postpaid.
EVERGREEN—Fiber long and straight.

FOR PRICES ON FARM SEEDS, See "SPECIAL PRICE-LIST." One is sent with this catalogue. If you did not receive it, or have mis-placed it, write for a new one. It gives the LATEST PRICES on Field Seeds.

ZIMMERMAN'S CHOICE FLOWER SEED.

The HIGH STANDARD of quality, which characterizes our garden and field seeds, is maintained in our flowers. Our seed is fresh, much of it imported and ALL of high germinating properties. Our mixtures will be found to contain the finest varieties and, from the tone of letters we received the past season, we know our customers are satisfied. Now just a word about planting: The best soil for most flowers is light, rich loam with just enough sand in it to make it porous. Have the surface as fine as possible and cover each kind of seed according to its size and press the soil down firmly. Small, fine seed should be JUST COVERED or "patted" into the soil. Don't plant when ground is wet. Ask for our Cultural Book, it is FREE to our customers.

Abutilons.

ROYAL
PRIZE
ABUTILONS.

ROYAL PRIZE MIXTURE—These beautiful flowers are admirably adapted to both house and out door culture. They form bushes bearing a profusion of gorgeous bell shaped blossoms. They are rapid growers and very easy raised from seed if given an early start indoors and transplanted in the garden when the weather is settled. TRY THEM. Extra choice mixed. Pkt. 5c.

ABUTILON—Good mixed. Pkt. 5c.

Alyssum.

LITTLE GEM—These dainty dwarf, fragrant white flowers need no introduction, as they are so well and popularly known. It is of easy culture and the finest variety of Alyssum. No flower garden is complete without it. Large pkt. 5c.; oz. 35c.

BENTHAM COMPACTUM—Commonly called Tom Thumb on account of its dwarf, robust growth. Excellent for bouquets. Pkt. 5c.; oz. 30c.

Antirrhinum

(SNAP DRAGON)

One of the old fashion favorites so desirable for its variety of colors and free blooming. Blooms from early in July until heavy frost and, if covered over with leaves, will survive and continue their blooming the second year.

BEST TALL MIXED—Pkt. 5c.

LITTLE GEM ALYSSUM.

AMARANTHUS.

Amaranthus.

CAUDATUS (love lies bleeding)—These showy plants are remarkable for their long red panicles. They are one of the most ornamental and beautiful plants of the Amaranthus family. Pkt 5c.

SPLENDENS (rainbow plant)—These are noted for their handsome foliage, inner foliage dark bronze tipped with green; the outer foliage, when exposed to light becomes gorgeous crimson and gold. Pkt 5c.

MIXTURE—Contains the above varieties and many more. Pkt. 5c.

Ageratum.

A beautiful hardy annual. The flowers are bush-like, resembling an inverted tassel and are excellent for garden and winter blooming in the house. FINE Mixed, pkt 5c.

ANTIRRHINUM.

ZIMMERMAN'S ASTERS.

QUEEN HELEN ASTER.

QUEEN HELEN—This grand Aster belongs to the tall or branching type, and is very beautiful, being of a very delicate rose tint. The petals are long and inclined to curve, giving it a resemblance of a fine Chrysanthemum. It is the cream of giant Asters. Don't fail to include a packet. Pkt 10c.

PEONY FLOWERED.

PEONY FLOWERED—Plants grow about 20 inches high and have long stems bearing large flowers 3 or 4 inches in diameter. Flowers are very double and shaped like a peony. Mixed colors. Pkt 5c.

LAVENDER GEM—This is of the Ostrich-feathered type, the flowers being irregularly slashed and fringed. The color is delicate lavender and they are very double. This is one of the very finest Asters. Pkt 15c.; 2 for 25c.

ZIMMERMAN'S SPECIAL MIXTURE. This contains the finest varieties and choicest colors. It is my own mixture and I feel sure, if you wish an assortment of colors, that it will please you. Pkt 5c.

Zimmerman's Early Beauty.

In my **EARLY BEAUTY**, I believe I have the most beautiful extra early Aster ever offered. As shown by the blossom head, it resembles a perfect Chrysanthemum, with all the beauty of that flower. Its beautiful blossoms are borne on long stems, making it desirable for cutting, while its extreme earliness and matchless beauty make it valuable indeed. If you are a lover of beautiful flowers, try this. **WHITE**—Pkt 10c. **PINK**—Pkt 10c. **MIXED**—Pkt 10c.

DWARF QUEEN—Most excellent for pot culture as well as for bedding. Flowers are large size and double. Mixed colors. Pkt 5c.

QUEEN OF THE MARKET—Very early and usually in bloom fully two weeks before most sorts. Mixed. Pkt 10c.

BRANCHING—Easily grown from seed and produce flowers 2½ to 4 inches in diameter. They have long stems and are admirable for cutting. I have a very choice strain. **PURE WHITE**—Pkt 10c. **MARY SEMPLE**, **PINK**—Pkt 10c. **FINE MIXED**—Pkt 10c.

VICTORIA—Unquestionably one of the handsomest varieties of Asters. Flowers are large size, globular shape and very double. All colors mixed. Pkt 5c.

COMET—Grows 12 to 15 inches high of branching habit and each stem produces a flower. The outer petals are broad and flat, while the inner ones are compact and pointed. **CARMINE**—Pkt 10c. **LIGHT BLUE**—Pkt 10c. **FINE MIXED**—5c.

Carnations

The NEW MARGUERITE and GIANTS OF CALIFORNIA are well-known as the very finest Carnations. Our seed is the very best to be obtained and is all new stock. Please do not compare our superior seed with the cheap inferior grade sold by some. We have ONLY THE BEST

MARGUERITE—Though universally admired, few know how easily these lovely flowers can be raised from seed. They flower in four months from time of sowing. They are of vigorous, dwarf, erect growth, requiring no supports. Very hardy. You will be greatly pleased with our fine mixture, which includes all colors. Pkt (75 seeds) 5c.

GIANTS OF CALIFORNIA—These are of dwarf, bushy habit. This grand new strain will be sure to please, on account of its hardness and abundance of brilliant fragrant bloom. Seeds are very scarce. We can supply finest mixed. Pkt (50 seeds) 10c.; or 2 for 15c.

For Carnation Plants, Coleus and Fuchsia Plants
See Plant Dept, Page 68.

CINERARIA.

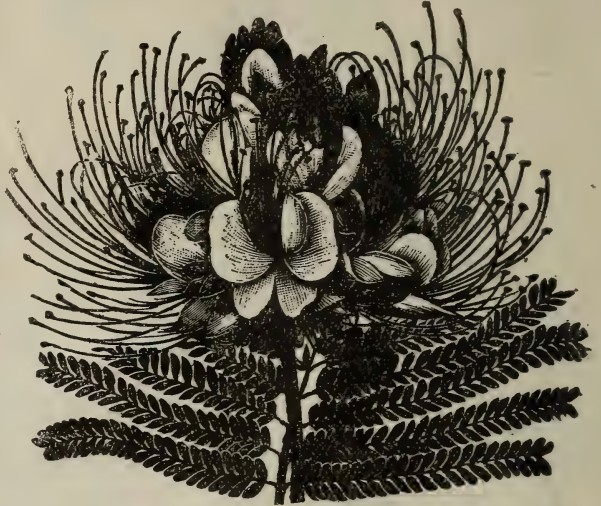

HYBRIDA FINEST MIXED—One of the choicest of plants for house culture, seeds germinate quickly and plants are soon covered with flowers of exquisite satiny hue. We know of few plants more desirable. In this mixture is every lovely color to be had. Pkt (100 seeds) 10c.

CELOSIA.

DWARF FEATHERED—This is especially desirable for both bedding and pot culture. It resembles an ostrich plume, because of its graceful nodding plumes above the foliage. They greatly please lovers of the beautiful. Feathered varieties in finest mixture. Pkt 5 cts.

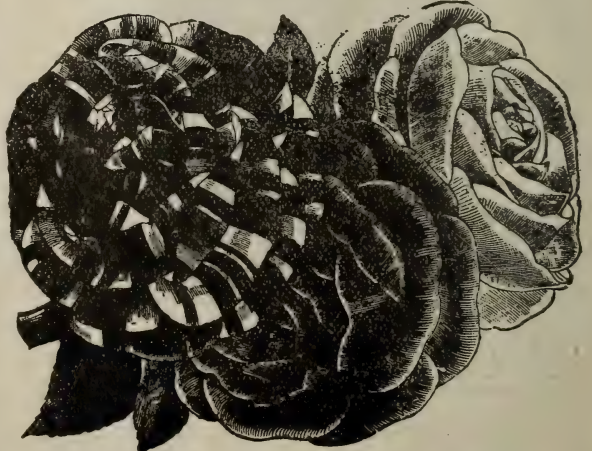

TRIUMPH OF THE EXPOSITION—The beautiful bronze foliage and brilliant scarlet bloom of this handsome plant is similar to that of Scarlet Sage, but it is more desirable because of its early flowering qualities, and its continuing to bloom until heavy frost. Pkt 5c.

BIRD OF PARADISE.

This is truly a novelty, being one of the most interesting plants in cultivation. The flower is yellow and is produced in trusses. Large pistils of a rich crimson color spread out in fan shape and add greatly to the decorative qualities of the flowers, as does its beautiful foliage. No description can do it justice—it must be grown to be appreciated. Pkt 5c.

CHOICE BALSAM.

CAMELIA FLOWERED MIXED—These are one of our specialties and we know we have as fine seed as it is possible to procure. Flowers are extremely double, very large and bear a striking resemblance to a miniature Camelia. Comprises all the different colors. Pkt 5c.

White—Pkt 8c.
Scarlet—Pkt 8c.

CHOICE DAHLIAS.

DOUBLE MIXED—I offer Dahlia seed that if sown in early spring and then transplanted out-doors as soon as weather permits, will produce an abundance of bloom by fall. This mixture contains all the various kinds, such as Show, Pompone, Cactus and Lilliput varieties. Pkt 5c.

TOM THUMB—These grow from 12 to 15 inches high and are covered with showy flowers. Of easy cultivation. Mixed colors. Pkt 5c.

For Dahlia Bulbs,
See Page 67.

COLEUS.

The grandest foliage plant grown from seed. Plants are from 2 to 3 feet high; leaves are broad and long, comprising all the shades of yellow, red, green, from the darkest to lightest. Is of easy culture. Fine Mixed. Pkt 5c.

FOR-GET-ME-NOT.

These dainty little flowers are too well known to need any description. Grow 6 or 7 inches high and covered with delicate blue flowers.

Alpestris—Blue and white, dwarf and is of free flowering habit. Pkt 5c.

Eliza Fonrobert—Flowers are of a sky blue color, with yellow eye. Pkt 5c.

Semperflorens—Blue and flowers early. Per pkt 5c.

FEVERFEW.

GOLDEN—Very hardy, free flowering perennial plant. The plants throw up stems ending in clusters of flowers. The foliage has a ferny appearance, making it good for bouquets. Pkt 5c.

CENTAUREA.

(Bachelor's Button.)

DOUBLE MIXED—The regular old-fashioned Bachelor Button, which has always been a favorite. All colors. Pkt 5c.

CYANUS—Free blooming. Sometimes called "Blue Bottle," "Korn Blume" etc. Choice Mixed Color. Pkt 5c.

COSMOS.

These beautiful graceful flowers are becoming more and more popular as the years go by. The foliage is feathery and ferny, while the broad, deep petals, with their yellow heart, rise on long stems. I have the early flowering kind which produces bloom from July to November.

WHITE or PINK—Pkt 5c.

MIXED—Comprising every color. Pkt 5c.

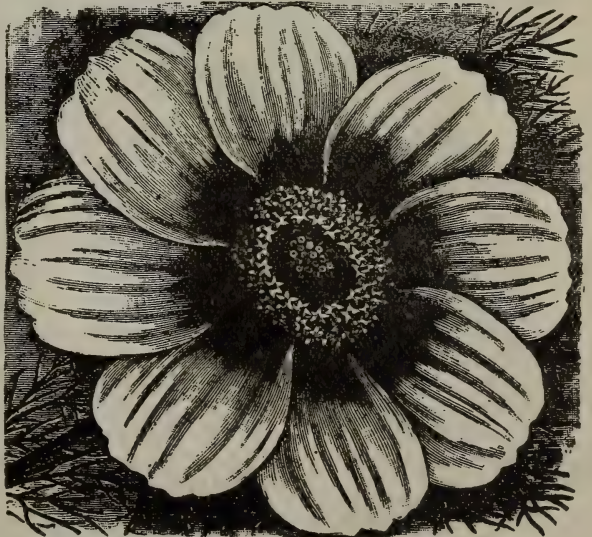

CALIFORNIA POPPY. (Escholtzia.)

These handsome flowers gain praise and admiration wherever cultivated. The flowers are of various forms: some flat, some cup-shaped, others deep with flaring edges. MY SPECIAL MIXTURE contains many rare shapes, double and single, such as "Glory of the West," "Rosy Morn," "Douglas," and many others. Pkt 5c.

FUCHIAS.

These succeed best as pot plants, though in southern states they are hardy enough for outdoor planting. During hot seasons, keep in a shady place.

Double and Single Mixed—Pkt 20c.

COSMOS.

 Send me your order for Garden Seed.

DIANTHUS (Chinese Pink)

DWARF FIRE BALL—You will find these to be dwarf, compact in growth petals fringed, deep red and very double. Sure to please the most fastidious. Pkt. 5c.

THE BRIDE—Handsome single flowers, pure white with deep purplish-red center. Pkt 5c.

CHINENSIS (Double Chinese Pinks)—Contain many distinct and beautifully marked varieties of rich and numerous colors; may be described as resembling Giant Sweet William, except they are much larger. Pkt 5c.

Our seed is all new and of the best quality. Our seed will please you

CANDYTUFT.

This hardy annual grows with very little care in most any kind of soil. Produces plants seven to eight inches tall; makes a fine border. Nothing quite so satisfactory for the little care it requires. We have very choice varieties for bouquets.

DWARF OR TOM THUMB—Which may be sown at intervals of two or three weeks and you will have continuous bloom throughout the season. Pkt 5c.

WHITE OR SNOWFLAKE—Pkt 5c.

MIXED COLORS—All sorts mixed. Pkt 5c.

ICE PLANT.

Very attractive on account of its peculiar green waxy foliage, which is covered with a coating resembling crystals of ice. It glistens like diamonds in the sunlight. It is especially pretty for tubs and vases in the yard. Try it. Pkt 5c.

ICE PLANT.

Larkspur

EMPEROR—A variety well liked for its richness of color. This must not be mistaken for the common sort; a trial will prove its superiority. Each plant often bears fifty or more erect spikes of flowers. Pkt 5c.

MIGNONETTE.

NEW GOLDEN MACHET—This kind is prized for its fragrance and earliness. It grows rapidly and produces an abundance of spikes of flowers while it is yet cold weather, continuing to bloom through the summer. It is a delicate shade of lemon; foliage dark green. Pkt 5c.

IMPROVED SWEET MACHET—Pkt 5c.

MIGNONETTE MIXED—This is the best mixture. In ordering do not overlook this. Pkt 5c.

Hollyhock.

GIANT DOUBLE MIX D—As fine and beautiful as the most double rose. The plants grow 4 to 6 feet in height and produce spikes of rosette-like flowers of every shade and color. Pkt 5c.

CHRYSANTHEMUM.

YELLOW (Coronarium)—A new color, very soft shade of lemon, quite desirable, they are double, make lovely flowers for bouquets. Pkt 5c; ½ oz 25c

WHITE—These furnish double snow white flowers through the summer and fall. Grow two ft. high. Pkt 5c; ½ oz 25c.

DOUBLE ANNUAL—Our seeds are sure, if carefully sown in February or March, to produce a profusion of bloom early in the fall. This sort includes many colors not listed and are a mixture of the finest sorts. We want our customers to try a packet of these on our recommendation. Pkt (100 seeds) 10c; 3 for 25c.

COXCOMB.

QUEEN OF DWARFS—This is not the common sort usually offered, but something new. Bears large crimson combs; is very dwarf in habit, making it fine for borders, and handsome for potting. Pkt (250 seeds) 6c.

FINEST MIXED—All the finest and best. Pkt 5c.

GAILLARDIA.

GAILLARDIA—Of magnificent size and color, very double, borne on long stems, making it excellent for cutting, will keep over a week when cut. Pkt 5c.

CANNA SEED.

These beautiful flowers can be easily grown from seed and will bloom the first summer, if sown by April, and if carefully potted in the Fall, and kept in the house will bloom all Winter. Our Giant Mixed has been saved from the choicest Cannas of our own growing and will produce a grand assortment of the finest varieties. Pkt 5c.

DATURA. (Trumpet Flower)

DOUBLE MIXED—Bloom freely the first year and are very showy. Flowers measure about 8 inches long and 4 to 5 inches across the mouth and are very fragrant. Roots may be taken up in the Fall. Pkt 5c.

HELIOTROPE.

A half hardy perennial, which is easily grown from seed.

FINE MIXED—This contains the choicest varieties and will bloom the entire season. Pkt 5c.

LOBELIA.

The dwarf and free flowering qualities of these make them especially suitable for rockeries, pots, edging flower beds, etc. Dark blue, white, rich bright blue, mixed. Pkt 5c.

MARVEL OF PERU.

(FOUR O'CLOCK.)

Very easily grown, yet one of the most pleasing of the old fashioned flowers. The opening of the fragrant and brilliant blossoms make it a grand sight each afternoon. Every conceivable color in this mixture. Pkt 5c.

GERANIUMS.

The only way to obtain new and original varieties is through propagation of seed.

SINGLE MIXED—Best single varieties. Pkt 5c.

DOUBLE MIXED—Fine double flowers of choicest colors. Pkt 25c

COMPLETE FLOWER GARDEN FOR 25c.

We offer the following 15 packets for only 25c postpaid. A regular 75c collection. All are easily grown from seed and you will find this will make a most gorgeous flower bed:

Aster, Fine Mixed. **Alyssum**, Little Gem, beautiful pure white. **Carnations**, New Marguerite, grand mixture. **Candytuft**, Fine Mixed. **Cosmos**, Fancy Mixed. **Larkspur**, Finest Mixed. **Mignonette**, All the Best Mixed. **Nasturtium**, Grand Mixture. **Portulaca**, Choice, All Colors. **Pansy**, Grand Mixture of Giant Varieties. **Petunia**, Fancy Colors, Grand Display. **Phlox**, Finest Mixed, Elegant Assortment. **Poppy**, All Sorts and Colors. **Sweet Peas**, Our Select Mixture of the Finest and Best. **Verbenas**, Fine Collection of Mixed Colors.

MARIGOLD.

LEMON QUEEN—The flowers are very double to the center, an inch in diameter and cover the plants profusely. Of a lovely shade of rich cream and tint of lemon. Pkt 5c.

AFRICAN DOUBLE MIXED—African varieties are stronger in habit and produce larger flowers. All varieties mixed. Pkt 5c.

MIMULUS. (MONKEY FLOWER)

TIGRINUS—If you want something lovely for baskets and vases, select this excellent variety. It is half hardy, thrives well in open cultivation, if given plenty of shade. It is famous for its rich and beautifully blotched and singularly shaped flowers and tender foliage. Pkt 5c

Zimmerman's Nasturtiums.

Tall Nasturtiums.

TALL NASTURTIIUMS—These are most suitable to rockeries, stumps, shrubbery, trellis, low fences, etc. For richness of color and refreshing foliage, they are difficult to surpass.

HYBRIDS OF MADAM GUNTHER—These are difficult to excel in richness of color. They are climbers and continuous bloomers. It is impossible to describe the many colors; as near as we could come to it would be to say, there is scarcely a tint or shade in a brilliant sunset not represented among these. Pkt 5c; oz 10c; $\frac{1}{4}$ lb 35c.

DARK CRIMSON—Deep velvety red, or brownish red. Pkt 5c; oz 10c; $\frac{1}{4}$ lb 35c.

SCARLET—Flaming red Pkt 5c; oz 10c; $\frac{1}{4}$ lb 35c.

TALL MIXTURE—Comprising every known color. This is one of the best. Pkt 5c; oz 10c; $\frac{1}{4}$ lb 35c.

Trailing Nasturtiums.

growers. Pkt 5c; oz 10c; $\frac{1}{4}$ lb 35c.

LOBB'S TRAILING—In these will be found all the choice colors; desirable for freedom of bloom. Winter blooming, rapid

Dwarf Nasturtiums.

SELECT DWARF MIXED—This is our specially prepared mixture of all the dwarfs. They are compact and bushy, foliage of both dark and light type, colors very bright and pleasing, making them very effective. We heartily recommend them. Pkt 5c; oz 10c; $\frac{1}{4}$ lb 35c.

BEAUTY — Gorgeous red and orange. Pkt 5c; oz 12c; $\frac{1}{4}$ lb 45 cts.

PEARL—Clear tint of lemon, fading to a primrose. Pkt 5c; oz 12c; $\frac{1}{4}$ lb 45c.

PRINCE HENRY—Is one of the most distinct and charming varieties, delicate tints of rose and straw color. Pkt 5c; oz 12c; $\frac{1}{4}$ lb 45c.

CLOTH OF GOLD—This is of compact growth, with bright golden yellow leaves and brilliant scarlet flowers, Pkt 5c; oz 15c; $\frac{1}{4}$ lb 50c.

NEW TOM THUMB NASTURTIUM—CLOTH OF GOLD.

ZIMMERMAN'S SELECT MIXTURE.

See Illustration in Colors on Back Cover of this Catalogue.

This is my special mixture of SELECTED, large flowering tall Nasturtiums. This mixture contains a large range of colors and markings and will produce a profusion of bloom of matchless beauty. I have put into this mixture some of the latest and most expensive varieties. Pkt 5c.; oz 10c.; $\frac{1}{4}$ lb 35c.. postpaid.

PANSIES-A Page of Giants.

Zimmerman's Imperial German.

These varieties were imported by us direct from Germany and are the Finest in the World

SNOW QUEEN—Very fine A pure satiny White Pkt 5c

YELLOW—Distinct variety Pkt 5c

PURPLE MANTLE—A deep rich purple. Pkt 5c.

RED RIDING HOOD—Several shades of flaming red. Pkt 5c.

VICTORIA RED—Pretty shade of crimson. Pkt 5c.

PURPLE—Deepest shade of purple known. Pkt 5c.

FINEST MIXTURE--We scarcely know how to give a perfect description of these extra fine strains, because we know it will be hard to do them justice, suffice it to say, all the above and fifty others are contained in it. Finest in existence. Pkt 5c; 3 for 12c. $\frac{1}{2}$ oz 75c., oz \$1 40, postpaid

Other Select Varieties.

We supply our customers with as good Pansy seed as can be found in America or Europe. A trial will convince you.

KING OF THE BLACKS—Flower almost coal black, very velvety. The black sort is considered one of the finest by the most critical. Pkt 5c.

SILVER EDGE—Dark purple, silver border. Pkt 5c.

PRINCE BISMARCK—Beautiful shades of brown and golden-bronze, marbled. Pkt 5c.

PHEASANT'S EYE—Upper petal sky-blue with violet edge, lower ones mottled and variegated. Pkt 5c.

FAUST—Deep jetty black. Pkt 5c.

PANSY MIXTURE—This is our special mixture of all the best known varieties, each strain is exceptionally fine for bedding, and will give complete satisfaction. Pkt 5c; 3 for 10c; $\frac{1}{4}$ oz 80c $\frac{1}{2}$ oz 50c; oz 90c, postpaid.

SWEET SCENTED.

SWEET SCENTED—This is the result of crossing the Pansy with the Sweet Violet. Very fragrant, large and have great diversity of color; possess the hardiness of Violets. Pkt 10c; 3 for 25c.

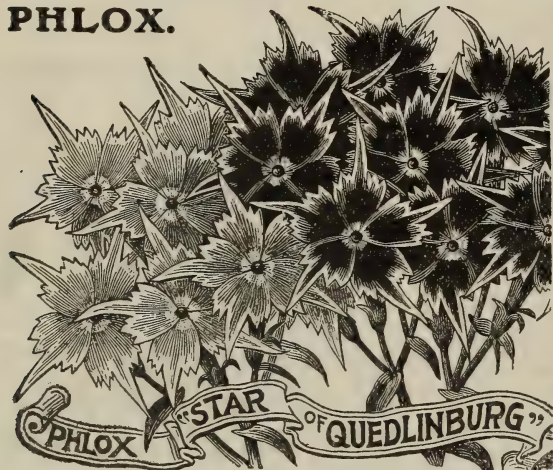

PETUNIAS. For easy culture, freedom of bloom, fragrance and variety of colors, it hard to surpass the Petunia. I offer the choicest large-flowering varieties,

HYBRIDA STRIPED—Each plant forms a complete bush 5 to 10 inches in height. The flowers are beautifully blotched and striped. Pkt 5c.

CHOICE MIXED—A select mixture containing a great assortment of colors. Pkt 5c.

ZIMMERMAN'S GIANT DOUBLE MIXED—This mixture is composed ENTIRELY of the very finest of Double Petunias. If you would have the very finest and largest flowering Double Petunias, you have it here. Pkt 20c.; 2 pkts 35c.

PHLOX.

STAR OF QUEDLINBURG—This is a very beautiful and attractive strain of Phlox. The blossoms are curiously pointed and slashed. They embrace a wide range of colors, shades and markings. Pkt 5c.

SPLENDENS—Pretty red flowers with white eyes; early to bloom and are free flowering. Pkt 5c.

ALBA GRANDIFLORA—These are magnificent pure white flowers. Pkt 5c.

FINE MIXED—If you would like a continuous pleasure throughout the entire summer, try this fine mixture of all the prettiest colors and finest sorts. Pkt 5c.

RICINUS. (Castor Oil Bean)

Plants grow 14 to 20 feet high. The large scalloped leaves, thickly set from top to bottom of bamboo-like stems, make them useful for shading purposes, at the same time they are very ornamental. Pkt 5c.

SENSITIVE PLANT.

Touch the foliage with your finger tips and it immediately wilts, but soon revives. Bears pretty pink flowers. Pkt 5c.

SALVIA (Scarlet Sage.)

SPLENDENS—This is a most gorgeous plant. For months the great spikes of flaming scarlet almost cover the foliage. Single plants sometimes carry 200 spikes, each spike being 10 to 12 inches in length. Pkt 5c.

KENILWORTH IVY.

This is one of the most beautiful basket or vase plants. It is as easily grown from seed as Morning Glories. Plants come into bloom in a few weeks; has long drooping sprays of exquisite foliage, set with beautiful little flowers. It is a hardy perennial and likes shade and moisture. Pkt 5c.

PRIMULA. (Chinese Primrose.)

FINE MIXED—A grand mixture of all varieties and colors. Will give a succession of flowers throughout the season and are noted for their beauty and fragrance. They are winter bloomers. Pkt 5c.

SMILAX.

One of the most desirable window vines ever grown. Its elegant and graceful foliage of rich glossy green has a most charming effect. Pkt 5c.

PORTULACA. (Moss)

DOUBLE ROSE FLOWERED—You can see by the illustration how double these flowers are; resemble a miniature rose. Nothing prettier than these bright blossoms and waxy foliage for a flower garden. Pkt 5c.

SINGLE MIXED—Preferred by many to the double. Pkt 5c.

SELECT POPPIES.

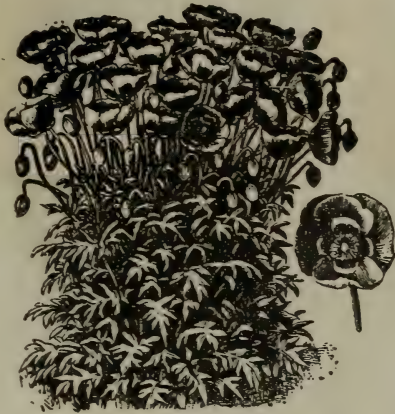

SHIRLEY—My strain of Shirley Poppies contain new and beautiful forms, colors and shades in single, semi-double and double flowers. Pkt 5c.

SNOWDRIFT—This great novelty stands without a rival. Its pure white, very double flowers is worthy of great admiration. Nothing more exquisite in the Poppy family. Pkt 5c.

GOLDEN GATE—These have fine blooms in a combination of colors, all mottled, striped and blotched, making them very showy and desirable. Pkt 5c.

FINEST DOUBLE—The name tells the story. They are very beautiful. Pkt 5c.

MIXED—A great assortment and combination of all the popular varieties and species of Poppies, forming a mixture which is at once gorgeous, beautiful and attractive. A fine addition for your flower-garden. Try it. Pkt 5c.

GOLDEN GATE.

SUNFLOWERS.

MANY FLOWERING DOUBLE—These grow very tall; flowers are very double and one at every leaf joint, the top flower being the largest. They produce great quantities of seed, which is very good for chickens, and at the same time they are quite attractive. Pkt 5c.

MINIATURE—Very dwarf and bushy, with small leaves; flowers are very minute and pretty. The plants resemble the dahlia. Pkt 5c.

STOCKS.

GLOBE PYRAMIDAL—Has immense spikes of double flowers measuring from 2 to 3 inches in diameter and prized for their fragrance and beautiful colors. A select of mixed colors. Pkt 5c.

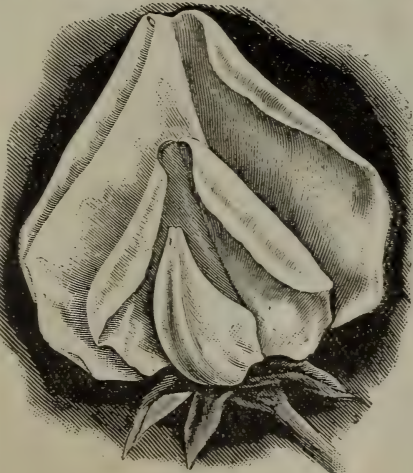

TEN WEEKS—The earliest variety. Mixed colors. Pkt 5c.

SWEET WILLIAM.

CHOICE MIXED—Hardy perennial, growing about 18 inches high. Double and single, all colors mixed. Pkt 5c.

SELECT SWEET PEAS.

SELECT MIXED—This contains the very finest varieties, and mixed according to my directions. Pkt 5c; oz 10c; ¼ lb 20c; lb 50c.

PRINCESS PEARL.

As is shown by the above illustration, this is indeed a most beautiful Sweet Pea. It is early, of extra large size, while its beautiful form and pure, snowy whiteness easily make it one of the grandest Sweet Peas ever offered. My attention was called to this Sweet Pea by my California growers; I immediately made contract for the seed crop. It is a strong grower and bears a profusion of its pure snowy blossoms on long stems; each stem having 3 or 4 expanded blossoms grouped together. You will be pleased with my "Princess Pearl." Pkt 5c.; oz 10c.; ¼ lb 30c.; ½ lb 50c.; lb \$1.00, postpaid.

DOUBLE—About 50 per cent will be double. Mixed. Pkt 5c.; oz 10c.

Price of any the following varieties; Pkt 5c.; oz 10c.; ¼ lb 20c., postpaid.

MONT BLANC—Very early and paper-white color.

BLANCHE BURPEE—Very large and pure white. A favorite variety.

QUEEN VICTORIA—Light primrose, shaded with faint purple

SUNBEAMS—Light primrose and red.

DAINTY—Beautiful large white, with pink edge, making a charming contrast.

SENSATION—A beautiful buff and pink.

KATHERINE TRACY—A soft, rosy pink, with light edge. Very large.

VENUS—Salmon-buff, with rosy pink shading.

PRIMA DONNA—Flowers of large size and a bright pure pink.

APPLE BLOSSOM—Heavy shade of pink and rose on silvery-white.

ROYAL ROSE—Deep crimson at center, with soft pink wings. This variety has an attractive semi-hooded form.

KING EDWARD VII—Extra large flowers; main color deep crimson, gradually shading lighter towards the wings. The stems are long.

SCARLET GEM—The flowers are an almost dazzling scarlet, clear and beautiful.

PRINCE EDWARD OF YORK—Scarlet on salmon, wings deep rose.

MISS WILMOTT—The standard is orange-pink, shading to rose; wings are rich orange-pink.

BLANCH FERRY—An early variety. Standard a rose-pink, with white wings, shaded pink.

EARLIEST OF ALL—Grow about 24 inches high and are fully 10 days earlier than any other Sweet Pea. A rose color, with creamy wings, suffused with pale flesh tint.

ADMIRATION—Pure lavender, very light.

CAPTIVATION—A rich, deep magenta.

EMILY ECKFORD—Rose-purple, shading to lilac and blue. Exceedingly beautiful and attractive.

COUNTESS OF RADNOR—Delicate mauve and lavender.

CAPTAIN OF THE BLUES—A bluish-purple.

ROMOLO PIAZZANI—New. Almost a pure violet-blue.

BLACK KNIGHT—Standard dark claret, wings brownish-purple.

OTHELLO—A deep maroon.

AMERICA—Silvery-white, with stripes of bright red.

GRAY FRIAR—White, with purple markings.

"SPENCER" SWEET PEAS

I am pleased to offer my customers an assortment of the very cream of the Grand, New "Spencer" type.

Zimmerman's Superb MIXED SPENCERS.

See Illustration. My mixture of the "Spencer" type of Sweet Peas is composed ENTIRELY of the very finest NAMED VARIETIES and mixed in my own seed-room and I KNOW it is the very finest assortment possible to secure. This mixture contains some of every variety named below. This type and assortment, with its large, CRUMPLED and WAVY flowers comprising all colors and hues, will be found most beautiful. Pkt 8c.; oz 12c.; 2 oz 20c.; $\frac{1}{4}$ lb 35c.; 1 lb 90c., postpaid.

NORA UNWIN—A giant white, finely waved and fluted. The finest White Spencer. Pkt 10c.; oz 15c.; $\frac{1}{4}$ lb 40c., postpaid.

BURPEE'S WHITE SPENCER—A grand, beautiful, pure white variety. Pkt 8c.; oz 12c.; $\frac{1}{4}$ lb 30c.

PRIMROSE SPENCER—A pure yellow or primrose. Pkt 10c.; oz 15c.; $\frac{1}{4}$ lb 40c., postpaid.

FLORENCE SPENCER—The flowers are extremely large, open wavy form and a delicate pink. Pkt 5c.; oz 12c.; $\frac{1}{4}$ lb 30c.

TRUE COUNTESS SPENCER—In size, form and coloring, this is most beautiful. A soft rose-pink, deepening towards the edges. Flowers on long stems. Pkt 5c.; oz 12c.; $\frac{1}{4}$ lb 30c.

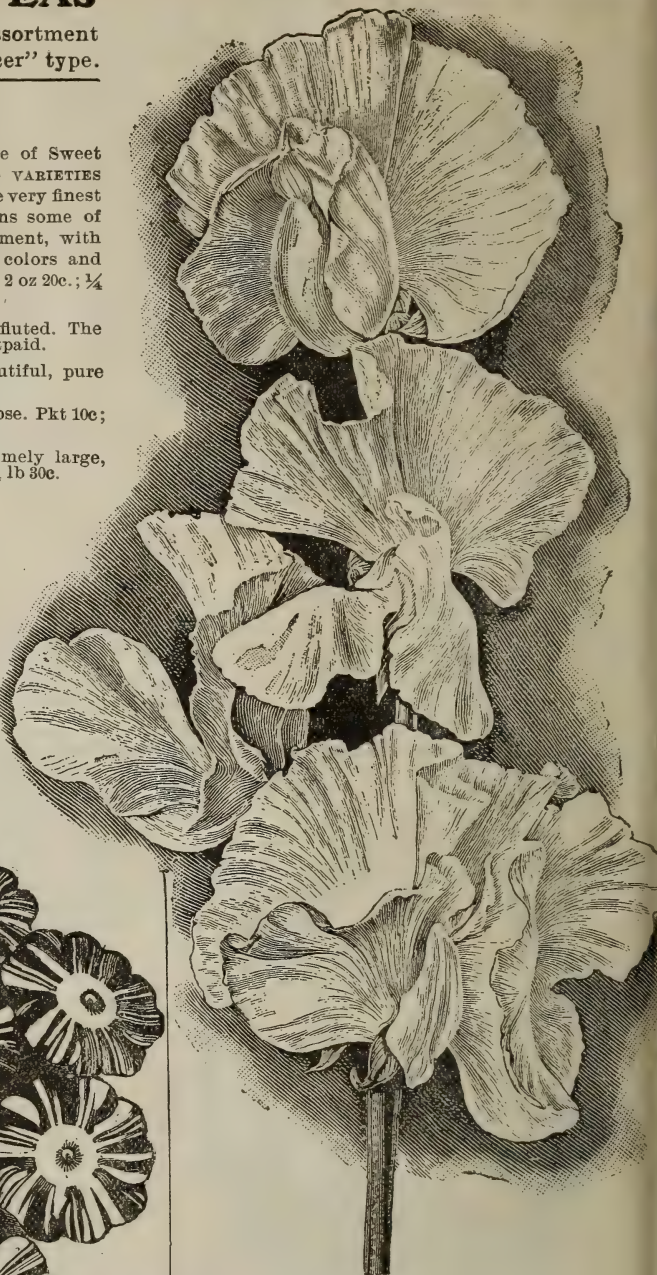

JOHN INGMAN—A beautiful shade of rose. Pkt 5c.; oz 10c.; $\frac{1}{4}$ lb 25c.

E. J. CASTLE—Of wavy type. Rich carmine with salmon shading. Pkt 8c.; oz 12c.; $\frac{1}{4}$ lb 30c.

QUEEN ALEXANDRA—Giant scarlet flowers, shaded lighter. Pkt 5c.; oz 10c.; $\frac{1}{4}$ lb 25c.

HELEN LEWIS—Artistically ruffled; very large flowers of intense crimson and orange. Exceedingly beautiful. Pkt 5c.; oz 10c.; $\frac{1}{4}$ lb 25c.

FRANK DOLBY—A beautiful light lavender, ruffled and fluted. Pkt 8c.; oz 15c.; $\frac{1}{4}$ lb 40c.

"SPENCER" SWEET PEAS.

VERBENAS.

ITALIAN STRIPED—Large, showy striped flowers of many colors. Pkt 5c.

MAMMOTH MIXED—This is composed of the very finest large Verbenas, comprising the brightest and most pleasing colors. It also contains the Auricula-eyed type. All fresh seed of the very best quality. Pkt 5c.

ZINNIAS.

MAMMOTH MIXED—This is a mixture of the largest Zinnias. Very double and show rare shades not found in most collections. Flowers are striped and marked in scarlet, gold and white. Pkt 5c.

POMPONE MIXED—Cone-shaped flowers, ranging from pink to scarlet and from pure white to cream and buff. Pkt 5c.

DOUBLE LILLIPUT MIXED—These form bushes 15 inches high and are covered with tiny double flowers about the size of a daisy. They bloom all summer and fall. Choice colors. Pkt 5c.

CLIMBERS.

CANARY BIRD FLOWER.

JAPANESE MIXED—This is entirely different from the common Morning Glory. They are of gigantic size, measuring from 4 to 6 inches across. They contain every color, and blending of colors, in the rainbow. They are striped, blotched, mottled, often having from 10 to 12 colors in a single flower. Leaves are very large, dark green and variegated. These are certainly very fine climbers. Pkt 5c.

CYPRSS VINE—Has the finest dark green foliage of any the garden vines. It is lovely for ornamenting unsightly trunks of old trees and fences. It makes a lovely trellis. Pkt 5c., postpaid.

CANARY BIRD—Beautiful delicate vine, with handsome foliage and bears an abundance of canary-colored flowers. Pkt 5c, postpaid.

WISTARIA—Called Hyacinth Bean, etc. One of the prettiest climbers and the vines are covered with beautiful flowers. Pkt 5c., postpaid.

COBE VINE—Very rapid annual climber, running up 20 to 30 feet in a season. Has bell-shaped flowers of purplish-lilac color. Pkt 5c, postpaid.

CYPRSS VINE

SELECT BULBS.

FINE NAMED CANNAS.

The following comprises a list of best Cannas. We give height each. Price, dormant roots, 15c each; 3 for 40c; 12 for \$1.50, postpaid.

ALLEMANNEA—Orange red with gold border dotted with red; 4 to 6 feet.

BETSY ROSS—Rose pink; 3 feet.

DAVID HARUM—Bright scarlet blossom, dark foliage; 3½ feet.

DR. NANSEN—Deep yellow.

FLORENCE VAUGHAN—Yellow, crimson spots; 3 to 4 feet.

GLADIATOR—Tall variety, yellow with crimson dots.

LOUISIANA—Brilliant scarlet; 6 to 7 feet.

PHILADELPHIA—One of the best crimson; 3 feet.

QUEEN OF HOLLAND—Deep rich orange; 3 to 4 feet.

THE EXPRESS—Immense cluster—fine bedder; 3 feet.

CANNAS.

BEGONIA.

BEGONIAS.

TUBEROUS ROOTED—These are choice for pot culture or bedding. They are of low, compact growth; waxy green leaves from a beautiful background for the flowers which range from ivory white and scarlet through tints of rose, crimson, orange and bronze yellow. For profusion of bloom and vigorous growth they cannot be excelled.

SINGLE MIXED—Good, strong tubers, each 10c; 3 for 25c; 12 for 80c.

DOUBLE MIXED—Each 12c; 12 for \$1.00.

GLADIOLUS.

MIXED—All colors. Each, by mail, postpaid, 10c; per dozen 50c, postpaid; \$3.00 per 100 by express at purchaser's expense.

The prices are for the strongest and best bulbs; smaller bulbs can be supplied at lower prices, but they will produce blooms of inferior size and quality, if at all, the first year.

GLADIOLUS.

DAHLIAS.

Dahlias are great favorites for autumn flowering. Because of their large and varied range of colors, they are always popular. Our mixed contains all the best. 15c. each. 6 for 80c, 12 for \$1.50 postpaid.

PÆONIES.

Once planted will last a lifetime. Produce most magnificent flowers in great profusion. Pink or Crimson, 25c each, 6 for \$1.25. Pure white, 30c each, 6 for \$1.50 all postpaid.

We pay Postage on Bulbs.

**OXALIS.**

Very handsome dark green clover-like foliage. Dainty little flowers, something the shape of forget-me-nots, add their share of beauty to this charming plant. Pretty to use in baskets.

WHITE, PINK, RED—Price of each separate color or mixture of three colors same price, 4 for 5 cts; 12 for 10 cts; 25 for 15 cts.; 50 for 40 cts. postpaid.

**GLOXIANIA.**

These are beautiful beyond description. The rich and many colored cup-shaped flowers, mounted on stiff stems, make a grand show against a background of velvety leaves. They flower quickly after planting. Why not start some for Easter decoration? We offer the choicest mixed. In them you'll find all the handsome kinds. 12c each; 3 for 30c.; 12 for 1.00 postpaid.

CALADIUM.

Elephant Ears—Is most effective for single plant on the lawn or massed in large beds. It has light green leaves, often 3 feet by 20 inches. Bulbs can be stored in a dry place and kept through the winter. Fine large bulbs 12c each; 3 for 30c postpaid.

**TUBEROSE**

EXCELSIOR PEARL—We handle nothing but the highest type of tuberose, hence we list this well known variety. It's of dwarf habit, very double. Succeeds best in a warm, sunny place. Flowers are a pure waxy white and very sweet scented. Grow about 18 inches high and stems bear a dozen or more flowers. Price 5 cts. each; 3 for 10 cts, 12 for 40 cts.

Choice GERANIUMS.

Price, 12c each; 3 for 30c.

"A. H. TREGO"—Flowers semi-double and of extraordinary size for a Geranium; a rich dazzling scarlet; rich foliage and strong growth; without question the finest scarlet Geranium on the market.

BEAUTE POITEVINE—Salmon color, good for bedding.

COUNTESS OF HARCOURT—Pure white, a free bloomer.

JEAN VIAUD—Flowers semi-double, rose pink with white eye; good in every respect.

S. A. NUTT—The best dark crimson bedder; also fine pot plant. 12c each; 3 for 30c, postpaid.

1 plant each of the 4 double and 4 single for 75c, postpaid.

CLYDE—Pure soft even scarlet; grand for both bedding and pot.

GRANVILLE—Nice long stemmed pink, good for both beds and pots.

L'AUBE—One of the finest single white Geraniums grown.

MRS. E. G. HILL—A most distinct and pleasing shade of salmon. Fine bloomer.

ROSE SCENTED GERANIUM—Grown for the fragrance of its foliage; rich deep pink.

IVY LEAVED GERANIUM—Pink, fine for baskets, pot plant and winter bloomer.

Roses and Plants.

Orders for Roses and Plants will be filled separately from seed or other orders and will be shipped as soon as the weather will permit

We make a specialty of fine Roses, sending out only good strong plants, in all instances as large as can be advantageously sent by mail.

When an entire collection is not desired, selection of any of the varieties offered may be made at 15c each, postpaid.

The La France Set.

The LA FRANCE SET—Price 33c, postpaid.

LA FRANCE—The old garden favorite, the queen of all Roses. No variety surpasses its silvery rose coloring.

DUCHESS OF ALBANY—This Rose is much like La France, except its color is more brilliant, it being a very gorgeous red.

CHAMPION OF THE WORLD—A lovely clear deep pink. Flowers large size.

PRINCESS BONNIE—A richer crimson was never seen in a Rose, while its fragrance is even more delicate than the La France.

Happy Home Collection.

Sixteen Hybrid Perpetual Roses for \$1.50, postpaid. The assortment comprises none but the most desirable varieties and will give pleasure to all purchasers.

ALFRED COLCUMB—Crimson. ANNE DE DEISBACH—Shell pink. CAPRICE—Striped pink and white. COQUETTE DES ALPS—Blush white. COQUETTE DES BLANCHES—Cream. FRANCOIS LEVET—Cherry red. GEN. JOCQUEMINOT—Scarlet. JOHN HOPPER—Rose pink. MAD. GABRIEL LUIZET—Coral. MAD. PLANTIER—White. MAGNA CHARTA—Pink. MRS. JNO. LAING—Pink. OAKMONT—Deep pink. PAUL NEYRON—Pink. ULRICH BRUNNER—Cherry Red. PRINCE CAMILLE DE ROHAN—Maroon.

Memorial Collection.

MEMORIAL COLLECTION (For cemetery planting)—Three hardy white roses for 30c, postpaid.

COQUETTE DES ALPS—Pure white, tinged with pink in the center; flowers are good size; a continuous bloomer.

COQUETTE DES BLANCHES—Similar to the one above except the center is cream instead of pink.

MME. PLANTIER—This fine variety is as ornamental as a Hydrangea. Flowers are pure white and double.

Sunflower Collection.

Six Hardy Everblooming Roses for 50c postpaid.

ETOILE DE LYON—A beautiful pure yellow tea rose, bearing flowers early and late. Stands both heat and cold. One of the best for general use.

ETOILE DE FRANCE—A grand, new velvety crimson rose, hardy and everyblooming. It is fine for cut flowers. Taken all in all it's one of the best of its class.

GRUSS AU TEPLITZ—Splendid new everblooming. This is the reddest of all red roses and one of the best for the amateur, who has no greenhouse and depends on the garden for flowers; it succeeds under most ordinary cultivation and conditions. The foliage is beautiful.

KAISERIN AUGUSTA VICTORIA—One of the finest white roses, combines all the good qualities.

KILLARNEY—Flowers are a rich rosy pink of large size; the buds are long and pointed.

WELLESLEY—A Hybrid Tea and free bloomer.

Big Four Collection.

Four of the best Hardy Red Roses for 40c, postpaid.

ALFRED COLCUMB—Extra large double cherry red flowers.

GEN. JACQUEMINOT—Rich crimson, very handsome in the bud. Introduced nearly fifty years ago, but still retains its popularity.

GEN. WASHINGTON—Soft, glossy scarlet; very double; very desirable on account of its abundance of Fall blossom when others blossom shyly.

ULRICH BRUNNER—The thornless, brilliant cherry red rose, a very good variety.

VEILCHENBLAU OR BLUE ROSE.

(Violet-blue seedling from Crimson Rambler.)

After years of effort rosarians have been rewarded by the production of a blue rose, which will be welcomed with the greatest interest by all lovers of the garden. This new climbing rose surpasses all others of recent introduction in having a pure blue color.

The flowers appear in large clusters, after the manner of the Crimson Rambler, are semi-double and of medium size. Upon first opening the color is partly bright red and partly bright rose, turning soon to a steel blue. The color is best described by saying that it resembles the color of early violets. This variety is a strong grower, has shining green foliage and few thorns. Be the first in your neighborhood to show this grand new novelty. 16c each; 2 for 30c postpaid.

"FLOWER OF FAIRFIELD", THE EVERBLOOMING CRIMSON RAMBLER.

For many years past it has been the endeavor of every rose grower to produce a climbing variety that would be of perpetual flowering habit. The many beautiful varieties of Rambler Roses were valuable acquisitions, but none of them could be called perpetual or everblooming, they producing only one crop of flowers during the season. The

Flower of Fairfield, however, is correctly termed a perpetual blooming variety. It commences flowering in the spring or early summer, and produces repeated crops of bloom until late in the autumn. It is a sport from the famous Crimson Rambler; it is of the same color, if not a shade more brilliant, and has better resisting power to the sun. Flower of Fairfield blooms very profusely on young wood the first year after planting. It is very effective for covering walls, trellises or arches, and is equally attractive for table decoration or other use as cut flowers. It has been taken up very enthusiastically by the florists in both Europe and this country, and we anticipate a demand that will far exceed the available supply this season. 16c each; 2 for 30c, postpaid.

BABY RAMBLER—The everblooming Dwarf Crimson Rambler, in bloom continuously.

This rose begins to bloom when very small, forming clusters of flowers as large as the Crimson Rambler. It is a brilliant red, of bushy habit, compact growth, forming plants 1½ feet high in a 6 inch pot. This rose bids fair to be the most popular for bedding, for it will bloom all summer. 20c each; 2 for 35c.

The following varieties are valued for training over arbors, trellises and verandas, etc. Price, 12c each; 3 for 30c, postpaid.

CRIMSON RAMBLER—This is a splendid rose, and another year's trial proves that it is perfectly hardy, making shoots 10 to 12 feet in a season. Produces 25 to 30 flowers in cluster, entirely covering the plant from the ground to the top with a mass of bright, glowing crimson. It has been very largely advertised and is very popular.

THE WHITE RAMBLER—Pure white, small, double flowers. It is a fitting companion for the Pink Rambler, closely resembling it in foliage as well as in the great cluster of pure white flowers.

DOROTHY PERKINS—A grand new sort remarkably like Crimson Rambler, but the flowers are more double and of a beautiful shell pink color. Very hardy.

CRIMSON RAMBLER ROSE.

HARDY FLOWERING SHRUBS.

SHRUB ORDERS MUST REACH US NOT LATER THAN APRIL 15. Plants begin growing after that time.

ALTHEA (Rose of Sharon)—Covered with rose-like flowers during Aug. and Sept., when other flowers are scarce. We have three colors; red, purple and white, all double. 12c each, 1 of each for 30c, postpaid.

SNOWBALL (Ordinary)—Price 12c each, 3 for 30c postpaid.

SNOWBALL (Japanese)—Very choice, both in foliage and white blossoms. Difficult to propagate, hence its higher price. Price 15c, 3 for 40c, postpaid.

HYDRANGEA PANTICULATA GRANDIFLORA (The Hardy Hydrangea)—Every branch is crowned with an immense panicle of fleecy white flowers, changing to a pink hue from Aug. to Oct. Price, 10c each, postpaid.

HYDRANGEA OTASKA—Japanese variety; produces immense heads of pink flowers. A little shade and plenty of water meets all their demands. Set away in the cellar to rest in the winter. Price, 16c each, postpaid.

HYDRANGEA THOS. HOGG—Large white. May be grown for lawn or pot plant on the veranda. Price, 15c each, postpaid. One each of Thos. Hogg and Ostaka for 30c postpaid.

SPIREA (Meadow Sweet)—This class of shrub will amply repay one with an abundance of flowers; easy cultivation, rapid growth, etc.

SPIREA PRUNIFOLIA (Bridal Wreath)—Double white, blossoming profusely the length of the branches.

SPIREA VAN MOUTTEI—A plant that sends up many tall shoots, which curve gracefully toward the ground loaded with white bloom in May or June.

SPIREA BUMALDA—A dwarf variety, rose colored flowers, bears all summer.

Price, 12c each; 5 or more at 10c each, postpaid.

SYRINGA (Mock Orange)—Price, 12c each; 2 for 20c, postpaid.

HARDY PERENNIAL PHLOX.

Among hardy plants none are more easily grown than these. They succeed well in ordinary soil, sending up an abundance of blossoms year after year with little care.

AUG. RIVIERE—Bright red. **COCINEA**—Scarlet. **COQUETTE**—White, with crimson eye. **CROSS OF HONOR**—White with band of rose in center of each petal, forming a maltese cross. **ECLAIR**—Reddish carmine with dark eye. **EDGAR QUINET**—Rosy amaranth. **ISABEY**—Orange salmon with crimson center. **LOTHAIR**—Soft, reddish pink, rose eye. **MADAME BENZANSOON**—Deep crimson. **PANTHEON**—Salmon rose, free flowering. **THE QUEEN**—Pure white.

Price of dormant roots, each 15c; 6 for 80c; 12 for \$1.50, postpaid.

RUBECKIA (Golden Glow)—Double. These are one of the handsomest ornamental plants for the garden, lawn or park. Easy to grow; sure to bloom great yellow flowers as fine as cultivated Chrysanthemums. Include this in your order and you will be pleased. Price, 10c each; 3 for 25c, postpaid.

HARDY CLIMBERS.

CLEMATIS—These ornamental hardy vines for house fronts or may be used with fine effect on fences, etc. We list the best varieties. **DUCHESS OF EDINBURGH**—Double white. **HENRYI**—Pure white. **JACKMANNI**—Flowers large, rich, velvety, produced in masses. **MADAM BARON VEILLARD**—Quite like its parent, Jackmanni, but color bright lavender. **MADAME EDOUARD ANDRE**—Nearest to red in the Clematis family. **PANICULATA**—Small flowers borne on long stems, in clusters, in August. **RAMONA**—Large lavender-blue flowers, often nine inches across. Price, 14c each; 3 for 30c; 1 each of the seven varieties for 60c, postpaid.

CINNAMON VINE—Very rapid climber, and will grow for years. Strong tubers, 10c each; 3 for 20c; 12 for 50c; postpaid.

BOSTON IVY—One of the most popular vines. Hardy and clings to any smooth surface. 12c each; 3 for 30c, postpaid.

HONEYSUCKLES.

BUSH—Red and white Tartarian, 12c each or 2 for 20c, postpaid. **CHINESE**—Reddish green foliage, red flower, buds when expanded shows cream petals. **HALL'S JAPAN**—Pure white flowers changing to yellow. Bloom from July to November. **MONTHLY FRAGRANT**—All the name implies; red and yellow blossoms. **SCARLET TRIUMPH**—Red trumpet-shaped flowers. Price 12c each; one of each variety for 40c postpaid.

ENGLISH IVY—Hardy; foliage dark green and glossy. Good for covering walls and ground where grass will not grow. Price, 12c each; 3 for 30c, postpaid.

WISTERIA—Valuable where tall growing vines are desired. Flowers are long and in clusters.

CHINESE PURPLE—12c each; 3 for 30c, postpaid.

PASSION FLOWER—A fine climber; flowers from 2 to 3 inches across; white with purple corona. Price, 12c each; 3 for 30c, postpaid.

CARNATIONS.

Price, 10c each; 6 for 50c, postpaid.

FLORA HILL—The largest white variety to date.

G. H. CRANE—The best large scarlet grown.

MRS. FRANCES JOOST—Pale pink salmon; large flowers, some measuring 3½ inches in diameter.

MRS. THOS. LAWSON—No plant has ever received so much description and free advertising from newspapers of the whole country as this Carnation, which is said to have sold for \$30,000. It is very large and beautiful shade of pink.

LADY BOUNTIFUL—Pure white, valuable for garden planting as well as under glass.

ENCHANTRESS—One of the recent introductions; an exquisitely delicate shade of shell pink; blooms early and continuously.

CHRYSANTHEMUMS.

Price, 12c each; 3 for 30c.

GEO. W. CHILDS—Deep rich crimson, long stiff stems. Leaves grow close to the flower.

GLORY OF THE PACIFIC—An early pink sort. Flowers are of immense size; plant has a dwarfish growth.

GOLDEN WEDDING—The grandest golden yellow Chrysanthemum ever offered.

IVORY—Pure white; fine for pot culture.

BLACK HAWK—Dark crimson; largest and best of its color.

COL. D. APPLETON—Deep golden yellow; perfect in shape and color as well as in foliage and habit of growth.

TIMOTHY EATON—Pure white blooms of immense size and of globular shape.

FINE FERNS.

BOSTON SWORD FERN—One of the most popular sorts. Splendid for pots, vases or hanging baskets, especially desirable grown in the wire hanging baskets in which they thrive well and make very ornamental plants. 25c, postpaid.

ASPARAGUS SPRENGERII—It is a fine plant for hanging baskets, with graceful drooping fronds. Sometimes 4 feet in length. The color of the foliage is a rich shade of green and will retain its freshness for weeks after being cut. Price, 15c each; 3 for 40c, postpaid.

ASPARAGUS PLUMOSUS NANUS—This variety is often called the Shaking Fern. Its fine, bright green, feathery foliage surpasses the Maiden Hair Fern in delicacy of texture. The sprays, after being cut off, will last for a long time and are indispensable as a green, in floral decorations. 15c each, postpaid; 3 for 40c.

12c each; 3 for 30c, postpaid.

COLEUS PLANTS.

COLEUS OR FOLIAGE PLANT—We offer a variety of Coleus, some of the most desirable for bedding.

GOLDEN BEDDER—Deep yellow variety.

FIRE GRAND—Dark crimson, shaded garnet.

JOHN GOOD—Light green, spotted yellow.

SHASTA DAISY.

The new giant Daisy is one of the best of Mr. Luther Burbank's productions, bearing only a slight resemblance to the common daisy. The new Shasta Daisies often measure 4 and 5 inches across and are borne on stems 2 to 3 feet long. They succeed anywhere and in hot or cold locations, blooming throughout the season in great profusion. 12c each; 3 for 30c, postpaid.

BOSTON SWORD FERN.

HARDY HERBACEOUS PLANTS.

To this class of plants belong those that are hardy. Once planted they live forever.

JAPANESE IRIS—This truly lovely Iris is among the most desirable summer flowering plants; many flowers measure from 10 to 12 inches in diameter. 12c each; 6 for 60c, postpaid.

LILY OF THE VALLEY—These dainty flowers should be in a moist, shady location. Once planted, the crowns increase each year, soon making a large bed, which blooms every year. Strong crowns; 6c each; 12 for 50c, postpaid.

BLEEDING HEART—One of the fine old favorites of Grandmother's garden. Produces rose colored heart-shaped flowers in abundance in April and May. Strong roots. Each 15c; 3 for 40c, postpaid.

UMBRELLA PLANT—This plant is as handsome as a fern or palm for decoration. It will grow in water and is useful for aquariums and fountains. Each 12c; 3 for 30c, postpaid.

DOUBLE PETUNIAS. Crimson, Pink, Maroon, White, Variegated, 12c each; 3 for 30c; 1 each of the 5 colors for 50c

R. S. GRIFFEE.
Manager Poultry Supply Dept.

Department of

Poultry Supplies.

FREE! MY BOOK, **"2 EGGS FOR 1"**

READ MY OFFER.

TO MY FRIENDS EVERYWHERE:

The Zimmerman Seed Co. has engaged me to look after your interest in the way of Poultry Supplies.

They have placed the entire management of this department in my hands with instructions to deal with you liberally, and so I shall.

Let's get together. First, I want to inform you that we are the largest Poultry Supply house in the State of

Kansas. We handle everything along this line, from a leg band to an incubator.

Now, then, you will agree with me, if you have been watching the markets, that the Poultry industry has taken some rapid strides (especially is this true of the past year), and at the present time it ranks next to that of agriculture, and yet there are a great many people throughout the country who have dollars upon dollars in the form of a hen, strolling about their back doors, who do not realize what a little care and attention to "Mrs Hen" will mean to them.

MY OFFER. For the benefit of those interested in Poultry, I have prepared, at considerable expense to the firm, a little Book, which I call "Two Eggs for One". I have gone into the details of Poultry raising, Egg production, etc., and give out many "secrets" unknown to the average Poultryman. In fact, I am conceited just enough to believe that my little Book comprises more valuable, interesting, and instructive Poultry literature than anything of the kind I have ever seen. There are many poultry books on the market today selling from \$1.50 to \$5.00 which do not contain the good, sound, practical "Hen sense" as will be found in my little book, "Two Eggs for One".

IT'S FREE, of course. Send stamp for postage and I will forward you a copy by return mail.

You need this book—send for it today.

And what's more: I want every one of you to feel at liberty to write me, at any time, concerning Poultry topics, and if you will enclose stamp for reply, I will take much pleasure in personally answering your letters, giving you the benefit of my experience, offer you suggestions, etc., and if I should happen not to know myself, I will secure for you any information you may desire, absolutely free of charge. With kindest regards and best wishes for your success, I am,

Very truly,

Your success means my success.

R. S. Griffiee

P. S.—Price list of Poultry Supplies, Incubators, Brooders, Granulated Bone, Bone Meal, Meat Meal, Meat Scraps, Oyster Shell, Clam Shell, Grits, Trap Nests, Coops, Feeding Fountains, Drinking Fountains, Remedies, etc., free on application.

THE CYCLONE SEED SOWER WITH LATE IMPROVEMENTS.

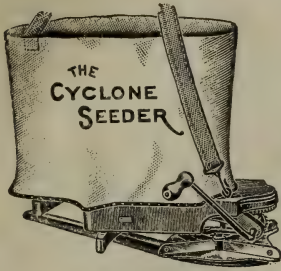

It differs materially and very advantageously from all other Sowers in having a slope feed-board with an oblong hopper which terminates in a metal edge on which oscillates a steel feed-plate which does not allow the seed to become clogged, but makes a positive force feed and insures a uniform flow and even distribution of seed.

The Machine is supplied with a recently patented interlock, double flange, non-solder tin distributing wheel and an automatic feed adjustment so that the seed can be let on or shut off instantly.

The right side of the Sower is concave in shape and rests nicely against the side of body just above the hip.

The crank-shaft being ABOVE THE DISTRIBUTING WHEEL brings both hands to nearly a level and gives the operator the easiest position possible with the left hand resting naturally in place to open or close feed instantly. The frame parts are made from well seasoned yellow poplar and the curved parts from tough sycamore. The machine is neatly finished, nicely painted, has a large, heavy duck hopper, and is specially recommended when a sower is wanted for sowing grain and any other variety of seeds. (Full operating directions with each machine.)

Price, \$1.50.

FOUNTAIN SPRAYER.

The best and most substantial compressed air sprayer on the market, Built and riveted like a boiler. Has a capacity of 8 gallons and is tested to a pressure of 50 lbs to the square inch. The operator simply holds the nozzle and the spray is continuous and automatic. Complete with hose, extra nozzles and directions for making the various mixtures. This sprayer is carried by strap over shoulder or like a satchel. Price complete \$5.00.

Plant Our Tested Seed.

LEE SPRAYER—Is made extra strong and can be laid down without spilling the contents. Will spray in any direction. The only one of its kind that will spray straight up. Price 50c. Postpaid 60c.

"KANT KLOG"—A slight pressure of the thumb starts the spray, remove it and the spray stops instantly. The body of this spray is made of galvanized steel tested under high pressure. The air-pump is of heavy brass. A safety-valve is provided to allow air to escape after correct pressure is obtained. Extra nozzles throwing different spray sent with each one. Sprayer holds 4 to 5 gals. It is a powerful spray and, we believe, one of the best. Price \$4.00

POWDER SPRAY—Used for applying Slug Shot and insect powders of all kinds. Is well made and gives perfect satisfaction. Price 60c. Postpaid 80c.

GLASS JAR SPRAYER—For applying insecticides in the form of a mist or vapor. The reservoir is made of glass; a regular Mason Jar will fit. Price 75c. Cannot be sent by mail.

SLUG SHOT. It is thoroughly reliable in killing Potato Worms, Chicken Lice, Mites, etc. It is a light, composit powder, easily distributed by dusting or spraying in water. It is harmless to anything but insects. Is certain death to Cucumber Beetles and Squash Bugs. Price 20c per lb., 8 lbs 50c., postpaid. By express or freight. 5 lbs 40c., 10 lbs 60c., 50 lbs \$2.50, 100 lbs \$4.50.

Weed Destroyer.

This will destroy weeds and grass in walks, pavements, etc. 1 gallon to 40 gallons of water. Qt 40c.; gal \$1.00.

A. I. ROOT BEE SUPPLIES.

Roots Bee Supplies have no equal. Compare them with any other make and you will see their great superiority. We carry a large stock of these celebrated goods.

STANDARD No. 12
Hill and Drill Seeder

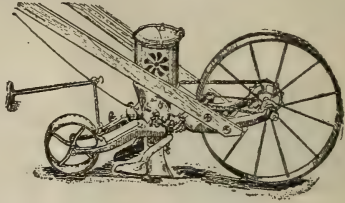

With all Attachments

Single wheel Hoe, Plow, Cultivator, Hill and Drill Seeder. A strictly first-class combination in every respect, very simple, few parts, easily understood, light to handle. Will plant any kind of garden seed in hills 4, 6, 8, 12 and 24 inches apart or drill in continuous row. Seeder is changed from hill dropping to drilling by slightly moving one part only. A special inner shoe is furnished for planting in a very narrow row.

Front wheel is wire 16 inches high with a wide tire which makes the seeder run easily. The feed is regulated with a brass thumb screw which allows the operator to get any amount of seed required. By taking out one bolt the seeder attachment can be removed to use as a cultivator. Shipping weight 45 lbs. Price complete as shown \$10.50
